Fields of Little America Martin W. Bowman,2001-11-01 More Than Courage Phil Nordyke,2008-10-21 Drawing on many oral and unpublished written accounts from veterans of the 504th Parachute Infantry Regiment Phil Nordyke brings the history of the regiment to life conveying with remarkable immediacy and power what it was like to be there This is history as it was lived by the men of the 504th from their pre war coming of age in the regiment through the end of World War II when they marched in the Victory Parade down Fifth Avenue in New York The 504th earned three bronze stars for their parachute wings one for each of their combat jumps *Antarctic Journal of the United States* ,1985 **Annual Report for Fiscal Year ...** National Science Foundation (U.S.),1954 Field Leadership Ken Shelton,2020-06-10 You already live work or play in a field but do you exercise proactive and principled leadership in your field During the decade of the 2020s you will be challenged and may be displaced your life disrupted by unforeseen events and conditions requiring you to make uncomfortable changes and perhaps enter new fields Field Leadership is an inspiring and practical guide for all those who perform in any field that expects them to excel as individuals and as team members and achieve desired wins and impressive results in spite of tough competition and market undulations With faith and focus you might lead yourself and others to achieve a 3X yield in your field *A History of English Field Names* John Field,2014-07-15 Field names are not only interesting in themselves but also a rich source of information about the communities originating them The earliest recorded names often describe only the location or nature of the land but changes in language technology social organisation land ownership and even religious and political thinking have all contributed to a surprisingly complex picture today A pioneering history *Innocents on the Ice* John C. Behrendt,2013-12-01 Adventures in the Antarctic only happen when someone makes a mistake From the Preface In 1956 John C Behrendt had just earned his master s degree in geophysics and obtained a position as an assistant seismologist in the International Geophysical Year glaciological program He sailed from Davisville Rhode Island to spend eighteen months in Antarctica with the IGY expedition as part of a U S Navy supported scientific expedition to establish Ellsworth Station on the Filchner Ice Shelf Innocents on the Ice is a memoir based on Behrendt s handwritten journals looking back on his daily entries describing his life and activities on the most isolated of the seven U S Antarctic stations Nine civilians and thirty Navy men lived beneath the snow together and intense personal conflicts arose during the dark Antarctic winter of 1957 Little outside contact was available to ease the tension with no mail delivery and only occasional radio contact with families back home The author describes the emotional stress of the living situation along with details of his parties explorations of the Filchner Ronne Ice Shelf system during the summers of 1957 and 1958 Along the hazardous 1 300 mile traverse in two Sno Cats the field party measured ice thickness and snow accumulation as part of an international effort to determine the balance of the Antarctic ice sheet and made the first geological observations of the spectacular Dufek Massif in the then unexplored Pensacola Mountains Behrendt also draws

upon his forty years of continual participation in Antarctic research to explain the changes in scientific activities and environmental awareness in Antarctica today Including photos maps and a glossary identifying various forms of ice Innocents on the Ice is a fascinating combination of the diary of a young graduate student and the reflections of the accomplished scientist he became Draft Resource Management Plan/environmental Impact Statement for the Kemmerer Resource Area, Kemmerer, Wyoming ,1985 **Field Report, Oceanographic Observations, U.S. Navy Antarctic Expedition, 1954-1955** United States.
