In Praise of What Persists Raymond Carver, Stephen Berg, Grace Paley, 1984-06 *Cycle World Magazine*, 2001-01 *The Writer's Book of Hope* Ralph Keyes, 2003-10-01 In 1889 the editor of the San Francisco Examiner having accepted an article from Rudyard Kipling informed the author that he should not bother to submit any more This isn t a kindergarten for amateur writers the editor wrote I m sorry Mr Kipling but you just don t know how to use the English language A century later John Grisham was turned down by sixteen agents before he found representation and it was only after Hollywood showed an interest in *The Firm* that publishers began to take him seriously The anxiety of rejection is an inevitable part of any writer s development In this book Ralph Keyes turns his attention from the difficulty of putting pen to paper the subject of his acclaimed *The Courage to Write* to the frustration of getting the product to the public Inspiration isn t nearly as important to the successful writer he argues as tenacity and he offers concrete ways to manage the struggle to publish Drawing on his long experience as a writer and teacher of writing Keyes provides new insight into the mind set of publishers the value of an agent and the importance of encouragement and hope to the act of authorial creation *Writing for Scholarly Publication* Christine Pears Casanave, Stephanie Vandrick, 2003-10-17 This collection of first person essays by established authors provides a wealth of support and insights for new and experienced academic writers in language education and multicultural studies Although writing for publication is becoming increasingly important as these fields

become both more professional and more competitive few scholars talk candidly about their experiences negotiating a piece of writing into print These essays will help researchers practitioners and graduate students expand their understanding of what it means professionally and personally to write for publication Carefully crafted focused and provocative the chapters in this volume document authors experiences with a range of practical political and personal issues in writing for publication Many portray the hardship and struggle that are not obvious in a finished piece of writing Readers are encouraged to resonate with the events and issues portrayed and to connect the narratives to their own lives Practical information such as contact information for journal and book publishers manuscript guidelines and useful books are included in appendices Although organized thematically the essays in Writing for Scholarly Publication Behind the Scenes in Language Education overlap in many ways as each author considers multiple issues In the Introduction the editors discuss key aspects of writing for scholarly publication such as writing as situated practice issues faced by newcomers the construction of personal identity through writing writing and transparency facets of the interactive nature of scholarly writing and intertwined political issues Part I focuses on issues and concerns faced by Newcomers In Part II Negotiating and Interacting the essays closely examine the interactions among authors editors manuscript reviewers and collaborators these interactions tend to be the least often discussed and these essays therefore offer readers fascinating insights into the sensitive social political and personal relationships among the many players in the scholarly writing game Identity Construction is addressed in Part III where authors share their experiences with and reflections on the ways that professional writing helps them construct their identities as writers and scholars The essays in Part IV From the Periphery help redefine what the notion of periphery might mean from a concept with a negative connotation of outsider to a positive connotation of active and unconventional participant
