Book Bulletin Chicago Public Library, 1926 **The Catholic Dogma** Michael Muller, 2021-10-12 The Catholic Dogma Extra Ecclesiam Nullus Omnino Salvatur is a polemical work by Michael Muller prolific Catholic priest and author It consists to a large extent of lengthy quotes from such authorities of old ages as Pius IX St Bellarmine St Augustine St Alphonsus Liguori St Thomas Aquinas and also from some authorities of modern days The book proposes the strict interpretation of the dogma in accordance with Scripture and the Magisterium and it explains the perennial truths of the Catholic faith regarding no salvation outside the Church The Catholic Historical Review ,2003 *The Recorder* ,1923 The Tracy Log Book Anne Mazlish, 1997-07 *American Ecclesiastical Review* Herman Joseph Heuser, 1925 **Books of 1926(-1928).**

Cumulated from the Book Bulletin of the Chicago Public Library CHICAGO. Chicago Public Library, 1928 **Boston Priests, 1848-1910** Donna Merwick, 1973 Donna Merwick rejects the usual assumption that Boston Catholicism is definitively Irish Catholicism In her penetrating study of three distinct generations of Boston priests in the late nineteenth century the author shows that Irish Catholicism met with steady opposition Her account of the struggle of Boston clerics and intellectuals to relate their faith to their experiences in the changing city provides a new interpretation of Boston Catholic culture In the 1840s Catholic influence in Boston was minimal and therefore accepted The clergy like other Bostonians took pride in the city's history and colonial traditions In measuring the impact of the massive Irish Catholic immigration of the 1850s upon this first group of priests the author traces in part the desperate efforts of Archbishop John J Williams to maintain Boston's genteel traditions The character of the clergy changed from the first generation in which priests wrote novels and

radical editorials to a second generation in which the influence of European Catholicism was strengthened Immigrant priests and their Irish parishioners eventually outnumbered the Yankee Catholics but they nevertheless failed to win genuine leadership in the diocese A third group of priests emerging in the 1890s under the leadership of Cardinal William O Connell displaced not only two generations of clergymen but also two ways of life one which sought to leave a legacy of admiration for the Boston Protestant heritage and one which never understood Boston and tried to replace its cultural ways with something Irish European and Jansenistic O Connell who had the Progressive s instinct for organization imposed a kind of intellectual martial law on the clergy which discouraged even punished nonconformity It is only at this point that it becomes reasonable to consider the traditional view that Boston Catholic thought is monolithic
