Meyer,2014-05-13 While light is required to make a photograph light alone is not enough More often it is the way the light  
has been modified and shaped that brings an image to life In this book Glenn Rand and Tim Meyer offer a comprehensive  
approach to the tools and techniques photographers can use to shape the light creating the style energy emotion and feeling  
that make a photograph exceptional Clear text is paired with ample before and after images and diagrams to make learning  
easy Beginning with the physics of light the authors show you how to predict light s interaction with the surface of the  
subject object you are photographing Based on this you can begin to make informed decisions about what kinds of modifiers  
will help you achieve the look you want Using softboxes umbrellas masks gels reflectors and more you ll learn to precisely  
control the light s diffused edge and ratio for precise flawless results     **Popular Photography** ,1984-07     **Popular**
