YEARS OF COVENANT MARRIAGE: GOD WROTE OUR LOVE STORY , Our love story began when we started dating as teenagers in December 1960 We dated for nearly eight years before we got married as graduate students in August 1968 Fast forward fifty years and we now have a great story to tell about how God moved our relationship and marriage from good to great built to last a lifetime It has been a very long and difficult journey but the rewards of persistence and perseverance are heavenly This book is about our views on marriage based on our experience and those of numerous people around us over all these years from courtship to building a resilient and Christian based relationship raising a family parenting managing family career conflict issues building and managing family wealth resolving conflicts confronting and surmounting numerous challenges dealing with external interference and preparing for our last years Our message to the younger couples behind us is that God can write your love story if you would let Him *Marriage in Interesting Times* Robert D Cornwall,2016-05-04 This is a study guide on marriage Discussions include covenant vs contract concepts of biblical marriage loneliness and looking for a mate the realities of divorce and family in the larger community I titled the study guide *Marriage in Interesting Times* because we are living at a time when profound changes in the way marriage is understood Not that long ago it was assumed by many in American society that traditional marriage not only involved a man and a woman but the man was the head of the household and the woman was a homemaker The man earned the money and the woman cared for the children and kept the house in order Then came the idea that husband and wife were equal partners in the marriage In most cases both partners worked outside the home and they shared more equally the duties of the home Today the definition of marriage has evolved one more time to include same sex couples So when we talk about marriage in the twenty first century at least in the United States and a number of other nations around the globe we must remember that the legal definition if not the religious one includes both gay and straight couples Yes these are interesting times Dr Bob Cornwall All You Need Is Love & Other Lies About Marriage John W. Jacobs,2024-06-11 Why is it so difficult to remain married in the twenty first century and what can you do about it We all know that half of today's marriages end in divorce but we tend to believe that our own marriages are safe As psychiatrist John Jacobs explains in this fresh and impassioned book marriages today are incredibly fragile and unless a couple understands what is making contemporary marriage so vulnerable to dissolution the marriage is at risk Part of the problem is that people refuse to see how social and historical forces have changed the very meaning of marriage causing serious interpersonal unhappiness Because of increased longevity married people live together longer than at any time in history There's been an erosion of the social and cultural forces that traditionally kept marriages together Confusion over gender role responsibilities increased expectations of sexual satisfaction

and intense time pressures on couples to work and be successful all create marital stress And yet most people don't acknowledge the problems in their marriage until it is too late We tend to believe in the lies of marriage such concepts as soul mates unconditional love that children improve a relationship that the sexual revolution has made marital sex more pleasurable or that egalitarian marriage offers couples easy solutions and forget to engage in the constant hardwork required to keep our marriages alive Dr Jacobs believes that most marriages have significant problems at some time but until we recognize the new realities of marriage and develop the skills required to sustain a loving intimate relationship marriages are at risk Of course marriage is about love But that's just the beginning

Parenting Without Tears, **Grow Up** Eddie C. Poe Jr., 2018-01-31 The spirit of man is the candle of the Lord Light it up When you open a window something has to either exit from or enter into that room Whether it be the air we breathe coming in or the tantalizing scent from a freshly baked dessert that wafts out into the neighbourhood a transition takes place Books are the windows of the world They allow information to enter our minds or they allow our imagination to exit and travel to a different place a transition takes place Open one and you enter a place of discovery that you hadn't before thought about or you did think about but didn't take the leap Consider the following conversation I don't know why they said that why they did that why they think in that manner what possessed them I just don't understand I just can't figure people out What's the motivation What's motivating me If you're that person carrying on that conversation in your mind or sharing it with someone then open the book and turn the pages The answer to those questions always begin in the spiritual realm but in order to perceive that you must realize and understand that you are part spirit That spirit is housed in a remarkably created
