science and religion has psychologically obscured an obvious and indisputable fact from us all If our ancestors could measure time accurately then all our science and technical achievements would have been inherited in a tree of knowledge that brought us to where we are today What if the Church in its desperate struggle to keep a profitable business alive and functioning has created such division over the ages that we do not understand the simple messages left by our ancestors on the real nature of time What if both church and crown in their pact to rule Europe obscured a scientific system inherited from Palaeolithic and Neolithic sea faring hunter gatherers that was used for thousands of years to keep time while measuring and travelling the planet and developing a philosophy that maintained a balance with Nature There is a golden thread of truth running through our history that millions cannot see but that if we did it may give us hope for our children in a world adrift without an anchor where time runs faster exploitation is rife and honesty is a bye word from a lost time imagined to be better where society cared about its people and families about their children living by rules that were easy to understand and no one old poor or disabled lived in isolation The Golden Thread of Time is designed to give hope where it does not exist providing answers where there have been none while motivating people to look beyond the mundane toward the light Do you care
