Colonial Botany Londa Schiebinger,Claudia Swan,2016-03-01 In the early modern world botany was big science and big business critical to Europe s national and trade ambitions Tracing the dynamic relationships among plants peoples states and economies over the course of three centuries this collection of essays offers a lively challenge to a historiography that has emphasized the rise of modern botany as a story of taxonomies and pure systems of classification Charting a new map of botany along colonial coordinates reaching from Europe to the New World India Asia and other points on the globe Colonial Botany explores how the study naming cultivation and marketing of rare and beautiful plants resulted from and shaped European voyages conquests global trade and scientific exploration From the earliest voyages of discovery naturalists sought profitable plants for king and country personal and corporate gain Costly spices and valuable medicinal plants such as nutmeg tobacco sugar Peruvian bark peppers cloves cinnamon and tea ranked prominently among the motivations for European voyages of discovery At the same time colonial profits depended largely on natural historical exploration and the precise identification and effective cultivation of profitable plants This volume breaks new ground by treating the development of the science of botany in its colonial context and situating the early modern exploration of the

plant world at the volatile nexus of science commerce and state politics Written by scholars as international as their subjects Colonial Botany uncovers an emerging cultural history of plants and botanical practices in Europe and its possessions **A Democracy of Facts** Andrew J. Lewis, 2011-04-05 Chronicles the story of American naturalists who came of age and stumbled toward a profession in the years after the American Revolution from publisher description *Earth Sciences History*, 2006 The Way We Lived in North Carolina Joe A. Mobley, 2003 Presents a comprehensive social history of North Carolina by focusing on dozens of historic sites and the lives of ordinary people who lived and worked nearby First published in 1983 as a five volume series this illustrated state history is now revised and available in a single volume **Carolina Comments**, 2005 **Alabama Gold: A History of the South's Last Mother Lode** Peggy Jackson Walls, 2016-07-11 Gold rushes in Cleburne and Tallapoosa Counties attracted thousands of miners years before California's famous strike In 1936 production at the Hog Mountain mine caused Alabama to be recognized as the top producer in the Appalachian states In Hog Mountain's heyday a local German settler discovered the precious metal while digging a wine cellar In Log Pit unscrupulous speculators shot ore into rock crevices and salted nuggets on land to enhance its sale value A Cleburne County miner cleaned over eleven pounds of gold and was killed in a free fight all in one day Join author Peggy Jackson Walls as she traces a century of gold mining in Alabama The North Carolina Historical Review, 1989 **The Publishers' Trade List Annual**, 2000 **The Bibliography of Appalachia**, 2009-02-13 This bibliography of books articles monographs and dissertations features more than 4 700 entries divided into twenty four subject areas such as activism and protest Appalachian studies arts and crafts community culture and folklife education environment ethnicity race and identity health and medicine media and stereotypes recreation and tourism religion and women and gender Two indexes conclude the bibliography Provided by publisher *America, History and Life*, 2002 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide **Appalachian Outlook**, 1998 **CURRENT CONTENTS January 7, 2002 Volume 24 Number 1**, 2002 **Randolph County, 1779-1979**, 1980 **Race and the Wild West** Laura J. Arata, 2020-07-02 Winner of the Western Writers of America SPUR Award and the Western Association of Women Historians Gita Chaudhuri Prize Born a slave in eastern Tennessee Sarah Blair Bickford 1852 1931 made her way while still a teenager to Montana Territory where she settled in the mining boomtown of Virginia City *Race and the Wild West* is the first full length biography of this remarkable woman whose life story affords new insight into race and belonging in the American West around the turn of the twentieth century For many years Sarah Bickford's known biography fit into a single paragraph By examining her life in all its complexity Arata fills in what were long believed to be unrecoverable silent spaces in her story Before establishing herself as a successful business owner we learn she was twice married both times to white men Her first husband an Irish immigrant physically abused her until she divorced him in 1881 Their three children all died before the age of ten In 1883 she married Stephen Bickford and gave birth to four more

children Upon his death she inherited his shares of the Virginia City Water Company acquiring sole ownership in 1917 For the final decade of her life Bickford actively preserved and promoted a historic Virginia City building best known as the site of the brutal lynching in 1864 of five men Her conspicuous role in developing an early form of heritage tourism challenges long standing narratives that place white men at the center of the Wild West myth and its promotion Bickford s story offers a window into the dynamics of race in the rural West Although her experiences defy easy categorization what is clear is that her navigation of social norms and racial barriers did not hinge on exceptionalism or tokenism Instead she built a life that deserves to be understood on its own terms Through exhaustive research and nuanced analysis Laura J Arata advances our understanding of a woman whose life embodied the contradictory intersections of hope and disappointment that characterized life in the early twentieth century American West for brave pioneers of many races
