Brock, James P. Brock, Kenn Kaufman, 2003 Describes and illustrates over 2 300 North American butterflies and includes range maps a pictorial table of contents and full indexes Chris Packham's Back Garden Nature Reserve Chris Packham, 2015-02-26 Written by the renowned TV presenter Chris Packham this is a readable practical guide to attracting wildlife to your garden Many of Britain's plants and animals have come to rely upon gardens as an essential lifeline as their natural habitats come under increasing pressure from human activity and global warming This comprehensive book explains the best ways to attract wildlife to gardens and encourage it to stay there Written in a light hearted yet passionate and authoritative style the guide challenges popular notions of weeds and pests and invites gardeners to think again about the choices they make Chris Packham's informative and lively text is complemented by attractive photographs and illustrations that will encourage an interest in the natural world on your doorstep whether your garden is a rural idyll or an urban window box Chris argues that we have become so spellbound by nature's celebrities tigers pandas and their ilk that we are in danger of overlooking the most exciting species of all those that we can touch smell and observe in our own backyard Oil Paintings from the Landscape Rachel Shirley, 2004 Now with large images for tablets Generously illustrated explanations and step by step demonstrations enable budding oil painters to improve and develop their skills and unique style The many facets of the landscape including water skies shadows trees and buildings are covered with discussions on capturing even the most subtle variations in light and weather Work with versatile techniques such as impasto glazing loose brushwork wet into wet and more to achieve stunning effects and different moods Make the most of photographs and enjoy painting in the open air An overview of materials and their basic usage will be especially helpful to the true novice Women and the Collaborative Art of Gardens Robert Caputo, 2002

Victoria E. Pagán, Judith W. Page, 2023-11-30 *Women and the Collaborative Art of Gardens* explores the garden and its agency in the history of the built and natural environments as evidenced in landscape architecture literature art archaeology history photography and film Throughout the book each chapter centers the act of collaboration from garden clubs of the early twentieth century as powerful models of women's leadership to the more intimate partnerships between family members to the delicate relationship between artist and subject Women emerge in every chapter whether as gardeners designers owners writers illustrators photographers filmmakers or subjects but the contributors to this dynamic collection unseat common assumptions about the role of women in gardens to make manifest the significant ways in which women write themselves into the accounts of garden design practice and history The book reveals the power of gardens to shape human existence even as humans shape gardens and their representations in a variety of media including brilliantly illuminated manuscripts intricately carved architectural spaces wall paintings black and white photographs and wood cuts Ultimately the volume reveals that gardens are best apprehended when understood as products of collaboration The book will be of interest to scholars and students of gardens and culture ancient Rome art history British literature medieval France film studies women's studies photography African American Studies and landscape architecture
