missionary disrupts the community's fragile balance through his efforts to educate its children. His presence attracts the attention of authorities on the mainland who, under the influence of the eugenics thinking popular among progressives of the day, decide to forcibly evacuate the island, institutionalize its residents, and develop the island as a vacation destination. Beginning with a hurricane flood reminiscent of the story of Noah's Ark, the novel ends with yet another Ark. In prose of breathtaking beauty and power, Paul Harding brings to life an unforgettable cast of characters: Iris and Violet McDermott, sisters raising three orphaned Penobscot children; Theophilus and Candace Larks and their brood of vagabond children; the prophetic Zachary Hand to God; Proverbs, a Civil War veteran who lives in a hollow tree; and more. A spellbinding story of resistance and survival, *This Other Eden* is an enduring testament to the struggle to preserve human dignity in the face of intolerance and injustice.
