Fiddletown from Gold Rush to Rediscovery Elaine Zorbas, 1997 **Banished & Embraced** Elaine Zorbas, 2015 Chinese from southeast China flocked to towns and encampments in the Sierra Nevada foothills during the Gold Rush to search for gold In the communities they established in Fiddletown and Amador County Chinese immigrants found support and strength despite prevailing anti Chinese prejudice This book gives an insight into their experience as they faced pressures from the greater society while maintaining their customs and connections with each other and with China The story of the Fiddletown Chinese community is told through the lives of the people who lived in its still existing Chinese herb store the Chew Kee Store especially Jimmie Chow the last Chinese person in Fiddletown Amador County John Poultney, 2006 Located in the heart of California s gold country rural Amador County has retained much of its gold rush era atmosphere even as modern times have influenced the populace and the landscape In the early days life was quite rugged here and lumberjacks hard rock miners and railroad men were a common sight Today much of the community s stunning natural setting remains nearly as sylvan and pristine as it was when the county was incorporated in 1854 Proud of an extensive and colorful history that includes mining lumber mountaineering Native Americans wine making agriculture and railroads Amador County residents truly enjoy this slowly evolving place they call home *Redemptive Dreams* Jason S. Sexton, 2023-11-10 An essential piece in California Studies *Redemptive Dreams* Engaging Kevin Starr s California offers the first critical engagement with the vision of California s most ambitious interpreter While Starr s multifaceted and polymathic vision of California offered a unique gaze synthesizing central features big themes and incredible problems with the propitious golden dream his eight volume California Dream series along with several other books and thousands of published articles and essays often puzzled historians and other scholars Historians in the contemporary school of critical historiography often found Starr s narrative approach seeking to tell the internal drama of the California story to be less attuned to the most important work happening in the field Such a perspective fails to acknowledge key developments in historical subfields like Black and African American Studies Chicana o x Studies Asian Studies Native Studies and others that draw from the narrative in their critical work and how this relates to Starr s contribution But it also neglects Starr as a theological interpreter Along with being a major figure in California institutional life with literary output spanning genres from journalism to critical cultural and political commentary to history and memoir Starr s unique contribution to California Studies as a distinctly Catholic historian has yet to be adequately understood Through his lived experience as a devout Catholic to the particular theological features of this faith tradition that animated his views this critical sociological perspective sheds new light on his project With contributions from sociology history and theology akin to investigations appearing in *Theology and California* *Theological Refractions* on California s Culture Routledge *Redemptive Dreams* offers interdisciplinary perspectives that highlight key features inherent in interdisciplinary theological reflection on place and illuminates these diverse disciplinary discourses as they appear in
