## **Good Enough Child:**

**Good Enough Parent** Bruno Bettelheim, 1988-03-12 In this book the preeminent child psychologist of our time gives us the results of his lifelong effort to determine what is most crucial in successful child rearing His purpose is not to give parents preset rules for raising their children but rather to show them how to develop their own insights so that they will understand their own and their children's behavior in different situations and how to cope with it Above all he warns parents must not indulge their impulse to try to create the child they would like to have but should instead help each child fully develop into the person he or she would like to be **Good Enough Parenting** Timothy A. Cavell, Lauren B.

Quetsch, 2022-09-27 Written for parents of children from toddlers to teens this book gives parents a science based plan to help their children grow up to be emotionally healthy adults To build healthy and lasting parent child relationships parents need practical strategies that meet their child's needs and address the circumstances that affect their families A parent's job unfolds and shifts over time Concerns about sleep become worries about tantrums anxieties about sharing become fears about grades and acting out in school These concerns are natural but many parents struggle to handle it all Some feel drained some lash out and some feel like the worst parents in the world This book shows parents how to use a six step program to build a stronger relationship with their child It teaches parents how to set parenting goals prioritize their own emotional health and create a structure for their family Having laid that three step foundation parents learn the importance of accepting their child for who they are containing their behavior and acting as a leader Prioritizing these six areas and making a plan for them will allow readers to parent proactively rather than reactively and focus on what matters most No one can be a perfect parent but you can be a good enough parent one who shepherds their child toward a healthy productive adulthood **The Good Enough Child** Brad E.
