Foundation Trust today this is an opportunity to revisit its early history *Fifty Years of Counselling - My Presenting Past* Michael Jacobs, 2018-01-16 Michael Jacobs is a pioneer in the development of psychodynamic counselling While his writing is praised for its lucidity in explaining difficult concepts and as well illustrated with case examples from his own work he has rarely said much about his own history as a psychodynamic psychotherapist and counsellor In this personal account concerned mainly with both his professional life as a therapist writer and teacher and with the developments of counselling generally in Britain in which he has played a major part Jacobs presents his own past It is one that surprisingly for so experienced a therapist started with no formal training but which has gone on to be an influence on the training of hundreds of counsellors and therapists Jacobs traces the development of BACP and UKCP and his part in the formation of both organizations the development of training in counselling in Britain much of which with regard to psychodynamic counselling was pioneered by him and finally his writing and teaching career The book concludes with a critique of the present state of counselling and psychotherapy in Britain today *Fifty Years in Dyslexia Research* Timothy R. between health identity and personal history It traces the changing conception of the psyche in Britain over the last two centuries and it demonstrates how these changes were rooted in transformed patterns of medical care The shifts from private medicine through to National Insurance and the National Health Service fostered different kinds of relationship between doctor and patient and different understandings of psychological distress The Transformation of the Psyche in British Primary Care 1880 1970 examines these transformations and in so doing provides new critical insights into our modern sense of identity and changing notions of health that will be of great value to anyone interested in the modern history of British medicine
