**Practical Angel Magic of John Dee's Enochian Tables** John Dee, Stephen Skinner, David Rankine, 2004 Stephen Skinner has been interested in magic for as long as he can remember He wrote with Francis King the classic Techniques of High Magic in 1976 He followed that with Oracle of Geomancy and Terrestrial Astrology which has become the standard work on Western divinatory geomancy Books on Nostradamus and Millennium Prophecies followed in highly illustrated editions Stephen is also the author of eight books on feng shui including the first one written in English in the 20th century In the 1970s he was responsible for stimulating interest in John Dee and Enochian magic by publishing the first reprint of Casaubon's True and Faithful Relation of What Passed for Many Yeers between Dr John Dee and some Spirits and Dr Donald Laycock's key reference book on the angelic language The Complete Enochian Dictionary With David Rankine he discovered what happened to Dee's most important manuscript his personal book of angelic invocations which he kept in Latin and how it was preserved and developed in the 17th century into a full working Enochian system Only ten percent of this material reached the unpublished archives of the Hermetic Order of the Golden Dawn and even this was then suppressed by the chiefs of the Order so it did not appear in Israel Regardie's monumental work on the Order rituals and documents They have also traced the routes down which were passed the classic techniques of invocation and evocation from late mediaeval grimoires through Dee's magic via Ashmole and the aristocratic angel magicians of the 17th century and Frederick Hockley to the senior magicians of the Golden Dawn

**Enochian Vision Magick** Lon Milo DuQuette, 2019-09-01 The greatest guide ever written by our greatest living teacher of magick to the greatest occult system on Earth from the forward by Jason Louv author of John Dee and the Empire of Angels Having mastered the arts and sciences of his age Elizabethan magus Dr John Dee 1527-1608 resolved that worldly knowledge could no longer provide him the wisdom he desired and as did so many other learned men of the day he turned his attention to magick In 1582 he and his clairvoyant partner Edward Kelley made magical contact with a number of spiritual entities who identified themselves as angels the same that communicated with Enoch and the patriarchs of the Old Testament Over the

next 3 years they revealed to Dee and Kelley three distinct magical systems of vision magick The third and last of these incorporated a series of calls to be recited in an angelic language in order to raise the consciousness of the magician to a level where angelic contact is possible In Enochian Vision Magick Lon Milo DuQuette introduces the origins of Enochian magick and offers the expert and novice alike the opportunity not only to see the big picture of the full system but also the practical means by which he or she can become attuned in the same step by step manner that first prepared Dee and Kelley First published by Weiser in 2008 this new edition includes a new introduction and new back matter by the author as well as a new foreword by Jason Louv

**Practical Enochian Magick** Jason Augustus Newcomb, 2007-12-01 Enochian Magick is arguably the most intriguing and potent form of ceremonial magick available today Dr John Dee a prominent philosopher in the Elizabethan court literally received this system of magick from angels through the scrying mediumship of Edward Kelly This book offers a complete approach to conducting this magical system for the modern adept It contains instructions in the practical use of all three major parts of the Enochian system the Four Watchtowers the Thirty Aethyrs and the Heptarchia Mystica Rather than a mere rehash of Golden Dawn material this book offers an approach that honors both the innovations of the Golden Dawn and the essence of the original Dee materials in an un dogmatic and nonsectarian format that is extremely accessible Although this book is particularly designed for students of the New Hermetics any practicing occultist interested in the Enochian system will find this book incredibly useful

**Enochian Initiation** Frater W.I.T., 2006-06-15 Experience a new reality through wondrous visions of the Enochian angels Enochian magick a system of angelic evocation is one of the oldest forms of ceremonial magick in the Western world and perhaps the single most powerful magical system in all occultism It was developed by the Elizabethan magician Dr John Dee who with the assistance of his seer Edward Kelly channeled an angelic language and alphabet that is remarkably effective in opening up the mind to currents of intelligence far beyond the human norm Whether you are a beginner on your path of study or already an advanced magician there is something for you in Enochian Initiation

Author Frater W I T shares his own experiences and deeply personal visions expanding upon and broadening the path toward understanding forged by John Dee Aleister Crowley and other great magicians who have come before By bringing this practice into the modern era Frater W I T shows how human consciousness can be expanded and examined more closely than with simple meditation psychoanalysis or even mind altering drugs For those of you who might have hesitated to study Enochian magick because you do not share the same beliefs or convictions of the deeply religious Elizabethans rest assured that it is possible to achieve the same wondrous results within a neutral spiritual context Frater W I T has developed a nonreligious spirituality in his conjurations while still using Hebrew and Enochian divine names Through this book you too will learn how to develop new techniques and ideas to shape your own magical style and method An initiate of both the Masonic and Rosicrucian schools of mystery Frater W I T has spent more than twenty years studying western occult traditions The purpose of his life s work is to develop new methods of ceremonial magick and explore new vistas of psychic and spiritual potential

Gnosis and Hermeticism from Antiquity to Modern Times R. van den Broek, Wouter J.

Hanegraaff,1998-01-01 This volume introduces what has sometimes been called the third component of western culture It traces the historical development of those religious traditions which have rejected a world view based on the primacy of pure rationality or doctrinal faith emphasizing instead the importance of inner enlightenment or gnosis a revelatory experience which was typically believed to entail an encounter with one s true self as well as with the ground of being God The contributors to this book demonstrate this perspective as fundamental to a variety of interconnected traditions In Antiquity one finds the gnostics and hermetics in the Middle Ages several Christian sects The medieval Cathars can to a certain extent be considered part of the same tradition Starting with the Italian humanist Renaissance hermetic philosophy became of central importance to a new religious synthesis that can be referred to as Western Esotericism The development of this tradition is described from Renaissance hermeticists and practitioners of spiritual alchemy to the emergence of Rosicrucianism and Christian theosophy in the seventeenth century and from post enlightenment aspects of Romanticism and occultism to the present day New Age movement
