McGovern,2009-01-06 At the turn of the twentieth century an emerging consumer culture in the United States promoted constant spending to meet material needs and develop social identity and self cultivation In *Sold American* Charles F McGovern examines the key players active in shaping this cultural evolution advertisers and consumer advocates McGovern argues that even though these two professional groups invented radically different models for proper spending both groups propagated mass consumption as a specifically American social practice and an important element of nationality and citizenship Advertisers McGovern shows used nationalist ideals icons and political language to define consumption as the foundation of the pursuit of happiness Consumer advocates on the other hand viewed the market with a republican inspired skepticism and fought commercial incursions on consumer independence The result says McGovern was a redefinition of the citizen as consumer The articulation of an American Way of Life in the Depression and World War II ratified consumer abundance as the basis of a distinct American culture and history Teaching for Diversity and Social Justice Maurianne Adams, Lee Anne Bell, Pat Griffin,1997 A sourcebook that addresses the need to facilitate communication and understanding between members of diverse social groups providing a framework in which students can engage and critically analyze several forms of social oppression *The Complete Naturalist* Nick Baker,2015-05-21 A complete practical introduction to observing understanding and investigating the natural world written by an experienced and well travelled naturalist Nick Baker s fascination with the natural world began at an early age inspired by Gerald and Lee Durrell s classic book *The Amateur Naturalist* Whether you want to understand what makes an insect and insect rear a family of frogs for your garden pond or record bird songs and calls Nick can give you all the advice and information you need Fact packed and brimming with practical tips techniques and activities *The Complete Naturalist* offers a rich source of new ideas for more experienced naturalists as well as sparking the natural curiosity of a whole new generation From communicating with wild animals to setting up an aquarium this is the naturalist s guide no family bookshelf should be without Nick is an experienced and well travelled naturalist and his book includes his international experiences **The Sociology of Housing** Brian J. McCabe,Eva

Rosen,2023-10-19 A landmark volume about the importance of housing in social life In 1947 the president of the American Sociological Association argued for the importance of housing as a field of sociological research Yet seventy five years later the sociology of housing has not developed as a distinct field leaving efforts to understand housing s place in society to other disciplines such as economics and urban planning This volume intends to change that solidifying the place of housing studies as a distinct subfield within the discipline of sociology showing that housing is both an important element of sociology and a significant component of social life that deserves dedicated attention as a distinct area of research To do so the book takes stock of the current field of scholarship and provides new directions for study The contributors showcase the very best traditions of sociology they draw on diverse methodological approaches present unique field sites and data sources and foreground sociological theory to understand contemporary housing issues The Sociology of Housing will be a landmark volume used by researchers and students alike as an introduction to this crucial field and a map of its future potential
