Feudal Britain The Completion Of The Med:

Medieval Britain: A Very Short Introduction John Gillingham, Ralph A. Griffiths, 2000-08-10 First published as part of the best selling The Oxford Illustrated History of Britain John Gillingham and Ralph A Griffiths Very Short Introduction to Medieval Britain covers the establishment of the Anglo Norman monarchy in the early Middle Ages through to England's failure to dominate the British Isles and France in the later Middle Ages Out of the turbulence came stronger senses of identity in Scotland Wales and Ireland Yet this was an age too of growing definition of Englishness and of a distinctive English cultural tradition ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *Roman Infrastructure in Early Medieval Britain* Mateusz Fafinski, 2025-10-01 Early Medieval Britain was more Roman than we think The Roman Empire left vast infrastructural resources on the island These resources lay buried not only in dirt and soil but also in texts laws chronicles charters even churches and landscapes This book uncovers them and shows how they shaped Early Medieval Britain Infrastructures material and symbolic can work in ways that are not immediately obvious and exert an influence long after their creators have gone Infrastructure can also rest dormant and be reactivated with a changed function role and appearance This is not a simple story of continuity and discontinuity It is a story of adaptation and transformation of how the Roman infrastructural past was used and re used and also how it influenced the later societies of Britain East and West in the Medieval Eastern Mediterranean Krijna Nelly Ciggaar, David Michael Metcalf, 2006 Claude Cahen's book on Crusader Antioch cast a long shadow His thorough monograph seemingly leaves little more to be said Decades may pass before scholars return to the topic The long shadow fell even on the Wisconsin History of the Crusades which still seeks essentially to stitch the written sources together into traditional narrative history only to do it better But topics such as architecture or coins are optional extras and not much integrated into the whole picture A thorough analysis of political and military developments is indeed the essential groundwork of most medieval history But high politics was not the whole of life and charters and texts are not the only witnesses to that life Social and economic life has its own momentum and its own continuity Its moral and spiritual aspects deserve historical study and impose new historical disciplines Crusades studies have become more interdisciplinary and less monolithic That new style of enquiry is fully reflected in the range and variety of the papers tightly focussed on Antioch printed in this volume

Multilingualism in Later Medieval Britain D. A. Trotter, 2000 Essays reappraising the relationship between the various languages of late medieval Britain The languages of later medieval Britain are here seen as no longer separate or separable but as needing to be treated and studied together to discover the linguistic reality of medieval Britain and make a meaningful assessment of the relationship between the languages and the role status function or subsequent history of any of

them This theme emerges from all the articles collected here from leading international experts in their fields dealing withlaw language Welsh history sociolinguistics and historical lexicography The documents and texts studied include a Vatican register of miracles in fourteenth century Hereford medical treatises municipal records from York teaching manuals gild registers and an account of work done on the bridges of the river Thames Contributors PAUL BRAND BEGON CRESPO GARCIA TONY HUNT LUIS IGLESIAS RABADE LISA JEFFERSON ANDRES M KRISTOL FRANKWALTMOHREN MICHAEL RICHTER WILLIAM ROTHWELL HERBERT SCHENDL LLINOS BEVERLEY SMITH D A TROTTER EDMUIND WEINER LAURA WRIGHT Professor D A TROTTER is Professor of French and Head of Department of European Languages at the University of Wales Aberystwyth Slaves and Warriors in Medieval Britain and Ireland David R. Wyatt,2009 Modern sensibilities have clouded historical views of slavery perhaps more so than any other medieval social institution Anachronistic economic rationales and notions about the progression of European civilisation have immeasurably distorted our view of slavery in the medieval context As a result historians have focussed their efforts upon explaining the disappearance of this medieval institution rather than seeking to understand it This book highlights the extreme cultural social significance of slavery for the societies of medieval Britain and Ireland c 800 1200 Concentrating upon the lifestyle attitudes and motivations of the slave holders and slave raiders it explores the violent activities and behavioural codes of Britain and Ireland s warrior centred societies illustrating the extreme significance of the institution of slavery for constructions of power ethnic identity and gender **An Eoraip: Gaelic Ireland in Medieval and Early Modern Europe** ,2025-08-14 Medieval and early modern Irish scholars thought of themselves as Europeans As an expression of territorial association this belief reflects both their familiarity with the geographical traditions of Antiquity and the integration of their society into economic cultural and political networks that spanned the continent But it was also an articulation of a perceived cultural affinity often denied in modern scholarship The chapters in this volume examine the many and various ways that Gaelic Ireland was integrated into the broader European world focusing on literature and learning real world politics economics and travel and questions of identity Contributors are Rachel Brody Michael Clarke Simon Egan Deborah Hayden Brendan Kane Victoria L McAlister Ken Donnchu Patricia Palmer Brian Stone and Patrick Wadden Ceramics and Atlantic Connections: Late Roman and Early Medieval Imported Pottery on the Atlantic Seaboard Maria Duggan,Mark Jackson,Sam Turner,2020-03-26 Papers focus on the pottery of Mediterranean origin imported into the Atlantic as well as ceramics of Atlantic production which had widespread distribution They examine chronologies and relative distributions and consider the composition of key Atlantic assemblages revealing new insights into the networks of exchange between c 400 700 AD **Obscene Pedagogies** Carissa M. Harris,2018-12-15 In Obscene Pedagogies Carissa M Harris investigates the relationship between obscenity gender and pedagogy in Middle English and Middle Scots literary texts from 1300 to 1580 to show how sexually explicit and defiantly vulgar speech taught readers and listeners about sexual behavior and consent Through innovative close readings of

literary texts including erotic lyrics single woman s songs debate poems between men and women Scottish insult poetry battles and The Canterbury Tales Harris demonstrates how through its transgressive charge and galvanizing shock value obscenity taught audiences about gender sex pleasure and power in ways both positive and harmful Harris s own voice proudly witty and sharply polemical inspires the reader to address these medieval texts with an eye on contemporary issues of gender violence and misogyny

Ethnicity in Medieval Europe, 950-1250 Claire Weeda,2021 An investigation into how racial stereotypes were created and used in the European Middle Ages Students in twelfth century Paris held slanging matches branding the English drunkards the Germans madmen and the French as arrogant On crusade army recruits from different ethnic backgrounds taunted each other s military skills Men producing ethnography in monasteries and at court drafted derogatory descriptions of peoples dwelling in territories under colonisation questioning their work ethic social organisation religious devotion and humanness Monks listed and ruminated on the alleged traits of Jews Saracens Greeks Saxons and Britons and their acceptance or rejection of Christianity In this radical new approach to representations of nationhood in medieval western Europe the author argues that ethnic stereotypes were constructed and wielded rhetorically to justify property claims flaunt military strength and assert moral and cultural ascendancy over others The gendered images of ethnicity in circulation reflect a negotiation over self representations of discipline rationality and strength juxtaposed with the alleged chaos and weakness of racialised others Interpreting nationhood through a religious lens monks and schoolmen explained it as scientifically informed by environmental medicine an ancient theory that held that location and climate influenced the physical and mental traits of peoples Drawing on lists of ethnic character traits school textbooks medical treatises proverbs poetry and chronicles this book shows that ethnic stereotypes served as rhetorical tools of power crafting relationships within communities and towards others

The Long Fifteenth Century Helen Cooper, Sally Mapstone, 1997 The Long Fifteenth Century is intended as a companion volume to Douglas Gray's ground breaking Oxford Book of Late Medieval Verse and Prose and incorporates a bibliography of his published writings Gray's anthology revolutionized critical appreciation of English and Scottish literature of the long fifteenth century from the death of Chaucer to the Reformation but the literature of the period as a whole remains much under read undervalued and under studied The contributors to this volume all leading scholars in the field bring to the fore the power of underrated writers restore to the period writings often attributed to other centuries open up new possibilities in neglected genres offer radical rereadings of some more familiar works and demonstrate how closely the literature of the period is bound up with political and social conditions Written in honour of Douglas Gray to mark his long and distinguished tenure of the J R R Tolkien Professorship of English Literature and Language at Oxford university the 15 essays in this volume portray the long fifteenth century as a major period of literature in its own right They provide a comprehensive survey of fifteenth century literature in print from the morality play to the ballad verse forms to prose romances including Chaucer Lydgate Skelton and Hoccleve along with essays on the Middle French Poets and Scottish writings of the period

The Routledge History Handbook of Medieval Revolt Justine Firnhaber-Baker, Dirk Schoenaers, 2016-11-25 The Routledge History Handbook of Medieval Revolt charts the history of medieval rebellion from Spain to Bohemia and from Italy to England and includes chapters spanning the centuries between Imperial Rome and the Reformation Drawing together an international group of leading scholars chapters consider how uprisings worked why they happened whom they implicated what they meant to contemporaries and how we might understand them now This collection builds upon new approaches to political history and communication and provides new insights into revolt as integral to medieval political life Drawing upon research from the social sciences and literary theory the essays use revolts and their sources to explore questions of meaning and communication identity and mobilization the

use of violence and the construction of power The authors emphasize historical actors agency but argue that access to these actors and their actions is mediated and often obscured by the texts that report them Supported by an introduction and conclusion which survey the previous historiography of medieval revolt and envisage future directions in the field The Routledge History Handbook of Medieval Revolt will be an essential reference for students and scholars of medieval political history The Oxford Companion to Archaeology Neil Asher Silberman,Alexander A.
