Turner, Alexandra Maryanski, 2015-12-03 Throughout history humans have been fascinated with incest Stories fables literature philosophers church officials and scientists have explored this mysterious topic The taboo is critical to human survival as incest threatens the species and patterns of human social organization Drawing upon the rich legacy of theory empirical data and speculation about the origins of the incest taboo this book develops a new explanation for not only the emergence of the taboo in hominid and human evolutionary history but also for the varying strength of the taboo for the incestuous dyads of the nuclear family the different rates of incest of these dyads and the dramatic differences the psychological pathology incest has on its younger victims Synthesizing findings from biology sociobiology neurology primatology clinical psychology anthropology and sociology the authors weave together a scenario of how natural selection initially generated mechanisms of sexual avoidance and then as the nuclear family emerged in hominid and human evolution how sociocultural selection led to the development of the incest taboo      *Sex, Society, and the Making of Pornography* Jeffrey Escoffier, 2021-02-12 Hardcore pornographic films combine fantasy and real sex to create a unique genre of entertainment Pornographic films are also historical documents that give us access to the sexual behavior and eroticism of different historical periods This book shows how the making of pornographic films is a social process that draws on the fantasies sexual scripts and sexual identities of performers writers directors and editors to produce sexually exciting videos and movies Yet hardcore pornographic films have also created a body of knowledge that constitutes in this digital age an

enormous archive of sexual fantasies that serve as both a form of sex education and self help guides Sex Society and the Making of Pornography focuses on sex and what can be learned about it from pornographic representations **The Secret of the Totem, by Andrew Lang** Andrew Lang,1905 *The Cambridge Companion to American Gay and Lesbian Literature* Scott Herring,2015-05-26 Writing anything definitive about the queer American novel will always be unsatisfying if not impossible Unsatisfying because the romances they contain are uncertain and quite often doomed heartbreak violence and persecution pepper nearly every page Impossible because the genre's terrain is as vast and uncertain as America itself the spaces the characters plots ideas and dynamics too varied The minute you say one thing you could say another And perhaps that might be the point As one character from Djuna Barnes's lesbian novel Nightwood puts it With an American anything can be done 1 We could say the same about the queer American novel If there is anything consistently connecting this genre it is that it features however obliquely the effects characters usually American but not always have as they seek reasons for why they have sexual feelings for those that are not obvious or traditional object choices Frequently these effects instruct characters in their pursuit of self knowledge and self understanding especially if others have pathologized their desires and America has and does pathologize its queers In her autobiographical graphic memoir Fun Home Alison Bechdel tells a story of a variety of discoveries that books explicitly queer or not can inspire During the same afternoon when she acknowledges that she is a lesbian she also finds herself asking a professor to let her take his course on James Joyce's Ulysses her father's favorite book As we move from the captions and the meticulous stylized drawings canonical books acquire an increasingly important role books become guides to how Bechdel will affect a convergence with her abstracted father The Secret of the Totem Andrew Lang,1905 *Live as Heroes* Derek Meyer,2019-04 Derek Meyer's third book remembers the incredible brave fighters and talented icons of dance during the AIDS crisis and looks back at each of the four decades since the first cases of the disease were reported in the early 1980s Medical dramas such as Grey's Anatomy have been top rated in recent years and this book won't let readers down who want to learn more about HIV and AIDS but Live as Heroes is mainly a book about the heroes who were not getting tired of trying to make a difference right in the face of darkness The book connects the power of the performing arts with the inspiring stories of those people who fought against discriminations and the missing support from the government and managed to build up organizations such as the GMHC or AIDS Healthcare Foundation It also tells a personal story which is both sweet and sad at the same time and encourages its readers to ask themselves if they prefer to hide as villains and cowards or Live as Heroes Loss Within Loss Edmund White,2001 A moving collaboration by some of America's most eloquent writers who supply wry raging sorrowful and buoyant accounts of artist friends and lovers struck down by AIDS Published in association with the Estate Project for Artists with AIDS the 23 essays stand as a powerful reminder and survey of the devastating impact of the AIDS epidemic on the arts community The book also contains biographies of the subjects and the authors as well as many bandw photographs Annotation copyrighted

**A Sea of Stories** John Dececco, PhD, Sonya L Jones, 2013-01-11 Take a look at how narrative has shaped gay and lesbian culture. *A Sea of Stories: The Shaping Power of Narrative in Gay and Lesbian Cultures* A Festschrift for John P De Cecco is an unforgettable collection of personal narratives that explores the historical, psychological and sociological contexts of homosexuality in locations ranging from Nazi Germany to Colorado. Some of the prominent authors in this collection include David Bergman, Louis Crew, Diana Hume George and Ruth Vanita. Scholars in gay and lesbian studies, political movements, cultural studies and narratology and anyone interested in gay history will want to explore these intriguing narratives on topics such as sex and sin in the South, selling gay literature before Stonewall, growing up gay in India and the story of an interracial male couple facing homophobic ignorance in a small town. *A Sea of Stories* also contains creative fiction and nonfiction, love stories, war stories, oral stories and bibliographies, and a beautiful post-Stonewall and post-modern narrative set on a South African seascape that tells the story of two professional men and the possibility of a kiss. For a complete list of contents, please visit our Web site at [www.haworthpressinc.com](http://www.haworthpressinc.com). This book offers you a variety of narratives that cover a wide range, including memoirs of gay Holocaust survivors and the emergence of the first lesbian and gay book club in its wake, homophobia in the workplace and the use of coming out stories to enhance workplace diversity, the establishment of a gay-straight alliance in a Salt Lake City high school that is heavily dominated by Mormons, gay literary heritage that examines the works of Langston Hughes as well as Martin Duberman, Paul Monette and Edmund White in relation to the lesbian 70s, creative nonfiction about a woman's love for another woman, her lifelong friend, Provincetown's remarkable community response to the AIDS epidemic. A collection of chapters written by the colleagues and former students of John P De Cecco, pioneering editor of the *Journal of Homosexuality*, *A Sea of Stories* takes its title from a phrase Dr De Cecco used in his keynote address to the History and Memory conference at Allegheny College in 1997. This conference sparked the idea for this collection of essays that examine the homosexual experience through historical, psychological and sociological viewpoints and homosexuality in literature. These courageous stories will assist readers to know themselves more deeply, to identify with others and to interpret gay and lesbian experiences in different narrative forms.

are necessarily commodified they also provide means of subversively negotiating aspects of life under capitalism
