Thomas Jefferson and the Fight against Slavery Cara Rogers Stevens, 2024-01-29 In this groundbreaking work Cara Rogers Stevens examines the fascinating life of Thomas Jefferson's book Notes on the State of Virginia from its innocuous composition in the early 1780s to its use as a political weapon by both pro and antislavery forces in the early nineteenth century Initially written as a brief statistical introduction to Virginia for French readers Jefferson's book evolved to become his comprehensive statement on almost all facets of the state's natural and political realms As part of an antislavery education strategy Jefferson also decided to include a treatise on the nature of racial difference as well as a manifesto on the corrupting power of slavery in a republic and a plan for emancipation and colonization In consequence his book for better or worse defined the boundaries of future debates over the place of African descended people in American society Although historians have rightly criticized Jefferson for his racism and failure to free his own slaves his antislavery intentions for the Notes have received only cursory notice partly because the original manuscript was not available for detailed examination until recently By analyzing Jefferson's complex revision process Thomas Jefferson and the Fight against Slavery traces the evolution of Jefferson's views on race and slavery as he considered how best to persuade younger slaveholders to embrace emancipation Rogers Stevens then moves beyond Jefferson to examine contemporary responses to the Notes from white and black intellectuals and politicians concluding with an attempt by Jefferson's grandson to implement elements of the Notes's emancipation plan during Virginia's 1831 1832 slavery debates

feminist civil rights and environmentalist activism African American thinkers and activists have long engaged with American Transcendentalist ideas about double consciousness nonconformity and civil disobedience When thinkers like Martin Luther King Jr or W E B Du Bois invoked Transcendentalist ideas they were putting to use an intellectual movement that black radicals had participated in since the 1830s Enforcing Mauritania's Anti-Slavery Legislation Rebecca Martin,2015 Despite the passing of an anti slavery law in 2007 slavery remains widespread in Mauritania particularly among the country's large Haratine population Those living in slavery are regularly beaten intimidated forcibly separated from their families and subjected to a range of other human rights violations including sexual assault Enforcing Mauritania's Anti Slavery Legislation The Continued Failure of the Justice System to Prevent Protect and Punish a joint publication by Anti Slavery International ASI Minority Rights Group International MRG Society for Threatened Peoples STP and the Unrepresented Nations and Peoples Organization UNPO outlines the systematic failures of Mauritania's justice system to provide redress to slavery victims While the 2007 legislation contained a range of provisions criminalizing slavery with specified penalties for its perpetrators its implementation has in practice been obstructed by a persistent failure to identify or prosecute incidents of slavery Drawing on a number of documented case studies the report highlights how anti slavery provisions are routinely violated at every stage of legal proceedings with police prosecutors and judicial representatives frequently refusing to process reported cases of slavery or take adequate legal action against those guilty of the practice As a result this abusive practice continues to flourish in a climate of impunity Consequently the approval in August 2015 of a new anti slavery law strengthening the provisions of the previous legislation and expanding its definitions though a welcome step forward is unlikely to address the root causes of the practice without sustained commitment from Mauritanian authorities at every level In addition many of its provisions fall short of those recommended by the UN and human rights activists The report therefore outlines a series of recommendations to realize Mauritania's commitment to eradicate slavery with an emphasis on further legal reform increased capacity for anti slavery enforcement training of officials greater empowerment of civil society organizations and a comprehensive system of support for slavery victims **Fighting Chance** Faye E.
