No Man's Sky R. C. Cline, 2015-07-22 In the fall of 1942, the first year of the war was ending. For young men in Bloomville, Ohio Township High School's senior class, school was the last opportunity to be free before graduation, adult responsibility, and manhood. For them and many other young men across the nation, war was about to become a reality, including J. Emerson Krieger. Life was about to turn in a new, dramatic and uncharted direction. *No Man's Sky* by author R. C. Cline narrates the story of Krieger, a combat flier in World War II. An aerial gunner, he protected his crew and plane with a Browning M2 machine gun while flying twenty-nine perilous missions over the embattled skies of Germany. Through diaries, letters, photos, and personal records, this memoir chronicles Krieger's service as a waist gunner, the youngest man in his crew. Offering insight into the challenges of war and combat during World War II, *No Man's Sky* shares the story of Staff Sergeant Krieger and what life was like six miles in the sky in a B-17 bomber. It pays tribute to all of the men and women who have served our country.

The Door in the Sky Cassandra Morphy, 2021-04-01 Maya San Lucas had been lost in her dreamworld for the better part of five years. Desparia was just a fantasy world for her to explore during stretches of boredom at school and at home. Going to that world let her have adventures, exploring secret locations and searching through towns and cities for loot to come away with. The life of a thief was so much more exciting than high school, especially with no friends to speak of. But then the three women she met outside the tavern arrived in front of that high school. The dreamworld that she had thought was only in her head suddenly proved to be completely real. More than that, they recognized her, knew her, and remembered her being there with them as they traveled through the fortress of the emperor. The only question that was fresh on their mind was how Maya had made it to that strange world ahead of them. What they should have been wondering was how they were going to get home. More than that, what would they do when their enemies came to Earth hunting for them? Tina and Serena Montegra came into the service of The Great Tree at a young age. Growing up under the tutelage of their father, they took to her teachings well and easily. But as the emperor's troopers came to their doorstep, they left nothing but devastation in their wake. Only by the blessings of their goddess and the training they had gotten before it were they able to
