Clay Someone is killing Lord Vetinari Patrician of Ankh Morpork No one knows who no one knows why and worst of all no one knows how he just gets weaker and weaker But it's not just Vetinari across the city people are being murdered but there's no trace of anything alive having been at the crime scene Commander Vimes Head of the City Watch is a man who hates clues He and his team must question everyone the butcher the baker the candlestick maker In a city teeming with vampires werewolves dwarfs with attitude and golems Vimes must solve the crimes and save the Patrician The Rince Cycle As a

punishment failed wizard Rincewind is given the task of guiding and safeguarding the Disc's first tourist Twoflower with his magical luggage on legs. As they travel the city and beyond they meet the world's oldest hero Cohen the Barbarian. With him and with Bethan a qualified sacrificial victim they encounter druids, trolls, adventurers, a hairdresser and a power-crazed wizard Oh and Death. But not fatally. Did we mention that Rincewind also has to save the world from destruction by a huge red star that will collide with the Discworld at Hogswatch? The Rince Cycle is mostly based on *The Light Fantastic* with bits of *The Colour of Magic* and *Sourcery* added for good measure. Unseen Academicals: Two households both alike in dignity in fair Ankh-Morpork where we lay our scene. Football divides the city. Each area has its own team and rivalry means supporters never mix. Until a Dimwell fan falls for a Dolly Sisters girl. And now an ancient bequest means the wizards of Unseen University must win a football match without using magic. Luckily they're coached by the mysterious Mr Nutt and no one knows anything much about Mr Nutt not even Mr Nutt which worries him too. As the match approaches four lives are entangled and changed forever. Because the thing about football the important thing about football is that it is not just about football.

The Science of Discworld Terry Pratchett, Ian Stewart, Jack Cohen, 2014-06-03 Not just another science book and not just another Discworld novella. *The Science of Discworld* is a creative mind-bending mash-up of fiction and fact that offers a wizard's eye view of our world that will forever change how you look at the universe. Can Unseen University's eccentric wizards and orangutan Librarian possibly shed any useful light on hard rational Earthly science? In the course of an exciting experiment the wizards of Discworld have accidentally created a new universe. Within this universe is a planet that they name Roundworld. Roundworld is of course Earth and the universe is our own. As the wizards watch their creation grow Terry Pratchett and acclaimed science writers Ian Stewart and Jack Cohen use Discworld to examine science from the outside. Interwoven with the Pratchett's original story are entertaining enlightening chapters which explain key scientific principles such as the Big Bang theory and the evolution of life on earth as well as great moments in the history of science.

Lords and Ladies Terry Pratchett, 2021-04-22 It's Midsummer Night, no time for dreaming. Because sometimes when there's more than one reality at play too much dreaming can make the walls between them come tumbling down. Unfortunately there's usually a damned good reason for there being walls between them in the first place to keep things out. Things who want to make mischief and play havoc with the natural order. Granny Weatherwax and her tiny coven of witches are up against real elves. And they're spectacularly nasty creatures. Even in a world of dwarves, wizards, trolls, Morris dancers and the odd orang-utan this is going to cause trouble. Adapted by Terry Pratchett's long-time collaborator Stephen Briggs, this play-text version of Pratchett's bestselling Discworld novel *Lords and Ladies* wittily and faithfully reimagines the story for the stage.

Feet of Clay Terry Pratchett, 2015-02-10 Someone is killing Lord Vetinari. Patrician of Ankh-Morpork. No one knows who. No one knows why. And worst of all, no one knows how he just gets weaker and weaker. But it's not just Vetinari across the city. People are being murdered but there's no trace of anything alive having been at the crime scene. Commander Vimes Head

of the City Watch is a man who hates clues He and his team must question everyone the butcher the baker the candlestick maker In a city teeming with vampires werewolves dwarfs with attitude and golems Vimes must solve the crimes and save the Patrician As all children know the way you get into a fantasy world is by accident You go into the wardrobe looking for somewhere to hide and bingo And thats how Stephen Briggs found Discworld In 1990 he wrote to ask Terry if he could stage Wyrds Sisters That was the first time anyone anywhere in the world had dramatised Terrys work He had no idea it would go any further than one play possibly two But it did So far he has now adapted staged and published twenty two plays He and Terry also worked together to produce the original Discworld Maps and Diaries Nanny Ogg s Cookbook The Discworld Companion now called Turtle Recall The Wit Wisdom of Discworld
