Field Don Eulert,1985 *Far Beyond the Field* Makoto Ueda,2003-03-17 *Far Beyond the Field* is a first of its kind anthology of haiku by Japanese women collecting translations of four hundred haiku written by twenty poets from the seventeenth century to the present By arranging the poems chronologically Makoto Ueda has created an overview of the way in which this enigmatic seventeen syllable form has been used and experimented with during different eras At the same time the reader is admitted to the often marginalized world of female experience in Japan revealing voices every bit as rich and colorful and perhaps even more lyrical and erotic than those found in male haiku Listen for instance to Chiyojo who worked in what has been long thought of as the dark age of haiku during the eighteenth century but who composed exquisitely fine poems tracing the smallest workings of nature Or Katsuro Nobuko who wrote powerfully erotic poems when she was widowed after only two years of marriage And here too is a voice from today Mayuzumi Madoka whose meditations on romantic love represent a fresh new approach to haiku **The Radical Field** Tony McManus,2007 That the work of Kenneth White is a landmark not only in Scottish literature but in the field of world writing and thought is something that many people have known for a long time But if the influence of White s work has been spreading and will continue to do so relatively few people even yet have a sense of its complete range The aim of the late Tony McManus writer musician and educationalist who went deeply into White s work in French and English over many years is to do just that We have very few books that register a real breakthrough This is one of them *Gleanings in Buddha Field* Lafcadio Hearn,2012-07-17 This classic text about Buddhism in Japan by Lafcadio Hearn one of the first Westerners to write about Japan will be of great interests to scholars and Japanophiles alike Lafcadio Hearn s books continue to charm and captivate readers as the exotic subjects about which he wrote charmed and captivated him *Gleanings In Buddha Fields* presents more Hearn magic as he enters into the spirit of Buddhism as though he were born into it Hearn says that if he were a god dwelling in some old Izumo shrine on the summit of a hill then as air to the bird as water to the fish so would all substance be permeable to the essence of me I should pass at will into the walls of my dwelling to swim in the long gold bath of a sunbeam to thrill in the heart of a flower to ride on the neck of a dragonfly He writes of a trip to Kyoto telling of hazy autumn rice fields with dragonflies darting over the drooping grain maples crimsoning above a tremendous gorge ranges of peaks steeped in morning mist and a peasant s cottage perched on the verge of some dizzy mountain road Environment Poetry Andrew Frolish,2012-10-19 This is a great new resource that provides a selection of poems lesson plans and worksheets designed to be used by Key Stage 2 teachers in literacy lessons The poems and lesson plans are based on a variety of environmental issues such as recycling dramatic weather changes and environmental disasters like oil spills The book contains 24 lessons with cross curricular links to support learning in other subject areas Their interest coincides with the need for schools to raise awareness of environmental concerns and to become more sustainable organisations **Circling Home** John

Copyright Office,1978 **Linked Verse in Medieval Japan** H. Mack Horton,2025-09-23 Linked verse renga was the most popular form of poetry in Japan's medieval era c 1200-1600 CE. Renga poets linked verses of seventeen and fourteen syllables into long sequences in accordance with complex rules and literary allusions; the first verse, which initially stood alone, was the ancestor of the modern haiku. Courtiers, warriors, and commoners alike practiced linked verse in an atmosphere of literary artistry, scholarship, social sensitivity, and charged competition. The masters were often invited at great expense to warrior domains to preside at linked verse sessions and provide instruction in the art and in allied works of the classical canon such as *The Tale of Genji*. Some of Japan's most famous poets, among them Sōgi and Bashō, not only composed renga sequences still revered today but also made important contributions to the study of renga history, theory, composition, and etiquette. This book is the most comprehensive work in English on premodern Japanese linked verse. It includes a history of the genre in both its formal, *ushin*, and unorthodox *haikai* manifestations up through the time of Bashō; an introduction to linked verse composition and commentaries; and an overview of the art's performative aspects. These three parts are each linked to original English translations, an early treatise on renga history, theory, and rules; a particularly intricate hundred-verse sequence and its contemporary commentaries; and two guides to mental attitude and deportment at a renga session. Wide-ranging and erudite, *Linked Verse in Medieval Japan* is a masterful account of the history, theory, and practice of one of Japan's great art forms.
