*Fighter Pilot* William R. Dunn,2014-04-23 At the age of twelve American William R Dunn decided to become a fighter pilot In 1939 he joined the Canadian Army and was soon transferred to the Royal Air Force He was the first pilot in the famous Eagle Squadron of American volunteers to shoot down an enemy aircraft and later became the first American ace of the war After joining the U S Army Air Corps in 1943 he saw action in the Normandy invasion and in Patton s sweep across France Twenty years later he fought again in Vietnam Dunn keenly conveys the fighter pilot s experience of war the tension of combat the harsh grip of fear the love of aircraft the elation of victory the boisterous comradeship and competition of the pilot brotherhood *Fighter Pilot* is both a gripping story and a unique historical document

**Great American Fighter Pilots of World War II** Robert Duane Loomis,1961 Accounts of the heroic fighter pilots who won the battle of the skies for America in World War II

*Fighter Pilots of World War II* Robert Jackson,1976-01-01

*The Jagged Edge of Duty* Robert L. Richardson,2017-04-15 The World War II fighter pilot story On the very first day of the invasion of Sicily three months into his combat career Allan Knepper flew his P 38 Lightning fighter in a squadron sent out to sweep the island and interdict German ground targets Retreating German infantry unexpectedly pounded the American flyers Knepper was one of two shot down he was never found Knepper s story is the story in microcosm of thousands of American fighter pilots in World War II Richardson recounts Knepper s experiences from training through combat and uses them to discuss the aircraft tactics and doctrine training base life and aerial combat of the war This is the intimate account of one pilot at war but also the anatomy of the fighter pilot experience in World War II

**First Fighter Ace** Stanislaw Skalski,2017-08-01 Stanislaw Skalski was the top Polish fighter ace and the first Allied fighter ace of World War II His combat career began on the war s very first day September 1 1939 and within two weeks Skalski had achieved ace status with six German kills to his credit After Poland s surrender Skalski and other Polish pilots ended up in England to join the Royal Air Force during the Battle of Britain He later took command of the Polish Fighting Team known as Skalski s Circus which claimed twenty six enemy aircraft shot down in a mere two months in North Africa Skalski then became the first Pole to command an RAF squadron which he led in Sicily and Italy until he took over a Polish fighter wing and saw action in France after D Day According to official tallies he had scored some twenty aerial victories

Dumb but Lucky! Richard Curtis,2005-06-28 Second lieutenant Dick Curtis arrived in Italy in May 1944 twenty years old and part of a shipment of P 51 Mustang fighter pilots so desperately needed that they were rushed into combat with less than thirty hours of flight time in their new high performance aircraft Six of the twelve pilots assigned to the 52nd Fighter Group were shot down in the first two weeks By his ninth mission Curtis was the only one still flying A maverick he barely escaped court martial with his high flying antics Escorting bombers sent to pound heavily defended oil fields was risky enough but strafing the enemy supply lines ports and airfields was even more dangerous Curtis

may chalk up his success to dumb luck but these missions took exceptional skill and courage This hair raising account captures the air war in all its split second terror and adrenaline pumping action *Fighter Pilots of the RAF 1939-1945* Chaz Bowyer,2000-09-13 The author has selected some twenty RAF fighter pilots of the Second World War not only to give overdue recognition to their prowess and courage but also to exemplify the wide diversity of the individual characters of those men whose war was fought from the cockpit of an RAF fighter A few were familiar names but most received little or no public acclaim being part of the silent majority which provided the real spine of the RAF s fighter effort throughout the conflict *Fighter Pilots* David West,James Field,2008-01-15 Sketches featuring three famous fighter pilots presented in graphic novel format accompany information about the history of fighter planes and requirements for the job of fighter pilot

**Fighter Pilots of World War 1** Robert JACKSON,1977 **Fighter Pilots in World War II** Bruce Barrymore Halpenny,2004-09-19 This is the story of Allied fighter pilots and the part they played in all the principal operational theatres of World War II It also tells of life on the wartime airfield and how ground crew kept the aircraft ready for action either in the bitter cold of a Scottish winter or the sweltering heat of the North African desert The book brings home the nervous strain caused by the constant readiness demanded by all those involved with fighter squadron combat and the intense comradeship created in each fighting unit **Aces Over the Oceans** Edward H. Sims,1987 *Fighter Pilots* Tim Ripley,2015-07-15 Military careers are full of interesting opportunities Fighter pilots are among the most selective careers in the military This book tells what it s like to be a fighter pilot outlines the training you will need and determines what it takes for someone to get to the top of this fighting force **The Mammoth Book of Fighter Pilots** Jon E. Lewis,2011-08-04 From yesteryear s flying aces to today s top guns Veteran anthologist Jon E Lewis has assembled firsthand accounts from all the great military campaigns of aerial warfare including World Wars I and II the Spanish Civil War Korea Vietnam the Falklands the Gulf and Bosnia Page after exciting page of this singular collection brings into vivid play the exploits of such legendary pilots as Manfred von Richtofen Eddie Rickenbacker Douglas Bader and Johnnie Johnson the Luftwaffe World War II aces Heinz Knoke Gerd Barkhorn and Johannes Steinhoff and forty other brave airmen from America Britain France Japan Russia and North Korea Here too are the planes in which these pilots flew into modern historythe Spitfire the Mustang the Me 109 the Zero the F 16 the MiG and the Harrier Together with the death defying drama of combat this volume vividly captures other facets of the fighter pilot s life including the perils of bailing out in enemy territory the daily horrors of internment in a Japanese POW camp and a harrowing account of being shot down in a blazing Spitfire The true life aerial combat adventures in this stirring collection provide a vicarious adrenaline fueled expedition into the shell blasted skies of war in the twentieth century **I Flew for the Führer** Heinz Knoke,2020-12-14 Heinz Knoke was one of the outstanding German fighter pilots of the Second World War This vivid first hand record of his experiences has become a classic among aviation memoirs and is a fascinating counterbalance to the numerous accounts written by Allied pilots Knoke joined the Luftwaffe on the outbreak of war and

eventually became commanding officer of a fighter wing An outstandingly brave and skillful fighter he logged over two thousand flights and shot down fifty two enemy aircraft He had flown over four hundred operational missions before being wounded in an astonishing last stand towards the end of the war He was awarded the Knight s Cross for his achievements In a text that reveals his intense patriotism and discipline he describes being brought up in the strict Prussian tradition the rise of the Nazi regime and his own wartime career set against a fascinating study of everyday life in the Luftwaffe He also reveals the high morale of the force until its disintegration His memoirs are both a valuable contribution to aviation literature and a moving human story

*Fighter Pilot* Ray E. Boomhower,2010 On the morning of June 19 1944 as U S troops were battling Japanese forces on Saipan in the Mariana Islands in the Pacific American pilots based on aircraft carriers offshore rushed to their planes to protect their fleet from an enemy attack from the air Calling the mission a once in a lifetime fighter pilot s dream when he spotted a large mass of enemy planes bearing down on the U S ships one navy pilot from Indiana Alex Vraciu flying a Hellcat fighter from the USS Lexington pounced on the Japanese and shot down six dive bombers in just eight minutes Written by award winning biographer Ray E Boomhower *Fighter Pilot The World War II Career of Alex Vraciu* the sixth volume in the Indiana Historical Society Press s youth biography series examines the daring exploits of the Hoosier flier during his wartime career A graduate of DePauw University Vraciu learned to fly during his college years through a government program and joined the navy before America was thrust into the war following the Japanese attack on Pearl Harbor on December 7 1941 Possessed with keen eyesight quick reflexes excellent shooting instincts and a knack for finding his opponent s weak spot Vraciu became skilled in the deadly game of destroying the enemy in the skies over the Pacific Ocean For a period of four months in 1944 Vraciu stood as the leading ace in the U S Navy He shot down nineteen enemy airplanes in the air destroyed an additional twenty one on the ground and sank a large Japanese merchant ship with a well placed bomb hit Vraciu s luck however finally ran out on December 14 1944 during a strafing run against a Japanese airfield before the American invasion to retake the Philippines Luckily he was almost immediately rushed to safety by a small group of U S Army in the Far East guerrillas who had been battling the Japanese in the area for the past few years The navy pilot spent the next five weeks with the guerrillas receiving the honorary rank of brevet major while with them Vraci finally marched into an American camp carrying with him a captured Japanese Luger pistol and sword Amazon com

**Fighter Aces of the Luftwaffe in World War II** Philip Kaplan,2007-03-22 This book examines the reality behind the myths of the legendary German fighter aces of World War II It explains why only a small minority of pilots those in whom the desire for combat overrode everything accounted for so large a proportion of the victories It surveys the skills that a successful fighter pilot must have a natural aptitude for flying marksmanship keen

eyesight and the way in which fighter tactics have developed The book examines the history of the classic fighter aircraft that were flown such as the Messerschmitt Bf 109 and the Focke Wulf Fw 190 and examines each type's characteristics advantages and disadvantages in combat The accounts of the experiences of fighter pilots are based on archival research diaries letters published and unpublished memoirs and personal interviews with veterans The pilots included are Werner Molders Gunther Rall Adolf Galland Erich Hartmann and Johannes Steinhoff *Fighter Pilots of World War I* Robert Jackson, 2017-08-30 Robert Jackson selects and writes about the fighter pilots of World War I who were fresh out of school unprepared for the terrors of War that greeted them Through vivid descriptions that portray the gruelling truth of War Jackson transforms this historical novel into a gripping masterpiece The sky is filled with layers of smoke as the planes fall like meteors onto the burning grounds below evoking the tension and terror felt by the youthful pilots as the reality of War becomes clear Those who were more afraid suffered more quickly in this deadly battle as each man learnt that only acting with extreme caution would give them some hope of survival As the novel continues it becomes clear that very few remained to pass on the lessons that they learnt to future generations but many names will be remembered for decades to come Jackson displays the story of just some of the young men British French American and German who fought for the mastery of the sky between 1914-1918 the Aces whose names still hold significance today Praise for Robert Jackson Takes you to the heart of the action Tom Kasey best selling author of Cold Kill Robert Jackson was born in Yorkshire in 1941 and was a fulltime author from 1969 specializing in aviation and military history He speaks five different languages and has flown a variety of aircraft and also lectures on pilot navigation and acts as a consultant to a helicopter company in North East England
