MARKET Amalendu Bhunia, **Congressional Record** United States. Congress, 1893 **Tarnished Gold** R. Serge Denisoff, 1986-01-01 The great depression in the popular recording industry that began in 1979 still continues There are signs however that the industry is adjusting to new technologies and may soon revive R Serge Denisoff documents the decline and possible revival of this comprehensive study of the recording business a sequel to his widely acclaimed *Solid Gold The Popular Record Industry* Denisoff offers a brief history of popular music and then in detail traces the life cycle of a record beginning with the artist in the studio and following the record until its purchase He explains the relationships between artist manager producer company distributor merchandiser and media They all play roles in the scenario of a hit record He also discusses the new technologies and how they may affect record sales especially round the clock rock and roll on cable television *Tarnished Gold* joins *Solid Gold* as a staple in the popular culture literature *Making a Business Woman* Anne Shannon Monroe, 1912 Eritrea's Gold Rush Charlotte Touati, 2025-10-02 Leading Horn of Africa expert Charlotte Touati exposes the role played by Canadian gold mining company Nevsun and other global actors in propping up the regime of Isayas Aferwerki one of Africa's most dangerous dictators In so doing Touati shows how global capital networkshelp perpetuate economic and political instability in the Horn of Africa which in turn is fostering violence and volatility throughout other parts of the world Using a narrative framework and a core cast of characters to help guide non specialist readers through her findings Touati explains the enormous significance of how Nevsun partnered with Aferwerki to open the Bisha gold mine and save his regime from bankruptcy As Touati relates when Eritrean refugees later claimed they were conscripted to work in the mines without pay and abused as part of their National Service Nevsun hired lobbyists to defend Eritrea's actions and cast the very notion of human rights as a Western Trojan horse Australian Chinese and Russian actors gradually became involved and philological analysis shows that the propaganda and disinformation campaigns of the infamous Russian Wagner Group ultimately stem from the rhetoric of Aferwerki and his lobbyists Ultimately this violently anti Western rhetoric was injected into a pan Africanist discourse to become an ideological and rhetorical toolbox It was used to prevent any intervention on behalf of Eritreans trapped in their own country or Tigrayans genocided in neighboring Ethiopia in the name of sovereignty and also to legitimize new conflicts throughout the Sahel and the rest of Africa's notorious Coup Belt It takes on even wider global dimensions when we consider the ongoing crisis around the Red Sea ports which Eritrea controls and the question of the influence of the Gulf States in the Horn of Africa
