The Internal Revenue Service IRS is a powerful agency that collects taxes from individuals and businesses While the IRS is responsible for enforcing the tax laws it is also supposed to be fair and impartial in its dealings with taxpayers However numerous cases of IRS abuse have been reported ranging from unfair audits to aggressive collection tactics This book exposes the systemic problems within the IRS that have led to the abuse of taxpayers Through real life stories and expert analysis we reveal the IRS s unfair tactics its history of misconduct and its lack of accountability We also provide practical advice on how taxpayers can fight back against the IRS and protect their rights In this book you will learn about The IRS s history of misconduct including its targeting of innocent taxpayers and its use of fear and intimidation tactics The IRS s unfair tactics such as its aggressive audits its frivolous penalties and its unfair collection practices The IRS s lack of accountability including its lack of oversight and its failure to provide taxpayer service We also provide practical advice on how taxpayers can fight back against the IRS including How to stand up to the IRS and win your case How to get the IRS to apologize for its mistakes How to recover your losses from the IRS How to prevent the IRS from abusing other taxpayers If you have ever been audited by the IRS or if you are simply concerned about the IRS s power then this book is for you This book is a call to action for taxpayers and policymakers alike We must demand that the IRS be held accountable for its actions and that it be reformed to ensure that it treats taxpayers fairly Only then can we restore the public s trust in the tax system and protect the rights of all Americans If you like this book write a review Politics, Taxation, and the Rule of Law Donald P.
