## **Feuding And Warfare Selected Works Of Keith F Otterbein:**

**Feuding and Warfare** Keith F. Otterbein, 2020-12-22 Originally published in 1994 the late Keith F Otterbein's scholarship had followed an overall design since 1962 when he began conducting comparative studies of warfare using both ethnographic and cross cultural methods Through a conceptual framework derived from systems theory he made signal contributions to our understanding of the role of warfare in human social evolution He formulated a Fraternal Interest Group theory utilizing it to explain not only feuding and warfare but also rape and capital punishment Believing that armed combat is learned behaviour he posed questions about its learning process that had yet to be answered He acted as a major synthesizer of the growing literature on warfare and led attempts among anthropologists to apply their knowledge of war and peace to current events This volume will serve both as a useful introduction to the anthropology of war and as a needed compendium of Professor Otterbein's ideas

**Feuding and Warfare** Keith F. Otterbein, 2020 First Published in 1993 Routledge is an imprint of Taylor Francis an informa company

**The Anthropology of War** Keith F. Otterbein, 2009-03-24 Keith Otterbein a long time authority on anthropological studies of warfare provides a rich synthesis of theory literature and findings developed by anthropologists and scholars from other disciplines This in depth yet concise look at warfare opens with two well known ethnographic examples of warring peoples the Dani and the Yanomam The origins and evolution of war types of warfare weapons and tactics military organizations and the social bases of war structure discussions within the text Analyses of historical events and case studies inform readers of different perspectives about why people go to war how societies can be identified as having war the elements necessary for war and how war might be avoided Otterbein concludes the text by presenting the concept of Positive Peace promoting peace as a goal of human existence as a way for humans to eliminate the fatal consequences of war

**The Encyclopedia of North American Colonial Conflicts to 1775: A-K**, 2008 Covers all major wars and conflicts in North America from the late 15th to mid 18th centuries with discussions of key battles diplomatic efforts military technologies and strategies and tactics Explores the context for conflict with essays on competing colonial powers every major Native American tribe all important political and military leaders and a range of social and cultural issues Publisher's Web site

**Toward a Nonkilling Paradigm** Joám Evans Pim, 2009 The present volume brings together 24 authors and 14 disciplines including anthropology arts biology economics engineering geography health sciences history linguistics mathematics philosophy physics psychology and sociology to seriously consider the prospects for the realization of nonkilling societies and to challenge each discipline's role in the necessary social and scientific transformation toward a killing free world Pub

**Encyclopedia of Anthropology** H. James Bix, 2006 Focuses on physical social and applied anthropology archaeology linguistics and symbolic communication Topics include hominid evolution primate behaviour genetics ancient civilizations cross cultural studies and social theories

**Visions of War** David D. Perlmutter, 2025-09-23 Visions of War provides a historical survey an anatomy an interpretation and a polemic about the ways human beings have

created pictures of battle and conflict from the Stone Age to the Gulf War From the dawn of time to the present from the days of mammoth hunting to the era of Scud busting pictures of war constitute the most persistent genre of images human beings have created In fact human beings are the only creatures who engage in these two activities organized violence and the making of pictorial images and the author shows how both art and war emerge from the same source the hunter s eye David D Perlmutter s Visions of War explores and analyzes the thirteen thousand year legacy of pictures of war from various cultures over the centuries from the Stone Age cave paintings and monumental sculpture of the ancient Near East to the art of the classical period and the Middle Ages from pre contact Mesoamerican imagery to Napoleonic propaganda and totalitarian art and on to the instantaneous images of the Gulf War City Walls James D. Tracy,2000-09-25 The essays presented in this volume first published in 2000 describe a phenomenon so widespread in human time and space that its importance is easily overlooked City walls shaped the history of warfare the mobilisation of manpower and resources needed to build them favoured some kinds of polities over others and their massive strength appropriately ornamented created a visual language of authority Previous collective volumes on the subject have dealt mainly with Europe but the historians and art historians who collaborate here follow a comparative agenda The millennial practice of wall building that branched out from the ancient Near East into India Europe and North Africa shows continuities and points of contact of which the makers of urban fortifications were scarcely aware separate traditions in China sub Saharan Africa and North America illustrate universal themes of defensive strategy and the symbolism of power each time embedded in a distinctive local context

**Gifts from the Thunder Beings** Roland Bohr,2014-05-01 Gifts from the Thunder Beings examines North American Aboriginal peoples use of Indigenous and European distance weapons in big game hunting and combat Beyond the capabilities of European weapons Aboriginal peoples ways of adapting and using this technology in combination with Indigenous weaponry contributed greatly to the impact these weapons had on Aboriginal cultures This gradual transition took place from the beginning of the fur trade in the Hudson s Bay Company trading territory to the treaty and reserve period that began in Canada in the 1870s Technological change and the effects of European contact were not uniform throughout North America as Roland Bohr illustrates by comparing the northern Great Plains and the Central Subarctic two adjacent but environmentally different regions of North America and their respective Indigenous cultures Beginning with a brief survey of the subarctic and Northern Plains environments and the most common subsistence strategies in these regions around the time of contact Bohr provides the context for a detailed examination of social spiritual and cultural aspects of bows arrows quivers and firearms His detailed analysis of the shifting usage of bows and arrows and firearms in the northern Great Plains and the Central Subarctic makes Gifts from the Thunder Beings an important addition to the canon of North American ethnology **Islands at the Crossroads** L. Antonio Curet,Mark W. Hauser,2011-10 The contributors to Islands at the Crossroads include scholars from the Caribbean the United States and Europe who look beyond cultural boundaries and

colonial frontiers to explore the complex and layered ways in which both distant and more intimate sociocultural political and economic interactions have shaped Caribbean societies from seven thousand years ago to recent times      Warfare and Society Ton Otto, Henrik Thrane, Helle Vandkilde, 2006-11-01 This book straddles the disciplines of archaeology and social anthropology Its 25 contributions divided into 6 sections with separate introductions successively scrutinise the concept of war in philosophy social theory and the history of anthropological and archaeological research discuss warfare in pre state and state societies and assess its relationship to rituals social identification and material culture      **Encyclopedia of Violence, Peace, and Conflict** , 1999-08-16 The Encyclopedia of Violence Peace and Conflict a three volume set written by more than 200 eminent contributors from around the world takes advantage of increasing worldwide awareness in the public private commercial and academic sectors about manifestations of violence in all segments of society While the contributors do not use these volumes to make specific arguments they do describe and clarify the developments in thought that have led to current theories about and positions on violence and peace Our reviewers consistently note that while many in depth studies of war peace and aggression exist the attendant specialization keeps scholars from learning about related fields No publication competing with the Encyclopedia of Violence Peace and Conflict can satisfy their need for a vast introductory work to such a diverse and socially important field This major work includes more than 190 multidisciplinary articles with over 1 000 cross references and more than 2 000 bibliography entries for further reading which are arranged alphabetically for easy access More than 190 multidisciplinary articles with over 1 000 cross references Article outline and glossary of key terms begin each article Entries arranged alphabetically for easy access Three volume set with subject index of over 750 entries Articles written by more than 200 eminent contributors from around the world      **Fewer Men, More Babies** Timothy T. Schwartz, 2009-01-01 Based on original ethnographic research conducted in rural Haiti Timothy T Schwartz offers an explanation for a demographic paradox that some of the most prominent sociologists and demographers of the twentieth century noted but were never able to explain among impoverished small farmers\_ when more men are absent due to male wage migration\_ why do the women remaining behind give birth to more not fewer babies      *Cultural Anthropology* Raymond Scupin, 2019-12-10 Cultural Anthropology A Global Perspective delves into both classic and current research in the field reflecting a commitment to anthropology s holistic and integrative approach This text illuminates how the four subfields of anthropology biological anthropology archaeology linguistics and cultural anthropology together yield a comprehensive understanding of humanity      21st Century Anthropology: A Reference Handbook H. James Birx, 2010-06-10 21st Century Anthropology A Reference Handbook highlights the most important topics issues questions and debates any student obtaining a degree in the field of anthropology ought to have mastered for effectiveness in the 21st century This two volume set provides undergraduate majors with an authoritative reference source that serves their research needs with more detailed information than encyclopedia entries but in a clear accessible style devoid of jargon unnecessary detail or density
