deepest nature and *The Companion to Southern Literature* will be an invaluable tool for those who take on that exciting challenge. Description of Contents 500 lively succinct articles on topics ranging from Abolition to Yoknapatawpha 250 contributors including scholars, writers and poets 2 tables of contents alphabetical and subject and a complete index A separate bibliography for most entries *The Geographies of African American Short Fiction* Kenton Rambsy, 2022-03-25 Perhaps the brevity of short fiction accounts for the relatively scant attention devoted to it by scholars who have historically concentrated on longer prose narratives. *The Geographies of African American Short Fiction* seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations: small towns, a famous metropolis, city sidewalks, a rural wooded area, apartment buildings, a pond, a general store, a prison, and more. In the process, these writers highlighted the extents to which places and spaces shaped or situated racial representations. Presenting African American short story writers as cultural cartographers, author Kenton Rambsy documents the variety of geographical references within their short stories to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories. The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century. Anthology editors solidified the significance of a core group of short story authors including James Baldwin, Toni Cade Bambara, Charles Chesnutt, Ralph Ellison, Zora Neale Hurston, and Richard Wright. Using quantitative information and an extensive literary dataset, *The Geographies of African American Short Fiction* explores how editorial practices shaped the canon of African American short fiction. **Screams from the Dark** Ellen Datlow, 2022-06-07 A bone-chilling anthology from legendary horror editor Ellen Datlow. *Screams from the Dark* contains twenty-nine all-original tales about monsters. WINNER of the Bram Stoker Award for Superior Achievement in an Anthology. A Shirley Jackson and Locus Award Finalist. A World Fantasy Award Nominee. From werewolves and vampires to demons and aliens, the monster is one of the most recognizable figures in horror. But what makes something or someone monstrous? Award-winning and up-and-coming authors like Richard Kadrey, Cassandra Khaw, Indrapramit Das, Priya Sharma, and more attempt to answer this question. These all-new stories range from traditional to modern, from mainstream to literary, from familiar monsters to the unknown and unimaginable. This chilling collection has something to please and terrify everyone, so lock your doors, hide under your covers, and try not to scream. Contributors include Ian Rogers, Fran Wilde, Gemma Files, Daryl Gregory, Priya Sharma, Brian Hodge, Joyce Carol Oates, Indrapramit Das, Siobhan Carroll, Richard Kadrey, Norman Partridge, Garry Kilworth, Caitlín R. Kiernan, Chikodili Emelumadu, Glen Hirshberg, A. C. Wise, Stephen Graham Jones, Kaaron Warren, Livia Llewellyn, Carole Johnstone, Margo Lanagan, Joe R.
