Fighter Planes General Publishing Company, Limited, Running Press, Running Press Book Publishers, Running Press Miniature Editions, 1990-01-01 *The Great War Through Picture Postcards* Guus de Vries, 2016-01-30 During World War I the picture postcard was the most important means of communication for the soldiers in the field and their loved ones at home with an estimated 30 billion of them sent between 1914 and 1918 A Postcard from home offered the soldier in the trenches a short escape from their daily hell while receiving a postcard from the man on the front line was literally a sign of life These postcards create a vivid record of life at home and abroad during the Great War both from the messages they carries and the pictures on the cards themselves The depiction of war on the contemporary postcards is extremely diverse The ways in which the postcards depict the war differs greatly from simple enthusiasm patriotism and propaganda to humour satire and bitter hatred Other portray the wishes and dreams nostalgia homesickness and pin ups of the soldiers the technological developments of the armies not to mention the daily life and death on the battlefield including the horrific reality of piles of bodied and mass graves Altogether this extraordinarily vivid contemporary record of the Great War offers a unique and details insight on the minds and mentality of the soldiers and their families who lived and died in the war to end all wars Postcard America Jeffrey L. Meikle, 2016-01-20 From the Great Depression through the early postwar years any postcard sent in America was more than likely a linen card Colorized in vivid often exaggerated hues and printed on card stock embossed with a linen like texture linen postcards celebrated the American scene with views of majestic landscapes modern cityscapes roadside attractions and other notable features These colorful images portrayed the United States as shimmering with promise quite unlike the black and white worlds of documentary photography or Life magazine Linen postcards were enormously popular with close to a billion printed and sold Postcard America offers the first comprehensive study of these cards and their cultural significance Drawing on the production files of Curt Teich Co of Chicago the originator of linen postcards Jeffrey L Meikle reveals how photographic views were transformed into colorized postcard images often by means of manipulation adding and deleting details or collaging bits and pieces from several photos He presents two extensive portfolios of postcards landscapes and cityscapes that comprise a representative iconography of linen postcard views For each image Meikle explains the postcard s subject describes aspects of its production and places it in social and cultural contexts In the concluding chapter he shifts from historical interpretation to a contemporary viewpoint considering nostalgia as a motive for collectors and others who are fascinated today by these striking images **Stratford** John D. Calhoun, Lewis G. Knapp, 2004 What was Stratford like early in the last century Postcards recorded important scenes and activities Local shops often made up their own cards and folders which residents collected and shared with friends and relatives This postcard history of Stratford draws on such cards to show commercial and recreational life in the town s neighborhoods and along its shore Cards depicting the early aviation industry and little known 1912 army maneuvers in

Stratford are included here Informative captions expand on these images with stories about the town and its people

Postcards from the Past Charles Clayton, 2016-06-30 A collection of prose with many photographs to dip into and find items of interest It includes a novella and a short story along with reminiscences from places as far apart as Greece and the Pacific Arabia and Africa to the Antarctic Much of the book is autobiographical written from jottings made whilst waiting at airports or during long train and coach journeys over the past thirty years

Propaganda Postcards of the Luftwaffe James Wilson, 2007-03-30 Propaganda Postcards of the Luftwaffe focuses on the efforts of the powerful Nazi propaganda machine to promote the technical achievements and might of the then newly created German airforce The Luftwaffe had been announced to the world in March 1935 despite the restrictions contained in the Versailles Treaty signed after the First World War denying Germany the right to develop military aircraft All major aircraft types used by the Luftwaffe together with many lesser known obscure and secondary types are represented in this book There is a section covering the main figures of the Luftwaffe and the leading aces who flew the aircraft The German Air and Propaganda ministries worked together and using professional photographers produced quality images which were then made available to the general public in an attempt to inspire the nation and create strong moral

Nationhood and Nationalism in France Robert Tombs, 2003-09-02 Leading international historians examine the impact of nationhood and nationalism on French life World renowned contributors many publishing for the first time in English include Eugene Weber Zeev Sternhell Pierre Sorlin and Jean Claude Allain

Hunch Berlage Instituut, 2002-02 Postcards from the Trenches Irene Guenther, 2018-11-01 German art student Otto Schubert was 22 years old when he was drafted into the Great War As the conflict unfolded he painted a series of postcards that he sent to his sweetheart Irma During the battles of Ypres and Verdun Schubert filled dozens of military issued 4 x 6 cards with vivid images depicting the daily realities and tragedies of war Beautifully illustrated with full color reproductions of his exquisite postcards as well as his wartime sketches woodcuts and two lithograph portfolios Postcards from the Trenches is Schubert's war diary love journal and life story His powerful artworks illuminate and document in a visual language the truths of war Postcards from the Trenches offers the first full account of Otto Schubert soldier artist of the Great War rising art star in the 1920s prolific graphic artist and book illustrator one of the degenerate artists defamed by the Nazis and a man shattered by the Second World War and the Cold War Created in the midst of enormous devastation Schubert's haunting visual missives are as powerful and relevant today as they were a century ago His postcards are both a young man's token of love and longing and a soldier's testimony of the Great War

Postcards from the Sky Erin Seidemann, 2025-07-30 The aviation world is a man's world it always has been and it continues to be so today In fact women make up a mere 5 to 6 percent of the total pilot population worldwide But from the first time Erin Seidemann experienced what it was like to see the world from a small plane's perspective she was hooked and she's spent much of her time since then fighting her way into becoming one of that 5 to 6 percent Postcards from the Sky

Adventures of an Aviatrix tells of the struggles and adventures one encounters as a woman in the male dominated space of aviation With humor and equanimity Seidemann recounts her varied experiences as a female pilot from the chauvinistic flight instructor she makes the mistake of falling in love with to the many many customs agents who insist she can't possibly be her plane's owner Where's your boyfriend while at the same time giving insight about just what makes flying so incredible and so very addictive Frank funny and full of adventure Postcards from the Sky is an entertaining foray into a world few women have dared enter A Postcard View of Hell: One Doughboy's Souvenir Album of the First World War Frank Jacob, Mark D.

Van Ells, 2019-09-30 For many the postcard may seem trivial little more than a mundane souvenir or a way to keep in touch with friends and relatives while on vacation But if we look carefully postcards offer valuable insights into the time periods in which they were created and the mentalities of those who bought or sent them Frank Marhefka while serving in the U S Army Motor Transportation Corps during the First World War amassed a collection of more than 150 postcards and photographs while in France and bound them into a souvenir album Marhefka's collection provides a diverse and vivid look into a period of history that in many soldiers' accounts is not usually visualized with all its cruelties Emphasizing the pictorial turn of the Great War this album offers personal insight into a conflict that caused so much death and destruction The book begins with an introduction providing a history of postcards and their extensive use by soldiers during the Great War Then after a biography of Marhefka his postcard collection is presented in its entirety Accompanying the images are brief texts that place them into historical context as well as suggestions for further reading As a visual artifact of the First World War and the perspective of one U S soldier this book is aimed at students scholars postcard collectors and general readers alike who have an interest in military history and popular culture *Postcards from the Middle East* Chris Naylor, 2015-03-20

Newly married Chris and Susanna Naylor set off for a new life in the Arab world living first in Kuwait then Jordan and finally Lebanon In a region never far from the news they discovered their expectations of war terrorism desert sand dunes men in white robes and veiled women camels and Kalashnikovs indeed their own reasons for being there were to be constantly challenged As they found out the reality bore little resemblance to their pre-conceptions Postcards from the Middle East is a tale of love from one family's experiences a story of work schooling friendships worship and shared family life lived out in precious communities against a back drop of world changing events and spectacular scenery The Naylor's had never experienced such hospitality danger wildlife spectacles or snow before they moved to the Middle East Their story provides a multi-coloured window on an extraordinary and rapidly changing Arab world **Postcards From No Man's Land** Aidan Chambers, 2004-06-17 Seventeen year old Jacob Todd is about to discover himself Jacob's plan is to go to Amsterdam to honor his grandfather who died during World War II He expects to go set flowers on his grandfather's tombstone and explore the city But nothing goes as planned Jacob isn't prepared for love 150 or to face questions about his sexuality Most of all he isn't prepared to hear what Geertrui the woman who nursed his grandfather during the war has to say about their

relationship Geertrui was always known as Jacob's grandfather's kind and generous nurse. But it seems that in the midst of terrible danger Geertrui and Jacob's grandfather's time together blossomed into something more than a girl caring for a wounded soldier. And like Jacob, Geertrui was not prepared. Geertrui and Jacob live worlds apart but their voices blend together to tell one story: a story that transcends time and place and war. By turns moving, vulnerable and thrilling, this extraordinary novel takes the reader on a memorable voyage of discovery.

Postcards from the Ledge Greg Child, 2012-10-02. Reflections and humorous pieces plus insights into some of mountaineering's more controversial events. Revealing portraits of other Himalayan climbers. Peeling back the layers to reveal the gritty truth about the elite climbing world is Greg Child's specialty. With clever wit, sharp observations and insightful reflections, Child's writing covers the full spectrum of the mountaineering experience. Entertaining even to those who have never been above sea level, Child's stories reveal climbing's other face. His description of the daily habits of mountaineers on expedition who don't bathe for months is both disgusting and horrifyingly funny. A post-climb fiasco in the offices of petty Pakistani bureaucrats proves that not all epics take place on high mountain faces. Falling of a rock climb in front of his mother is an exercise in humility. Child takes up climbing controversy with the same keen insight. His investigation of Tomo Cesen's claimed first ascent of Lhotse's south wall is considered the definitive report on this controversial event. A hard look at the media frenzy around the death of Alison Hargreaves on K2 evolves into a brilliant, impassioned defense of a friend. He also speaks out on the money and media-driven expeditions that now crowd Everest. But Child never preaches. Whether contrasting his clumsy performance with Lynn Hill's elegant moves on a climb in the remote mountains of Kyrgyzstan or reflecting upon artifacts from crucifixes to pink flamingos that decorate the world's highest peaks, he writes it as he sees it with a dose of wit. A true insider, Greg Child draws us deep into the world of climbing but never denies its dark side.

Angels in the Sky: How a Band of Volunteer Airmen Saved the New State of Israel Robert Gandt, 2017-10-03. Reads like a World War II thriller, only better because every word is true. One of the great untold stories of history, Robert Gandt has brought it vividly and unforgettably to life. Steven Pressfield, best-selling author of *Gates of Fire*, in 1948 when the newly founded nation of Israel came under siege from a coalition of Arab states, a band of volunteer airmen from the United States, Canada, Britain, France and South Africa arrived to help. They were a small group, fewer than 150. Many were World War II veterans, most of them knowingly violating their nations' embargoes on the shipment of arms and aircraft to Israel. The airmen risked everything: their careers, citizenship and lives to fight for Israel. The saga of the volunteer airmen in Israel's war of independence stands as one of the most stirring and little-known war stories of the past century.
