Mother Tongue Theologies Darren J. N. Middleton, 2010-01-01 Recognizing that one third of the world's Christians practice their faith outside Europe and North America the fourteen essays in *Mother Tongue Theologies* explore how international fiction depicts Christianity's dramatic movement South and East of Jerusalem as well as North and West Structured by geographical region this collection captures the many ways in which people around the globe receive Christianity It also celebrates postcolonial literature's diversity And it highlights non Western authors biblical literacy addressing how and why locally rooted Christians invoke Scripture in their pursuit of personal as well as social transformation Featured authors include Fyodor Dostoevsky Constantine Cavafy Scott Cairns Chinua Achebe Madam Afua Kuma Earl Lovelace V S Reid Ernesto Cardenal Helena Parente Cunha Arundhati Roy Mary Martha Sherwood Marguerite Butler R M Ballantyne Rudyard Kipling Nora Okja Keller Amy Tan Albert Wendt and Louise Erdrich Individual essayists rightly come to different conclusions about Christianity's global character Some connect missionary work with colonialism as well as cultural imperialism for example and yet others accentuate how indigenous cultures amalgamate with Christianity's foreignness to produce mesmerizing multiple identities Differences notwithstanding *Mother Tongue Theologies* delves into the moral and spiritual issues that arise out of the cut and thrust of native responses to Western Christian presence and pressure Ultimately this anthology suggests the reward of listening for and to such responses particularly in literary art will be a wider and deeper discernment of the merits and demerits of post Western Christianity especially for Christians living in the so called post Christian West List of Contributors Isabel Asensio Sierra Di Gan Blackburn Mini Chandran Evgenia V Cherkasova John Estes Jack A Hill J A Jackson Ellin Sterne Jimmerson Ymitri Mathison Catherine Winn Merritt Darren J N Middleton Mozella G Mitchell Sinead Moynihan J Stephen Pearson Eric J Sterling

Mediation and Children's Reading Anne Marie Hagen, 2022-03-29 This collection of essays explores the cultural significance of children's reading by analyzing a series of Anglo American case studies from the eighteenth century to the present Marked by historical continuity and technological change children's reading proves to be a phenomenon with broad influence one that shapes both the development of individual readers and wider social values The essays in this volume capture such

complexity by invoking the conception of mediation to approach children's reading as a site of interaction among individual people, material texts and institutional networks. Featuring a range of scholarly perspectives from the disciplines of literature, education, graphic design and library and information science, this collection uncovers both the intricacies and wider stakes of children's reading. The books' public programs and archives that focus explicitly on children's interests and needs are

powerful arenas that give expression to the key ideological investments of a culture. **A Companion to Scottish**

Literature Gerard Carruthers, 2023-12-26 A Companion to Scottish Literature offers fresh readings of major authors and periods of Scottish literary production from the first millennium to the present. Bringing together contributions by many of the world's leading experts in the field, this comprehensive resource provides the historical background of Scottish literature, highlights new critical approaches and explores wider cultural and institutional contexts. Dealing with texts in the languages of Scots, English and Gaelic, the Companion offers modern perspectives on the historical milieu, thematic contexts and canonical writers of Scottish literature. Original essays apply the most up-to-date critical and scholarly analyses to a uniquely wide range of topics such as Gaelic literature, national and diasporic writing, children's literature, Scottish drama and theatre, gender and sexuality and women's writing. Critical readings examine William Dunbar, Robert Burns, Walter Scott, Robert Louis Stevenson, Muriel Spark and Carol Ann Duffy amongst others. With full references and guidance for further reading as well as numerous links to online resources, A Companion to Scottish Literature is essential reading for advanced students and scholars of Scottish literature as well as academic and non-academic readers with an interest in the subject. **The Secret**

Garden Frances Hodgson Burnett, 2011-03-10 It was the garden that did it and Mary and Dickon and the creatures and the Magic. An orphaned girl, a grim moorland manor with hundreds of empty rooms, strange cries in the night, a walled garden with its door locked and the key buried and a boy who talks to animals. These are the ingredients of one of the most famous and well-loved of children's classics. Through her discovery of the secret garden, Mary Lennox is gradually transformed from a spoilt and unhappy child into a healthy, unselfish girl who in turn redeems her neglected cousin and his gloomy Byronic father. Frances Hodgson Burnett's inspiring story of regeneration and salvation gently subverted the conventions of a century of romantic and gothic fiction for girls. After a hundred years, The Secret Garden's critique of empire and of attitudes to childhood and gender and its advocacy of a holistic approach to health remains remarkably contemporary and relevant.

Choice. *Enterprising Youth* examines the agenda behind the shaping of nineteenth-century children's perceptions and world views and the transmission of civic duties and social values to children by adults. The essays in this book reveal the

contradictions involved in the perceptions of children as active or passive as representatives of a new order or as receptacles of the transmitted values of their parents The question then is whether the business of telling children s stories becomes an adult enterprise of conservative indoctrination or whether children are enterprising enough to read what many of the contributors to this volume see as the subversive potential of these texts This collection of literary and historical criticism of nineteenth century American children s literature draws upon recent assessments of canon formations gender studies and cultural studies to show how concepts of public private male female and domestic foreign are collapsed to reveal a picture of American childhood and life that is expansive and constrictive at the same time **To See the Wizard** Laurie

Ousley,2021-02-19 *To See the Wizard* Politics and the Literature of Childhood takes its central premise as the title indicates from L Frank Baum s *The Wonderful Wizard of Oz* Upon their return to The Emerald City after killing the Wicked Witch of the West the task the Wizard assigned them Dorothy the Tin Woodman Scarecrow and Lion learn that the wizard is a humbug merely a man from Nebraska manipulating them and the citizens of both the Emerald City and of Oz from behind a screen Yet they all continue to believe in the powers they know he does not have still insisting he grant their wishes The image of the man behind the screen and the reader s continued pursuit of the Wizard is a powerful one that has at its core an issue central to the study of children s literature the relationship between the adult writer and the child reader As Jack Zipes Perry Nodelman Daniel Hade Jacqueline Rose and many others point out before the literature for children and young adults actually reaches these intended readers it has been mediated by many and diverse cultural social political psychological and economic forces These forces occasionally work purposefully in an attempt to consciously socialize or empower training the reader into a particular identity or way of viewing the world by one who considers him or herself an advocate for children Obviously these wizards acting in literature can be the writers themselves but they can also be the publishers corporations school boards teachers librarians literary critics and parents and these advocates can be conservative progressive or any gradation in between It is the purpose of this volume to interrogate the politics and the political powers at work in literature for children and young adults Childhood is an important site of political debate and children often the victims or beneficiaries of adult uses of power one would be hard pressed to find a category of literature more contested than that written for children and adolescents Peter Hunt writes in his introduction to *Understanding Children s Literature* that children s books are overtly important educationally and commercially with consequences across the culture from language to politics most adults and almost certainly the vast majority in positions of power and influence read children s books as children and it is inconceivable that the ideologies permeating those books had no influence on their development If there were a question about the central position literature for children and young adults has in political contests one needs to look no further than the myriad struggles surrounding censorship Mark I West observes for instance Throughout the history of children s literature the people who have tried to censor children s books for all their ideological differences share a rather romantic

view about the power of books They believe or at least they profess to believe that books are such a major influence in the formation of children's values and attitudes that adults need to monitor every word that children read Because childhood and young adulthood are the sites of political debate for issues ranging from civil rights and racism to the construction and definition of the family indoctrinating children into or subverting national and religious ideologies the literature of childhood bears consciously political analysis asking how socialization works how children and young adults learn of social cultural and political expectations as well as how literature can propose means of fighting those structures To See the Wizard Politics and the Literature of Childhood intends to offer analysis of the political content and context of literature written for and about children and young adults The essays included in To See the Wizard analyze nineteenth and twentieth century literature from America Britain Australia the Caribbean and Sri Lanka that is for and about children and adolescents The essays address issues of racial and national identity and representation poverty and class mobility gender sexuality and power and the uses of literature in the healing of trauma and the construction of an authentic self **Childhood in Edwardian Fiction A.**

Gavin, A. Humphries, 2008-12-17 The first book length look at childhood in Edwardian fiction this book challenges assumptions that the Edwardian period was simply a continuation of the Victorian or the start of the Modern Exploring both classics and popular fiction the authors provide a compelling picture of the Edwardian fictional cult of childhood

Edinburgh Companion to Contemporary Scottish Literature Berthold Schoene, 2007-04-11 The Edinburgh Companion to Contemporary Scottish Literature examines the ways in which the cultural and political role of Scottish writing has changed since the country's successful referendum on national self rule in 1997 In doing so it makes a convincing case for a distinctive post devolution Scottish criticism Introducing over forty original essays under four main headings Contexts Genres Authors and Topics the volume covers the entire spectrum of current interests and topical concerns in the field of Scottish studies and heralds a new era in Scottish writing literary criticism and cultural theory It records and critically outlines prominent literary trends and developments the specific political circumstances and aesthetic agendas that propel them as well as literature's capacity for envisioning new and alternative futures Issues under discussion include class sexuality and gender nationhood and globalisation the New Europe and cosmopolitan citizenship postcoloniality

The Victorian Era in Twenty-First Century Children's and Adolescent Literature and Culture Sonya Sawyer Fritz, Sara K. Day, 2018-01-19 Victorian literature for audiences of all ages provides a broad foundation upon which to explore complex and evolving ideas about young people In turn this collection argues contemporary works for young people that draw on Victorian literature and culture ultimately reflect our own disruptions and upheavals particularly as they relate to child and adolescent readers and our experiences of them The essays therein suggest that we struggle now as the Victorians did then to assert a cohesive understanding of young readers and that this lack of cohesion is a result of or a parallel to the disruptions taking place on a larger even global scale

Toying with Childhood Usha Mudiganti, 2022-02-27 This book studies the dialectic relationship between the image of the child and the toy in literary depictions of childhood in 19th and 20th century Anglo American fiction Drawing from the psychoanalytic theories of Sigmund Freud Anna Freud D W Winnicott and Sudhir Kakar it analyses themes such as the heterogeneity of childhood and the construction of the ideals of childhood It explores the linkages between the ideals of childhood in Britain and its travel to America and further dissemination in British India It discusses the established tropes of childhood such as innocence a formative period the centrality of play and the presence of a toy to argue that the mores of childhood are culturally constructed and lead to the reification of a child into an image of perfection The author problematises the notion of essential innocence and discusses the repercussions of such stereotypes about childhood The work also highlights parallels between the ideals of childhood established in 19th century Britain and the portrayals of postcolonial Indian childhoods in 20th century Indian English literature Toying with Childhood will be useful for students and researchers of education childhood studies psychology sociology literature gender studies and development studies It will also appeal to general readers interested in cultural perceptions of childhood literary depictions of children and the works of Sigmund Freud

Representations of China in British Children's Fiction, 1851-1911 Shih-Wen Chen, 2016-04-08 In her extensively researched exploration of China in British children's literature Shih Wen Chen provides a sustained critique of the reductive dichotomies that have limited insight into the cultural and educative role these fictions played in disseminating ideas and knowledge about China Chen considers a range of different genres and types of publication travelogue storybooks historical novels adventure stories and periodicals to demonstrate the diversity of images of China in the Victorian and Edwardian

imagination Turning a critical eye on popular and prolific writers such as Anne Bowman William Dalton Edwin Harcourt Burrage Bessie Marchant G A Henty and Charles Gilson Chen shows how Sino British relations were influential in the representation of China in children s literature challenges the notion that nineteenth century children s literature simply parroted the dominant ideologies of the age and offers insights into how attitudes towards children s relationship with knowledge changed over the course of the century Her book provides a fresh context for understanding how China was constructed in the period from 1851 to 1911 and sheds light on British cultural history and the history and uses of children s literature
