Costa Rica Marlin Calvo Mora, Leidy Bonilla Vargas, Julio Sánchez Pérez, 1995 *Costa Rica* Marlin Calvo Mora, Museo Nacional de Costa Rica (San José, Costa Rica), 1995 **Jade in Ancient Costa Rica** Mark Miller Graham, 1998 Published in conjunction with its namesake Metropolitan Museum of Art exhibition September 16 1998 February 28 1999 this finely illustrated catalogue providing context to pre Columbian works of jade tempts one to see the originals from Costa Rica s Museo del Jade Marco Fidel Tristan Castro and elsewhere Annotation copyrighted by Book News Inc Portland OR *Costa Rica* Marlin Calvo Mora, L.. Bonilla Vargas, J.. Sanchez Perez, 1997 **Gold and Power in Ancient Costa Rica, Panama, and Colombia** Jeffrey Quilter, John W. Hoopes, 2003 The lands between Mesoamerica and the Central Andes are famed for the rich diversity of ancient cultures that inhabited them Throughout this vast region from about AD 700 until the sixteenth century Spanish invasion a rich and varied tradition of goldworking was practiced The amount of gold produced and worn by native inhabitants was so great that Columbus dubbed the last New World shores he sailed as Costa Rica the Rich Coast Despite the long recognized importance of the region in its contribution to Pre Columbian culture very few books are readily available especially in English on these lands of gold *Gold and Power in Ancient Costa Rica Panama and Colombia* now fills that gap with eleven articles by leading scholars in the field Issues of culture change the nature of chiefdom societies long distance trade and transport ideologies of value and the technologies of goldworking are covered in these essays as are the role of metals as expressions and materializations of spiritual political and economic power These topics are accompanied by new information on the role of stone statuary and lapidary work craft and trade specialization and many more topics including a reevaluation of the concept of the Intermediate Area Collectively the volume provides a new perspective on the prehistory of these lands and includes articles by Latin American scholars whose writings have rarely been published in English **The Jaguar Within** Rebecca R. Stone, 2012-09-21 An important new way of viewing the prehistoric art of the Americas *The Jaguar Within* demonstrates that understanding a work of art s connection with shamanic trance can lead to an appreciation of it as an extremely creative solution to the inherent challenge of giving material form to nonmaterial realities and states of being Shamanism the practice of entering a trance state to experience visions of a reality beyond the ordinary and to gain esoteric knowledge has been an important part of life for indigenous societies throughout the Americas from prehistoric times until the present Much has been written about shamanism in both scholarly and popular literature but few authors have linked it to another significant visual realm art In this pioneering study Rebecca R Stone considers how deep familiarity with and profound respect for the extra ordinary visionary experiences of shamanism profoundly affected the artistic output of indigenous cultures in Central and South America before the European invasions of the sixteenth century Using ethnographic accounts of shamanic trance experiences Stone defines a core set of trance vision characteristics including enhanced senses ego dissolution bodily distortions flying spinning and undulating sensations synaesthesia and

physical transformation from the human self into animal and other states of being Stone then traces these visionary characteristics in ancient artworks from Costa Rica and Peru She makes a convincing case that these works especially those of the Moche depict shamans in a trance state or else convey the perceptual experience of visions by creating deliberately chaotic and distorted conglomerations of partial inverted and incoherent images **Important Pre-Columbian and Native American Art** Heritage Auction Galleries (Dallas, Tex.),2006 *Aves de piedra, barro y oro en la Costa Rica precolombina* Patricia Fernández Esquivel,Julio Sánchez Pérez,2009 A scholarly and physically stunning presentation of the use of bird imagery in pre Columbian Costa Rican art with an equal balance of photos and text Includes indigenous culture contemporary links and comparative photos of artifacts and actual birds **The Art of Precolumbian Gold** Jan Mitchell,1985 **The Archaeology of Mesoamerican Animals** Kitty F. Emery,Christopher M. Gotz,2013-11-15
