Larson, 2012-03-21 With the need for ever increasing sums of money to fuel the ongoing campaign for majority control both Republicans and Democrats have made large donations to the party and its candidates mandatory for members seeking advancement within party and congressional committee hierarchies Eric S Heberlig and Bruce A Larson analyze this development and discuss its implications for American government and democracy They address the consequences of selecting congressional leaders on the basis of their fundraising skills rather than their legislative capacity and the extent to which the battle for majority control leads Congress to prioritize short term electoral gains over long term governing and problem solving

**Congressional Elections** Paul S.

Herrnson,2015-11-17 In Congressional Elections Campaigning at Home and in Washington author Paul Herrnson combines top notch research with real world politics as he argues that successful candidates run two campaigns one for votes the other for resources Using campaign finance data original survey research and hundreds of interviews with candidates and political insiders Herrnson looks at how this dual strategy affects who wins and how it ultimately shapes the entire electoral system The Seventh Edition considers the impact of the Internet and social media on campaigning the growing influence of interest groups in the wake of the Supreme Court s Citizens United ruling and the influence of new voting methods on candidate party and voter mobilization tactics *Cozy Politics* Peter KobraK,2002 KobraK public administration and political science Western Michigan U distinguishes the traditional corruption of pork barreling from cozy politics which he says directly impacts the very nature of the political system and the relationship of citizens to their government By cozy politics he means the reliance of politicians on big money campaign contributions and the political favors the contributors receive in turn His solution is widespread citizen participation encouraged by a restructuring of political parties and a more modest reworking of the government Annotation copyrighted by Book News Inc Portland OR Congressional Quarterly Weekly Report ,1996
