Rose Army

Good Booze Recipe And Cookbook Pb 1988:

Food and Drink in American History Andrew F. Smith, 2013-10-28 This three volume encyclopedia on the history of American food and beverages serves as an ideal companion resource for social studies and American history courses covering topics ranging from early American Indian foods to mandatory nutrition information at fast food restaurants The expression you are what you eat certainly applies to Americans not just in terms of our physical health but also in the myriad ways that our taste preferences eating habits and food culture are intrinsically tied to our society and history This standout reference work comprises two volumes containing more than 600 alphabetically arranged historical entries on American foods and beverages as well as dozens of historical recipes for traditional American foods and a third volume of more than 120 primary source documents Never before has there been a reference work that coalesces this diverse range of information into a single set The entries in this set provide information that will transform any American history research project into an engaging learning experience Examples include explanations of how tuna fish became a staple food product for Americans how the canning industry emerged from the Civil War the difference between Americans and people of other countries in terms of what percentage of their income is spent on food and beverages and how taxation on beverages like tea rum and whisky set off important political rebellions in U S history

The Oxford Companion to American Food and Drink Andrew F. Smith,2007-05 Offering a panoramic view of the history and culture of food and drink in America with fascinating entries on everything from the smell of asparagus to the history of White Castle and the origin of Bloody Marys to jambalaya the Oxford Companion to American Food and Drink provides a concise authoritative and exuberant look at this modern American obsession Ideal for the food scholar and food enthusiast alike it is equally appetizing for anyone fascinated by Americana capturing our culture and history through what we love

most food Building on the highly praised and deliciously browseable two volume compendium the Oxford Encyclopedia of Food and Drink in America this new work serves up everything you could ever want to know about American consumables and their impact on popular culture and the culinary world Within its pages for example we learn that Lifesavers candy owes its success to the canny marketing idea of placing the original flavor mint next to cash registers at bars Patrons who bought them to mask the smell of alcohol on their breath before heading home soon found they were just as tasty sober and the company began producing other flavors Edited by Andrew Smith a writer and lecturer on culinary history the Companion serves up more than just trivia however including hundreds of entries on fast food celebrity chefs fish sandwiches regional and ethnic cuisine food science and historical food traditions It also dispels a few commonly held myths Veganism isn't simply the practice of a few hippies but is in fact wide spread among elite athletic circles Many of the top competitors in the Ironman and Ultramarathon events go even further avoiding all animal products by following a strictly vegan diet Anyone hungering to know what our nation has been cooking and eating for the last three centuries should own the Oxford Companion to American Food and Drink DT Nearly 1 000 articles on American food and drink from the curious to the commonplace DT Beautifully illustrated with hundreds of historical photographs and color images DT Includes informative lists of food websites museums organizations and festivals
