**Unmasking Class, Gender, and Sexuality in Nicaraguan Festival** Katherine Borland, 2023-01-10 Masaya a provincial capital of Nicaragua cultivates an aggressively traditional identity that contrasts with Managua's urban modernity In 2001 the city was officially designated Capital of Nicaraguan Folklore yet residents have engaged in a vibrant folk revival since at least the 1960s This book documents the creative innovations of Masaya's performing artists The first extended study in English of Nicaraguan festival arts Unmasking Class Gender and Sexuality in Nicaraguan Festival is an ethnographically and historically grounded inquiry into three festival enactments during the Somoza Sandinista and Neoliberal periods the carnivalesque torovenado masquerades the transvestite Negras marimba dances and the wagon pilgrimage to Popoyuapa Through a series of interlinked essays Katherine Borland shows that these enactments constitute a people's theater articulating a range of perspectives on the homegrown and the global on class race and ethnicity on gender and sexuality and on religious sensibilities Borland's book is a case study of how the oppositional power of popular culture resides in the process of cultural negotiation itself as

communities deploy cherished traditions to assert their difference from the nation and the world. It addresses both the gendered dimensions of a particular festival masquerade and the ways in which sexuality is managed in traditional festival transvestism. It demonstrates how performativity and theatricality interact to negotiate certain crucial realities in a festival complex. By showing how one locale negotiates, incorporates, and resists globally circulating ideas, identities, and material objects, it makes a major contribution to studies of ritual and festival in Latin America.

*Indian and Nation in Revolutionary Mexico* Alexander S. Dawson, 2020-08-04. During the 1920s and 1930s in Mexico, both intellectuals and government officials promoted ethnic diversity while attempting to overcome the stigma of race in Mexican society. Programs such as the Indigenista movement represented their efforts to redeem the Revolution's promise of a more democratic future for all citizens. This book explores three decades of efforts on the part of government officials, social scientists, and indigenous leaders to renegotiate the place of native peoples in Mexican society. It traces the movement's origins as a humanitarian cause among intellectuals, the involvement of government in bringing education, land reform, cultural revival, and social research to Indian communities, and the active participation of Indian peoples. Traditionally, scholars have seen Indigenismo as an elitist formulation of the Indian problem. Dawson instead explores the ways that the movement was mediated by both elite and popular pressures over time. By showing how Indigenismo was used by a variety of actors to negotiate the shape of the revolutionary state, from anthropologist Manuel Gamio to President Lázaro Cárdenas, he demonstrates how it contributed to a new pact of domination between indigenous peoples and the government. Although the power of the Indigenistas was limited by the fact that Indian remained a racial slur in Mexico, the indigenas capacitados empowered through Indigenismo played a central role in ensuring seventy years of PRI hegemony. In studying the confluence of state formation, social science, and native activism, Dawson's book offers a new perspective for understanding the processes through which revolutionary hegemony emerged.
