How many times in your life have you felt truly confident Do you find self assuredness a fleeting feeling or a consistent state of mind These have been unusual times and difficult years and many of us have found our expertise tested and our confidence challenged As a senior vice president at one of the world s premiere auction houses and a commanding presence in every room it s easy to believe Lydia Fenet s confidence comes easily In reality she has experienced countless instances which threatened her ego and pride but rather than let defeat crush her she has learned to locate inner reserves of self determination and push back In Claim Your Confidence Fenet offers the idea of confidence as something everyone has inside you just need the know how to claim it Recounting both professional setbacks and personal challenges that required adaptation Fenet offers case studies insights and advice to help even those who doubt themselves become the most confident version of themselves From the Teflon shield trick to her SLAM method for conquering Imposter Syndrome readers will find the tools they need to build confidence they ve had within them all along The Most Powerful Woman in the Room is You equipped women with the skills to achieve success in their external professional lives but that climb to the top is never easy and often includes a mix of highs and lows along the way Without inner strength it can be difficult to pick yourself up and persevere during the tough times that all of face In Claim Your Confidence Lydia Fenet will inspire you to become more self assured take action make decisive choices and grow into a leader in your own life

A Disease Called Childhood Marilyn Wedge,2015-03-24 A surprising new look at the rise of ADHD in America arguing for a better paradigm for diagnosing and treating our children In 1987 only 3 percent of American children were diagnosed with attention deficit hyperactivity disorder also known as ADHD By 2000 that number jumped to 7 percent and in 2014 the number rose to an alarming 11 percent To combat the disorder two thirds of these children some as young as three years old are prescribed powerful stimulant drugs like Ritalin and Adderall to help them cope with symptoms Meanwhile ADHD rates have remained relatively low in other countries such as France Finland and the United Kingdom and Japan where the number of children diagnosed with and medicated for ADHD is a measly 1 percent or less Alarmed by this trend family therapist Marilyn Wedge set out to understand how ADHD became an American epidemic If ADHD were a true biological disorder of the brain why was the rate of diagnosis so much higher in America than it was abroad Was a child s inattention or hyperactivity indicative of a genetic defect or was it merely the expression of normal behavior or a reaction to stress Most important were there alternative treatments that could help children thrive without resorting to powerful prescription drugs In an effort to answer these questions Wedge published an article in Psychology Today entitled Why French Kids Don t Have ADHD in which she argued that different approaches to therapy parenting diet and education may explain why rates of ADHD are so much lower in other countries In A Disease Called Childhood Wedge

examines how myriad factors have come together resulting in a generation addicted to stimulant drugs and a medical system that encourages diagnosis instead of seeking other solutions Writing with empathy and dogged determination to help parents and children struggling with an ADHD diagnosis Wedge draws on her decades of experience as well as up to date research to offer a new perspective on ADHD Instead of focusing only on treating symptoms she looks at the various potential causes of hyperactivity and inattention in children and examines behavioral and environmental as opposed to strictly biological treatments that have been proven to help In the process Wedge offers parents teachers doctors and therapists a new paradigm for child mental health and a better happier and less medicated future for American children **InfoWorld**
