Hearing Haneke Elsie M. Walker, 2018

Michael Haneke's films subject us to extreme experiences of disturbance desperation grief and violence They are unsoftened by music punctuated by accosting noises shaped by painful silences and charged with aggressive dialogue The sound tracks are even more traumatic to hear than his stories are to see but they also offer us the transformative possibilities of reawakened sonic awareness Haneke's use of sound redefines cinema in ways that can help us re hear everything including our own voices and everything around us better Though Haneke's films make exceptional demands on us he is among the most celebrated of living auteurs he is two time receipt of the Palme D Or at Cannes Film Festival for The White Ribbon 2009 and Amour 2012 and Academy Award winner of Best Foreign Language Film for Amour along with numerous other awards The radical confrontationality of his cinema makes him an internationally controversial as well as revered subject Hearing Haneke is the first book length study of the sound tracks that define this living legacy This book explores the haunting subversive and political significance of all aural elements through Haneke's major feature films dialogue sound effects silences and music all of which are meticulously conducted by him Many critics read Haneke as coolly dispassionate about showing scenes of humanity under threat but Hearing Haneke argues that all facets of his sound tracks stress humane understanding and the importance of compassion This book provides exceptionally detailed analyses of all Haneke's most celebrated films including The Seventh Continent Funny Games Code Unknown The Piano Teacher Cach The White Ribbon and Amour The writing brings together film theory musicology history and cultural studies in ways that resonate broadly Hearing Haneke will matter to anyone who cares about the power of art to inspire progressive change

Thinking Reality and Time through Film José Manuel Martins, Christine Reeh, 2017-03-07

Over the last few decades film has increasingly become an issue of philosophical reflection from an ontological and epistemological perspective and the claim doing philosophy through film has raised extensive discussion about its meaning The mechanical reproduction of reality is one of

the most prominent philosophical questions raised by the emergence of film at the end of the nineteenth century inquiring into the ontological nature of both reality and film Yet the nature of this audio photographic and moving reproduction of reality constitutes an ontological puzzle which has widely been disregarded as a main line of enquiry with direct consequences for philosophy Regarding this background this volume brings together the best papers from the Lisbon Conference on Philosophy and Film Thinking Reality and Time through Film held in 2014 What they all have in common is the discussion of new aspects and approaches of how philosophy relates to film Whether by philosophizing through concrete examples of films or whether looking at film s ontological reliance on time and image or its intra active entanglement with reality or truth this book explores grasp film s nature philosophically and provides new insights for the film philosopher and the filmmaker as well as for the freshman fascinated by film for philosophical reasons
