human heart and mind against a wide backdrop of cultural and historical events. Profoundly personal yet socially astute, his work is both descriptively exact and allusive, engaging nature and art as well as family and friendship. For the two years before his death in 2019, Plumly worked with David Baker and Michael Collier, this book's two editors, to make preparations for the present volume. This *Collected Poems* contains nearly three hundred of his poems, including nine new previously unpublished ones, and stands as a permanent archive of Plumly's achievement in verse. As Plumly wished, *Collected Poems* does not categorize the poems by individual volume but presents a continuum of his lyric accomplishments. This book bears his gifts and his specific blessing, embodying his wish to offer his poems in reverse chronology, tracing back from the present to the very origins of his aesthetic. In every way it is the book Stanley Plumly wanted to be remembered by. *Collected Poems* gathers the full range of Plumly's talent as it charts the development of his unique and enduring contribution to the American lyric. The volume stands as a tribute to Plumly's artistic vision and will be welcomed by his many readers now and in the generations to come.

Articulate Flesh Gregory Woods, 1987-01-01

Arguing that homosexual poetry is part of the mainstream of poetic writing, not a distinct and differentiated category within it, Gregory Woods provides a fastidious study of homosexual poetry in the twentieth century that emphasizes the homoerotic themes in the works of D. H. Lawrence, Hart Crane, W. H. Auden, Allen Ginsberg, and Thom Gunn. Woods's controlled and elegant study demonstrates that a critic who ignores the sexual orientation of a poet, particularly a love poet, risks overlooking the significance of the poetry itself.

Poetry Today Anthony Thwaite, 1985

This survey of contemporary British poetry from 1960-1995 provides a succinct overview of British poets, movements, and themes, ideal for English courses and the general reader alike. This edition has been revised to include poets who have recently come into prominence, as well as considering influences from abroad and the effect of other translations, such as those from Eastern European poets.

Jewish American Literature Jules Chametzky, 2001

A collection of Jewish American literature written by various authors between 1656 and 1990.

A Reader's Guide to Fifty Modern European Poets John Pilling, 1982

From the Blurb: The last century and a quarter has been one of the most fertile periods for poetry in Europe, and there has been a corresponding increase in interest among English-speaking readers. Although the debate about whether poetry is translatable continues, John Pilling believes that this growing readership is evidence of a substratum present in every poetic utterance which enables it to survive and withstand translation. Indeed, it would be a remarkable linguist who could tackle all the writers included here in their original language, and it would be an enormous loss to refuse to do otherwise. Apart from the five main European tongues—French, German, Italian, Spanish, Russian—the study includes poets writing in Portuguese, Serbo-Croat, Polish, and Greek. The book opens with a consideration of the great French poets: Baudelaire, Mallarmé, Verlaine, Rimbaud, who must be the starting point of any survey of modern European poetry. The author goes on to consider the brilliant generation of Russians writing before and during the Revolution: Akhmatova, Mandelstam, Tsvetaeva, Mayakovsky. He does not, however, neglect the more diverse strands in the rest

of Europe including for the purposes of this study the important work being done in Spanish America by Paz Neruda and Borges For each poet the author gives a brief outline of his or her life and major publications then a more detailed consideration of their poetic oeuvre placing it in its context There is also a very detailed and extensive bibliography The book is aimed at the non specific reader who wants a straightforward guide to a diverse and very rich area of contemporary writing Above all it is intended to encourage the reader to return to or discover for the first time the poetry itself
