Fieldwork An Expeditionary Learning Outward Bound Reader Vol I:

Fieldwork Emily Cousins, Melissa Rodgers, 1995 **Women Pioneers of Public Education** J. Herbst, 2008-11-10 The book narrates the story of how the school founded by women pioneers of public education in a Rocky Mountain mining settlement became the centre and sustaining force of the town's community life from its beginning in the 1870s to the present day

Urban Education with an Attitude Lauri Johnson, Mary E. Finn, Rebecca Lewis, 2012-02-01 This book profiles local and national efforts to transform urban education and reinvent urban teacher preparation. It describes real programs in real urban schools that have developed policy initiatives that promote educational equity, community-based curricula, and teacher education and parent empowerment programs that emphasize democratic collaboration among universities, urban teachers, parents, and community members. By involving all stakeholders, this comprehensive approach provides a model for creating urban schools that not only excite and inspire but also serve as engines for social change. Contending that urban education reform will fail without public engagement and a commitment to social justice, the contributors challenge urban educators to become accountable to their students and the communities they serve

Journey Toward the Caring Classroom Laurie S. Frank, 2004 Describes how to create an effective learning environment in which students share common interests and goals

English Language Arts, Grade 8 Module 1 PCG Education, 2015-10-26 Jossey Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts ELA curriculum and professional development resources for grades 6-12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require, Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies, and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research, and write from sources and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6-12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes Nationally recognized professional development from an organization that has been immersed in the new standards since their inception, blended learning experiences for teachers and leaders that enrich and extend the learning, a train-the-trainer program that builds capacity, and provides resources and individual
