Fighting Chance Patrick Regan, 2011-08-18 Reports of tragic teenage deaths and gang violence seem to dominate the media yet rarely do we hear from the young people behind the headlines Who are they What makes them join gangs Is there a way out **FIGHTING CHANCE** fearlessly exposes the growing problem of gang culture challenging us to look past the stereotypes and engage with the young people involved to mentor them listen to them and to inspire them to consider a different way of life before it is too late Without sensationalising or condemning **FIGHTING CHANCE** exposes what drives young people into gangs including poverty family breakdown and the need to belong But the focus is on the solution how to prevent people joining gangs in the first place and

how to help those deeply involved find a way out Patrick Regan not only highlights the work of the individuals and organisations who are already tackling Britain's gang problems but also challenges and inspires us to be part of the answer

Fighting Chance B. K. Stevens, 2024-04-02 Seventeen year old Matt Foley has a typical set of problems feeling alienated from his perpetually perky family struggling to focus on classes when sports seem far more interesting chafing at the slow pace of life in his small Virginia town The usual Until his coach and mentor is killed at a tae kwon do tournament During a sparring match Bobby Davis a baby faced stranger from Richmond crushes the coach's larynx with a powerful spinning hook kick To the police it looks like a tragic accident To Matt it looks like deliberate murder A few of his friends agree including the attractive but puzzling Graciana Cortez editor of the school paper Matt knows it doesn't make much sense for teenagers to investigate a murder but if he doesn't do something who will Matt sneaks off to Richmond following a lead to an illegal fight club where he watches Davis easily defeat a string of opponents Barely escaping the club without a fight himself Matt nonetheless persists in his investigation even though his search for answers brings him into conflict with his school the police and his parents He wants to improve his self defense skills so he along with Graciana joins a krav maga class taught by a man who becomes his new mentor because Matt can't escape the feeling that before all this is over he'll have to face Bobby Davis himself

Fighting Chance Derick Allsop, 2011-09-23 Few sports polarise public opinion as boxing does Some contend that it is repugnant and barbaric for others a legitimate regulated contest of skill strength and willpower What cannot be denied is that the fight game has produced some of sport's greatest icons Many more are content to make a decent living or at least supplement their income by stepping into the ring Fighting Chance gets up close with those involved in everyday British boxing It goes behind the scenes at shows and into gyms to meet champions such as Ricky Hatton starry eyed young men dreaming of world titles hard nosed pros surviving another pay day and veteran trainers who have seen it all and sometimes wish they hadn't Many of them say this brutal trade has saved them from a life of crime and drugs and given them an opportunity to find self esteem All recognise the possible cost Paul Ingles for example almost lost his life in the ring but maintain it is a risk worth taking Martin Jolley attempted suicide in his darkest hour but survived and sought a kind of refuge as a journeyman boxer taking fights at short notice and then returning to his day job as a printer Michael Jennings brother was killed by an addiction to drugs and he is convinced the sport has spared him the same tragic fate Others however are always tormented by their demons Michael Gomez once held on a murder charge was hailed as a future world champion until he went off the rails plunging his private life into turmoil and leaving his career on the brink Brian Hughes one of the best known and most successful trainers in the country admits his love of boxing has been eroded by the stinking side of the business Often shocking sometimes humorous always gripping Fighting Chance is an odyssey through a world few will have encountered It gives a candid insight and many of its compelling characters

Fighting Chance Toni Denise, 2022-10-04 Kendall isn't fearless but to get a scoop the reporter pulls no punches but this story takes unexpected turns that force her to

stretch well beyond her reporting skills Everything she believes about herself is challenged when she meets Chad a stubborn fighter who takes her breath away and simultaneously sets off alarm bells in her head Chad is a wanted man Champion fighters want to fight him Women want him to love them Major companies want to stop the small fighting operation And a pretty and insistent reporter wants to interview him The more she pesters the harder he resists What begins as a relatively benign interview soon turns into something neither Kendall nor Chad could have anticipated For the first time in his life he finds himself drawn to a woman who isn't fawning all over him and it drives him crazy It takes more effort than he hoped but when a dinner leads to a night neither will soon forget Will she let down her guard and take him at his word or is their night together the end for them

The Fighting Chance Robert William Chambers, 2020-09-28 The speed of the train slackened a broad tidal river flashed into sight below the trestle spreading away on either hand through yellowing level meadows And now above the roaring undertone of the cars from far ahead floated back the treble bell notes of the locomotive there came a gritting vibration of brakes slowly more slowly the cars glided to a creaking standstill beside a sun scorched platform gay with the bright flutter of sunshades and summer gowns Shotover Shotover rang the far cry along the cars and an absent minded young man in the Pullman pocketed the uncut magazine he had been dreaming over and picking up gun case and valise followed a line of fellow passengers to the open air where one by one they were engulfed and lost to view amid the gay confusion on the platform The absent minded young man however did not seem to know exactly where he was bound for He stood hesitating leisurely inspecting the flashing ranks of vehicles depot wagons omnibusses and motor cars already eddying around a dusty gravel drive centred by the conventional railroad flower bed and fountain Sunshine blazed on foliage plants arranged geometrically on scarlet stars composed of geraniums on thickets of tall flame tinted cannas And around this triumph of landscape gardening phaeton Tilbury Mercedes and Toledo backed circled tooted gaily gowned women whips aslant horses dancing greeted expected guests laughing young men climbed into dog carts and took the reins from nimble grooms young girls extravagantly veiled made room in comfortable touring cars for feminine guests whose extravagant veils were yet to be unpacked slim young men in leather trappings caps adorned with elaborate masks or goggles manipulated rakish steering gears preoccupied machinists were fussing with valve and radiator or were cranking up and through the jolly tumult the melancholy bell of the locomotive sounded and the long train moved out through the September sunshine amid clouds of snowy steam And all this time the young man gun case in one hand suit case in the other looked about him in his good humoured leisurely manner for anybody or any vehicle which might be waiting for him His amiable inspection presently brought a bustling baggage master within range of vision and he spoke to this official mentioning his host's name

The Fighting Chance Robert William Chambers, 2018-05-15 *A Fighting Chance* Elizabeth Warren, 2014-04-22 A NEW YORK TIMES BESTSELLER An unlikely political star tells the inspiring story of the two decade journey that taught her how Washington really works and really doesn't in *A Fighting Chance* As a child in small town Oklahoma Elizabeth Warren

yearned to go to college and then become an elementary school teacher an ambitious goal given her family's modest means Early marriage and motherhood seemed to put even that dream out of reach but fifteen years later she was a distinguished law professor with a deep understanding of why people go bankrupt Then came the phone call that changed her life could she come to Washington DC to help advise Congress on rewriting the bankruptcy laws Thus began an impolite education into the bare knuckled often dysfunctional ways of Washington She fought for better bankruptcy laws for ten years and lost She tried to hold the federal government accountable during the financial crisis but became a target of the big banks She came up with the idea for a new agency designed to protect consumers from predatory bankers and was denied the opportunity to run it Finally at age 62 she decided to run for elective office and won the most competitive and watched Senate race in the country In this passionate funny rabble rousing book Warren shows why she has chosen to fight tooth and nail for the middle class and why she has become a hero to all those who believe that America's government can and must do better for working families

A Fighting Chance Patti Witter,2013-06-07 This is the story of a perfect quarter horse filly named Cricketts Rose a calm natured gelding named Red a disabled owner who couldn't even have them in her name Amanda and a million dollar race that Cricketts Rose knows she is meant to win Red and Amanda never doubt Cricketts Rose of course Now Cricketts Rose and Red would want you to know that the only thing that isn't fiction in this novel is what good horses they really were What happened to Cricketts Rose's mother and a little of what it is like to be disabled poor and trying to have something There are good looking cowboys dancing and that kind of stuff in the story too Cricketts Rose and Red reckon that the amateur writer who is writing their story would be me Patti Witter aka Amanda The novel is set from September 16 1983 to September 16 1984 when Cricketts Rose turned two You won't believe what can happen in a year's time Did she win Are you kidding I wrote the story

Chambers,2003-10-01 What was it you

were saying about selfishness she asked Oh I remember It was nonsense Certainly She laughed adding Selfishness is so simply defined you know Is it How A refusal to renounce That covers everything she concluded Sometimes renunciation is weakness isn't it he suggested In what case for example Well suppose we take love Very well you may take it if you like it Suppose you loved a man he insisted Let him beware What then And suppose it would distress your family if you married him I'd give him up If you loved him Love That is the poorest excuse for selfishness Mr Siward So you would ruin your happiness and his A girl ought to find more happiness in renouncing a selfish love than in love itself announced Miss Landis with that serious conviction characteristic of her years Of course assented Siward with a touch of malice if you really do find more happiness in renouncing love than in love itself it would be foolish not to do it Mr Siward You are derisive Besides you are not acute A woman is always an opportunist When the event takes place I shall know what to do

A Fighting Chance-the Saga Continues Joe Manno,2003-04 **Fighting Hurt** Henry Shue,2016-03-24 Some of our most fundamental moral rules are violated by the practices of torture and war If one examines the concrete forms these practices take can the exceptions to the rules necessary to either torture or war be justified Fighting Hurt brings together key essays by Henry Shue on the issue of torture and relatedly the moral challenges surrounding the initiation and conduct of war and features a new introduction outlining the argument of the essays putting them into context and describing how and in what ways his position has modified over time The first six chapters marshal arguments that have been refined over 35 years for the conclusion that torture can never be justified in any actual circumstances whatsoever The practice of torture has nothing significant in common with the ticking bomb scenario often used in its defence and weak U S statutes have loop holes for psychological torture of the kind now favoured by CIA in the war against terrorism The other sixteen chapters maintain that for as long as wars are in fact fought it is morally urgent to limit specific destructive practices that cannot be prohibited Two possible exceptions to the UN Charter's prohibition on all but defensive wars humanitarian military intervention and preventive war to eliminate WMD are evaluated and one possible exception to the principle of discrimination Michael Walzer's supreme emergency is sharply criticized Two other fundamental issues about the rules for the conduct of war receive extensive controversial treatment The first is the rules to limit the bombing of dual use infrastructure with a focus on alternative interpretations of the principle of proportionality that limits collateral damage The second is the moral status of the laws of war as embodied in International Humanitarian Law It is argued that the current philosophical critique of IHL by Jeff McMahan focused on individual moral liability to attack is an intellectual dead end and that the morally best rules are international laws that are the same for all fighters Examining real cases including U S bombing of Iraq in 1991 the Clinton Administration decision not to intervene in the 1994 Rwandan genocide NATO bombing of Serbia in 1999 and CIA torture after 9 11 and its alternatives this book is highly accessible to general readers who are interested in the ethical status of American political life especially foreign policy **The Crisis** ,1973-08 The Crisis founded by W E B Du Bois as the official
