Russell MUIRHEAD, Russell Muirhead

Fields Without Dreams Defending The Agrarian Idea:

Fields Without Dreams Victor Davis Hanson, 1996 During the 1980s 2 000 family farms went out of business every week Fields Without Dreams tells Hanson s passionate angry loving and lyrical story A fifth generation California vine and fruit grower Hanson and his family faced an overwhelming personal crisis when the great raisin boom of the 1970s was followed by the great raisin crash of the 1980s

Black Earth and Ivory Tower Zachary Michael Jack, 2005 The collected reflections and wisdoms of 30 contemporary farmer writer teachers Heralding the seventy fifth anniversary of the quintessential agrarian anthology I ll Take My Stand Zachary Michael Jack himself a fourth generation farmer s son has assembled North America s foremost contemporary writers on the present rural experience to provide their own twenty first century insights In the grand tradition of farmer writers Robert Frost Henry David Thoreau and Andrew Lytle Black Earth and Ivory Tower New American Essays from Farm and Classroom gathers the disparate wisdoms of modern day stewards of the land including Victor David Hanson Michael Martone Linda Hasselstrom John Hildebrand Country Things cartoonist Bob Artley and Duane Acker former U S Assistant Secretary of Science and Education and former president of Kansas State University These gifted teachers and growers offer hard won inspiration from the field and the classroom exemplifying the multifaceted farm grounded talents that call them to lives as writers visual artists conservation tillers environmentalists economists policymakers extension agents and grassroots activists Seeking a balanced life that reconciles the hands heart and head they follow roads less traveled to find agrarian lifestyles at once enlightening and challenging At a time when less than two percent of Americans count themselves as farmers these writers all of whom have cultivated the earth and climbed the ivory tower underscore the diversity of the American farm as a wellspring of learning Their plainspoken commentaries on modern farming teaching and living will remind older generations of time honored agrarian values and provide a new generation with a literate critical account of shifting national priorities

Ambush Rose Mary Sheldon, 2012-10-24 A historian of military intelligence presents a revelatory account of ancient Greek battle tactics including the use of espionage and irregular warfare There are two images of warfare that dominate Greek history The better known is that of Achilles the Homeric hero skilled in face to face combat and outraged by deception on the battlefield The alternative model also taken from Homeric epic is Odysseus the man of twists and turns who saw no shame in winning by stealth surprise or deceit It is common for popular writers to assume that the hoplite phalanx was the only mode of warfare used by the Greeks The fact is however that the use of spies intelligence gathering ambush and surprise attacks at dawn or at night were also a part of Greek warfare While such tactics were not the supreme method of defeating an enemy they were routinely employed when the opportunity presented itself

The Future of Tradition Leon Shaskolsky Sheleff, 2013-09-05 Recent years have seen an increased interest in the variety of cultures co existing within one state and a growing acknowledgement of the values ensconced in pluralistic social structures this book examines the manner in which indigenous people can function in modern

states preserving their traditional customs while simultaneously adapting aspects of their culture to the challenges posed by modern life Whereas it was formerly assumed that these tribal frameworks were doomed to extinction and some states even encouraged such a process there has been a revival in their vitality linked to a recognition of their rights The book offers a comprehensive survey of various aspects of tribal life focusing on political issues such as the meaning of sovereignty legal issues dealing with the role of custom and social issues concerned with sustaining communal life A focused study is made of a whole series of legal factors relating to possession and ownership of land religious rites the nature of polygamous marriages the assertion of group rites the manner of peacefully resolving disputes and allied questions Recent judicial decisions are analysed as a reflection of the far reaching changes that have taken place in a process that has seen the former disregard of basic rights of indigenous people being replaced by an awareness of the injustices perpetrated in the past and a willingness to seek to redress them The comparison between approaches of different English speaking countries provides an account of interwoven developments

Fundamentals of Weed Science Robert L Zimdahl,Nicholas T. Basinger,2024-02-14

Fundamentals of Weed Science Sixth Edition places weed management in the context of weed research and science presenting the latest advances in the role control and potential uses of weed plants This book uses an ecological framework to explore the role of responsible and effective weed control in agriculture from the emergence and genetic foundation of weeds to the latest means of control and environmental effects Fully revised updated and expanded Fundamentals of Weed Science now includes insights into international trade and consumer preferences weed seedbanks advancements in robotic weeding weed flaming and the potential of precision agriculture in weed science Includes an emphasis on herbicide resistance and molecular biology both of which have come to dominate weed science research Covers all traditional aspects of weed science as well as current research Provides broad coverage including relevant related subjects like weed ecology and weed population genetics

A Companion to American Agricultural History R. Douglas Hurt,2022-05-11 Provides a solid foundation for understanding American agricultural history and offers new directions for research A Companion to American Agricultural History addresses the key aspects of America s complex agricultural past from 8 000 BCE to the first decades of the twenty first century Bringing together more than thirty original essays by both established and emerging scholars this innovative volume presents a succinct and accessible overview of American agricultural history while delivering a state of the art assessment of modern scholarship on a diversity of subjects themes and issues The essays provide readers with starting points for their exploration of American agricultural history whether in general or in regards to a specific topic and highlights the many ways the agricultural history of America is of integral importance to the wider American experience Individual essays trace the origin and development of agricultural politics and policies examine changes in science technology and government regulations offer analytical suggestions for new research areas discuss matters of ethnicity and gender in American agriculture and more This Companion Introduces readers to a uniquely wide range of topics within the

study of American agricultural history Provides a narrative summary and a critical examination of field defining works Introduces specific topics within American agricultural history such as agrarian reform agribusiness and agricultural power and production Discusses the impacts of American agriculture on different groups including Native Americans African Americans and European Asian and Latinx immigrants Views the agricultural history of America through new interdisciplinary lenses of race class and the environment Explores depictions of American agriculture in film popular music literature and art A Companion to American Agricultural History is an essential resource for introductory students and general readers seeking a concise overview of the subject and for graduate students and scholars wanting to learn about a particular aspect of American agricultural history

Modern Jeremiahs Mark Stephen Jendrysik, 2008-01-01 This book identifies where modern Jeremiahs place the sources of national decline and their purposed solutions and its analysis also reveals the central problem faced by this form of writing the need to balance condemnation of certain practices within the democratic polity with calls for repentance For these writers and political actors the tensions created by these demands prove impossible to resolve as the modern jeremiad further divides an already divided nation

Part-time Farming, Small Farms, and Small-scale Farming in the United States, 1997 *In the Land of the Wild Onion* Charles Fish, 2006 A lyrical and insightful journey of discovery down Vermont's Winooski River

Business and Religion Nicholas Capaldi, 2005 *Trojan Horses* Page DuBois, 2001-03-01 A passionate reexamination of the ancient world and the lessons we can draw from antiquity In today's turbulent cultural moment it is all too common for conservatives to invoke the wisdom of the ancient Greeks in the name of timeless virtues At the same time critics have charged that multiculturalists have hopelessly corrupted the study of antiquity itself and that the teaching of Classics is dead *Trojan Horses* is Page duBois's answer to scholars and theorists such as Camille Paglia Allan Bloom and William Bennett who have appropriated antiquity in the service of a conservative political agenda She challenges cultural conservatives appeal to the authority of the Classics by revealing their presentation of ancient Greece as simplistic ahistorical and irreparably distorted by their politics In its devastating critique of these pundits *Trojan Horses* presents a more complex and more accurate view of ancient Greek politics sex and religion In her incisive examinations of figures such as Daedalus and Artemis duBois eloquently conveys their complexity and passion but also unearths actions and beliefs that do not square so easily with today's conservative values As duBois writes Like Bennett I think we should study the past but not to find nuggets of eternal wisdom Rather we can comprehend in our history a fuller range of human possibilities of beginnings of error and of difference In these chapters duBois offers readers a view of the ancient Greeks that is more nuanced more subtle more layered and in every way more historical than the portrait many of today's scholars strive to display in our classrooms Sharp timely and engaging *Trojan Horses* portrays the richness of ancient Greek culture while riding in to rescue the Greeks from the new barbarians

Place, Race, and Story Ned Kaufman, 2009-09-11 In *Place Race and Story* author Ned Kaufman has collected his own

essays dedicated to the proposition of giving the next generation of preservationists not only a foundational knowledge of the field of study but more ideas on where they can take it Through both big picture essays considering preservation across time and descriptions of work on specific sites the essays in this collection trace the themes of place race and story in ways that raise questions stimulate discussion and offer a different perspective on these common ideas Including unpublished essays as well as established works by the author Place Race and Story provides a new outline for a progressive preservation movement the revitalized movement for social progress

Under The Blade Thomas Lyson, 2018-05-04 Under the Blade The Conversion of Agricultural Landscapes examines the patterns causes and consequences of current land use decisions in the United States particularly the conversion of farmland to housing roads and other development Changes in land use are the result of complex interactions among law economics landscape characteristics social and political forces ethics and aesthetics By examining farmland loss from each of these perspectives and then integrating the results into policy recommendations Under the Blade makes an important contribution to the ongoing debate on the optimal use of a finite resourceland In 1998 the last farm in Des Plaines Illinois was subdivided Seven acres along the Niobrara River in north central Nebraska sold for USD5700 per acre twenty times the price for agricultural use Waukesha County Wisconsin although still largely in agriculture has been almost entirely zoned for small lot subdivisions Nationwide the cumulative effect of thousands of individual land use decisions is an orgiastic devouring of the countryside that consumes at least 1 4 million acres of rural land each year and fragments a much larger area The effects on landscape functions include loss of agricultural production water pollution increases in local runoff and flooding loss of habitat and biodiversity and the loss of natural beauty In exchange we get malls retail strips and an ugly sprawl that degrades people and community How have we come to this and more importantly how might we find a better sustainable approach to the use of land Land use decisions are the result of complex interactions among law economics landscape characteristics population growth social and political forces ethics and aesthetics Under the Blade The Conversion of Agricultural Landscapes examines the loss of farmland and other rural lands from each of these perspectives and shows how interactions among different factors greatly complicate sustainable land management Included throughout the seven main chapters of the book are descriptions of some of the tools and strategies that can be used to preserve farmland and guide development The application of these tools is illustrated by 22 case studies of towns and regions throughout the United States each with a somewhat different challenge response and degree of success or failure Dietrich Bonhoeffer a Protestant theologian hanged by the Nazis in 1945 stated that the ultimate test of a moral society is the kind of world that it leaves to its children Our current choices in the use of the land are among the most important factors shaping that future world and Under the Blade demonstrates that the quality of that future is far from certain

Dryland Lament Peter R. Sandberg, 2022-04-29 In the late 19th and early 20th centuries America s High Plains witnessed a startling onrush of settlers But these lands are unforgiving dreams failed and a great dwindling followed A

dying land shapes its residents how they think how they live and where they place their faith But while the High Plains are dry flat and mostly treeless the region is not yet lifeless Many persist and even thrive Peter R Sandberg meditates on a region and its people drawing on memories of ordinary yet remarkable individuals striving to flourish in a place that just might not want them He melds compelling narratives about the people he knew with insights into prairie life and humanity itself drawing out joy tragedy faith hope and meaning Throughout the book the author reflects on how his dry windy isolated upbringing shaped who he is and how he views people and the world He draws on his childhood in Northwest Kansas followed by decades spent across much of the rest of America to examine life on the High Plains and how it compares with the rest of the country Ultimately this book provides a message of perseverance from the heartland for a nation seeking to find its way

American Georgics Edwin C. Hagenstein, Sara M. Gregg, Brian Donahue, 2011-01-01 From Thomas Jefferson's Monticello to Michelle Obama's White House organic garden the image of America as a nation of farmers has persisted from the beginnings of the American experiment In this rich and evocative collection of agrarian writing from the past two centuries writers from Hector St Jean de Crevecoeur to Wendell Berry reveal not only the great reach and durability of the American agrarian ideal but also the ways in which society has contested and confronted its relationship to agriculture over the course of generations Drawing inspiration from Virgil's agrarian epic poem *Georgics* this collection presents a complex historical portrait of the American character through its relationship to the land From the first European settlers eager to cultivate new soil to the Transcendentalist utopian and religious thinkers of the nineteenth century American society has drawn upon the vision of a pure rural life for inspiration Back to the land movements have surged and retreated in the past centuries yet provided the agrarian roots for the environmental movement of the past forty years Interpretative essays and a sprinkling of illustrations accompany excerpts from each of these periods of American agrarian thought providing a framework for understanding the sweeping changes that have confronted the nation's landscape

Just Work Russell Muirhead, Russell Muirhead, 2009-06-30 This elegant essay on the justice of work focuses on the fit between who we are and the kind of work we do Muirhead shows how the common hope for work that fulfills us involves more than personal interest it also points to larger understandings of a just society

Grounded Vision William H. Major, 2011-04-13 In *Grounded Vision* William Major puts contemporary agrarian thinking into a conciliatory and productive dialogue with academic criticism He argues that the lack of participation in academic discussions means a loss to both agrarians and academics since agrarian thought can enrich other ongoing discussions on topics such as ecocriticism postmodernism feminism work studies and politics especially in light of the recent upsurge in grassroots cultural and environmental activities critical of modernity such as the sustainable agriculture and slow food movements

The Soul of Battle Victor Davis Hanson, 1999 From the author of the international bestseller *The Western Way of War* comes a fresh exciting look at three armies whose intense spirit of mission coupled with the genius of their leaders led them to triumph Maps

American Harvest Marie Mutsuki Mockett, 2020-04-07 An epic story of the American wheat harvest the politics of food and the culture of the Great Plains For over one hundred years the Mockett family has owned a seven thousand acre wheat farm in the panhandle of Nebraska where Marie Mutsuki Mockett's father was raised Mockett who grew up in bohemian Carmel California with her father and her Japanese mother knew little about farming when she inherited this land Her father had all but forsworn it In *American Harvest* Mockett accompanies a group of evangelical Christian wheat harvesters through the heartland at the invitation of Eric Wolgemuth the conservative farmer who has cut her family's fields for decades As Mockett follows Wolgemuth's crew on the trail of ripening wheat from Texas to Idaho they contemplate what Wolgemuth refers to as the divide inadvertently peeling back layers of the American story to expose its contradictions and unhealed wounds She joins the crew in the fields attends church and struggles to adapt to the rhythms of rural life all the while continually reminded of her own status as a person who signals not white but who people she encounters can't quite categorize *American Harvest* is an extraordinary evocation of the land and a thoughtful exploration of ingrained beliefs from evangelical skepticism of evolution to cosmopolitan assumptions about food production and farming With exquisite lyricism and humanity this astonishing book attempts to reconcile competing versions of our national story [A War Like No Other](#)

Victor Davis Hanson, 2011-11-30 One of our most provocative military historians Victor Davis Hanson has given us painstakingly researched and pathbreaking accounts of wars ranging from classical antiquity to the twenty first century Now he juxtaposes an ancient conflict with our most urgent modern concerns to create his most engrossing work to date *A War Like No Other* Over the course of a generation the Hellenic city states of Athens and Sparta fought a bloody conflict that resulted in the collapse of Athens and the end of its golden age Thucydides wrote the standard history of the Peloponnesian War which has given readers throughout the ages a vivid and authoritative narrative But Hanson offers readers something new a complete chronological account that reflects the political background of the time the strategic thinking of the combatants the misery of battle in multifaceted theaters and important insight into how these events echo in the present Hanson compellingly portrays the ways Athens and Sparta fought on land and sea in city and countryside and details their employment of the full scope of conventional and nonconventional tactics from sieges to targeted assassinations torture and terrorism He also assesses the crucial roles played by warriors such as Pericles and Lysander artists among them Aristophanes and thinkers including Sophocles and Plato Hanson's perceptive analysis of events and personalities raises many thought provoking questions Were Athens and Sparta like America and Russia two superpowers battling to the death Is the Peloponnesian War echoed in the endless frustrating conflicts of Vietnam Northern Ireland and the current Middle East Or was it more like America's own Civil War a brutal rift that rent the fabric of a glorious society or even this century's red state blue state schism between liberals and conservatives a cultural war that manifestly controls military policies Hanson daringly brings the facts to life and unearths the often surprising ways in which the past informs the present Brilliantly

researched dynamically written A War Like No Other is like no other history of this important war
