Forty Fathers Tessa Lloyd, 2019-10-19 When Tessa Lloyd's sons in law became fathers she searched for resources that would help inspire them especially parenting stories from other fathers However that book didn't seem to exist As a counsellor for children and families Lloyd understood the ways a father child relationship can have a lasting effect through the generations Seeing a need Lloyd decided to gather these stories herself This resulting volume collects the stories and portraits of forty Canadian fathers who open up about both their own fathers and their deeply personal parenting experiences This diverse group includes Prime Minister Justin Trudeau writer Lawrence Hill academic Niigaan Sinclair athlete Trevor Linden restaurateur Vikram Vij anthropologist Wade Davis musician Alan Doyle artist Robert Bateman and philanthropist Rick Hansen The contributors reflect on their varied parenting experiences and challenges including parenting while incarcerated parenting across cultural barriers parenting through divorce parenting while transgender parenting as a celebrity and parenting with a disability Many common themes emerge throughout the stories including the process of overcoming cultural messages that encourage men to be strong authoritarian and emotionally unavailable The stories are extraordinarily candid and vulnerable as the fathers describe their own failings regrets and childhood traumas as well as the humbling process of trying to do better In one anecdote Dr Greg Wells describes the experience of meeting another father walking the empty streets at three a.m. with an infant and how that moment of shared recognition gave him strength at a difficult time The stories in this book offer a similar glimpse into the shared experiences and trials of fatherhood but also offer fascinating reflections on the more universal experiences of finding one's place within a family and striving to be a

better person for the sake of others **Daddy: Reflections of Father-Daughter Relationships** K E Garland, 2018-04-30 A father's presence is important in a daughter's life. He is the first man a little girl sees and knows. He demonstrates how men relate to women. But what happens when the father-daughter relationship is dysfunctional? Daddy answers that question. Included are fourteen memoirs that describe the impact a failed father-daughter relationship can have. These women share essays and narratives that detail various stages of breakdown. Whether an event occurred in childhood, adolescence, or adulthood, each story explains how their father's physical, emotional, or psychological abandonment has affected them. The book is separated into two parts. Part I shows the proverbial truth in the phrase "hurt people hurt people." While some stories confirm why or how men mistreat their daughters, others show how daughters sometimes internalize neglect and continue the cycle, either with the relationship they have with themselves or others. Part II illustrates how compassion can lead towards a path of inner peace and happiness, no matter the state of the relationship. *Kentucky Countryside in Transition* Stephanie Bower, 2024-01-12 *Kentucky Countryside in Transition* charts the rise of the American middle class at the turn of the twentieth century by examining the migration from the Kentucky countryside to the city and subsequently the suburbs of Louisville. The formation of the middle class in Louisville was fostered by two factors: a boom in white-collar employment and the electric streetcar, an innovation that fundamentally changed the urban landscape. Ultimately, a narrative of industrialization and modernity, this study focuses on a group of forty-two families who lived at the end of the Broadway Trolley line in an area that came to be known as the Cherokee Triangle. This suburban neighborhood was dominated by white-collar commuters who were driven to Louisville by a desire to get ahead but continued to embrace a nostalgia for country life. In this meticulous three-generation study, Stephanie Bower follows this group of families as they make the transition from rural farmers and cultivators to city laborers and white-collar workers. By mining census records, city directories, and county records, Bower carefully reconstructs the biographical details of residents in an effort to paint a picture of life in this streetcar suburb during this important period of transformation. Regional studies of the middle class during this pivotal era are often overlooked in contemporary scholarship. Consequently, this analysis will be of interest to those researching Louisville middle-class formation and suburbanization, as well as to local genealogists tracing their family histories. Stephanie Bower is professor emerita of history at the University of Indiana Southeast. She is the author of *Famism: The Impact of Demographic Factors on Family Structure* and her articles have appeared in *Hispanic American History Review*, *The Americas*, *LOCUS*, and *Historical Methods*. *Truth, Trust And Relationships* Barbara R. Krasner, Austin J. Joyce, 2013-06-20 The authors identify and address a dialogic way of address and response as the fundamental means of healing in relationships, especially in the family, viewing residual trust as the keystone of the dialogic process. **The Madras Weekly Notes**, 1915 **The Shame Factor** Robert Jewett, Wayne Alloway, John G. Lacey, 2010-10-15 This volume deals with the varied forms of shame reflected in biblical, theological, psychological, and anthropological sources. Although traditional

theology and church practice concentrate on providing forgiveness for shameful behavior recent scholarship has discovered the crucial relevance of social shame evoked by mental status adversity slavery abuse illness grief and defeat Anthropologists sociologists and psychologists have discovered that unresolved social shame is related to racial and social prejudice to bullying crime genocide narcissism post traumatic stress and other forms of toxic behavior Eleven leaders in this research participated in a conference on The Shame Factor sponsored by St Mark s United Methodist Church in Lincoln NE in October 2010 Their essays explore the impact and the transformation of shame in a variety of arenas comprising in this volume a unique and innovative resource for contemporary religion therapy ethics and social analysis **Subjective Darkness**

Meredith Lynn Friedson,2017-01-04 In this book depression is explored as a form of loss that manifests itself as an inability to connect with others to narrate one s own existence to derive meaning from life experiences and ultimately to symbolically represent one s inner world This loss has the capacity to evolve into a chronic condition that can be seen as a form of subjective darkness A hermeneutic interpretative phenomenological approach is used that seeks to preserve the individual voices of each narrative while embedding their stories in theoretical and current literature on depression The clinical cases of five individuals are used to elucidate some common characteristics of depressive experience Themes of loss death darkness the intergenerational transmission of trauma and unmetabolized pain are explored through a psychoanalytic lens that seeks to shed light on the underlying dynamics of chronic depression **Adult Children of Divorce** Elizabeth

Astrology Sue Tompkins,2002-09-01 Illustrates how aspects can offer a profound depiction of an individual and his or her destiny Contains comprehensive sections full of interpretations for every planetary combination Concepts are explained through the use of actual birth charts and diagrams A core textbook at the Faculty of Astrological Studies in London Aspects

are an essential piece of the astrological puzzle when it comes to interpreting and using the information that astrology can give us. It is not enough to know the placement of the planets on the horoscope. It is the relationships between the stars and planets that let us grasp the destiny of the individual. Aspects describe the drama of our lives, the complex configurations that influence what will happen to us over time. Sue Tompkins, a fellow of the Faculty of Astrological Studies in London, shows how to interpret aspects when doing daily astrological readings. She uses the lives of real people to plot the aspects and offers examples of every possible planetary combination. Detailing the influence of oppositions, trines, and elemental trines and cardinal mutable and fixed crosses, Tompkins shows how aspects provide the energy in the chart that transforms the horoscope into something symbolizing an alive and vital human being. With *Aspects in Astrology*, Tompkins provides both the novice and the experienced astrologer the evidence and concrete methods needed to grasp the vast knowledge offered to us by our horoscope.

Ordinary Relationships J. Brownlie, 2014-08-26 Recent theorizing tends to position ordinary relationships as something we have lost, yet the nature of these relationships is not seriously engaged with. Drawing on rich empirical data, this book questions epochal claims about contemporary emotional lives, setting out to be explicit about the nature of ordinary relationships.

Court of Appeals of the State of New York, June 1967 in Personal Stories of Palestinians and Israelis Regina F. Bendix, Aziz Haidar, Hagar Salamon, 2022 The clash of June 1967, called by Israelis the Six Day War and by Palestinians the Naksa setback, is a critical milestone within the longstanding Israeli-Palestinian conflict. Despite all the scholarly attention, ever since there remain unheard voices and untold stories. It is the personal stories of people in the region that are at the center of this book. How do they remember 1967? How were their lives affected, even changed dramatically, as a result of that short war? Listening to their stories, as told some 50 years later, an incomplete tapestry of memories and understandings emerges. This book is the product of a research collaboration among Palestinian, Israeli, and European folklorists, cultural anthropologists, and sociologists. The personal stories were collected in the framework of interviews with men and women from all walks of life, on the days before, during, and after this dramatic confrontation. The book is comprised of eleven chapters based on a corpus of several hundred conversations, as well as eight representative interviews. Together, they afford insight into differential memories and sensations, visions of euphoria and despair, newly revived hopes, pain, and disappointment, disillusionment, and repentance.

Forty Years of Sacred Space Dr. Patrick Donovan, 2013-11-01 After forty-three years in the sacred space of caring for patients, Dr. Donovan shares his observations and thoughts about illness and healing. He believes illness serves us by acting as life's transformative process. As such, the journey through our illness may be precisely the very experiential journey we need to realize our healing and ourselves more fully. After all, we don't get cancer. Cancer, like any illness, is a process. We are the cancer we manifest. Our cancer arises out of our own tissues and cellular make-up. To rid ourself of our cancer is to rid ourself of a part of ourself. Instead of thinking about illness as something we get, something separate from ourselves needing to be removed or defeated,

Dr Donovan thinks we might well do better viewing our illness as a transformational journey that must be undertaken and completed for our healing to emerge We cant get rid of our selves but we can transform ourselves and our illness provides us with that opportunity It allows us our healing The Baptist visitor ,1881 A Parent-Partner Status for American Family Law Merle H. Weiner,2015-09-17 Despite the fact that becoming a parent is a pivotal event the birth or adoption of a child has little significance for parents legal relationship to each other Instead the law relies upon marriage domestic partnerships and contracts to set the parameters of parents legal relationship With over forty percent of American children born to unwed mothers and consistently high rates of divorce this book argues that the law s current approach to regulating parental relationships is outdated A new legal and social structure is needed to guide parents so they act as supportive partners and to deter uncommitted couples from having children This book is the first of its kind to propose a new parent partner status within family law Included are a detailed discussion of the benefits of the status as well as specific recommendations for legal obligations The Heart of Yoga T.
