Golden Codgers Biographical Speculations:

Golden Codgers Richard Ellmann, 1976 *Speculative Biography* Donna Lee Brien, Kiera Lindsey, 2021-09-30 While speculation has always been crucial to biography it has often been neglected denied or misunderstood This edited collection brings together a group of international biographers to discuss how and why each uses speculation in their work whether this is to conceptualise a project in its early stages work with scanty or deliberately deceptive sources or address issues associated with shy or stubborn subjects After defining the role of speculation in biography the volume offers a series of work in progress case studies that discuss the challenges biographers encounter and address in their work In addition to defining the speculative spectrum within the biographical endeavour the collection offers a lexicon of new terms to describe different types of biographical speculation and more deeply engage with the dynamic interplay between research subjectivity and that which Natalie Zemon Davis dubbed informed imagination By mapping the field of speculative biography the collection demonstrates that speculation is not only innate to biographical practice but also key to rendering the complex mystery of biographical subjects be they human animal or even metaphysical *Critical Companion to William Butler Yeats* David A. interest to students of sociology **Our Joyce** Joseph Kelly, 2010-06-25 James Joyce began his literary career as an Irishman writing to protest the deplorable conditions of his native country Today he is an icon in a field known as Joyce studies Our Joyce explores this amazing transformation of a literary reputation offering a frank look into how and for whose benefit literary reputations are constructed Joseph Kelly looks at five defining moments in Joyce's reputation Before 1914 when Joyce was most in control of his own reputation he considered himself an Irish writer speaking to the Dublin middle classes When T S Eliot and Ezra Pound began promoting Joyce in 1914 however they initiated a cult of genius that transformed Joyce into a prototype of the egoist a writer talking only to other writers This view served the purposes of Morris Ernst in the 1930s when he defended Ulysses against obscenity charges by arguing that geniuses were incapable of obscenity and that they wrote only for elite readers That view of Joyce solidified in Richard Ellmann's award winning 1950s biography which portrayed Joyce as a self centered genius who cared little for his readers and less for the world at war around him The biography in turn led to Joyce's canonization by the academy where a Joyce industry now flourishes within English departments
