Gold Being The Marvelous History Of General John Augustus Sutter:

Gold Blaise Cendrars, 1982 In January 1848 John Augustus Sutter the first American millionaire was ruined by one blow of a pickaxe That blow revealed gold in one of the streams in Sutter s Californian estate triggering the Gold Rush that brought hordes of greedy miners from every corner of the world to Sutter s vast domain This is the story of this bankrupt Swiss paper maker who abandoned his family and made his way to America to seek his fortune From New York he pushed westward eventually acquiring a huge tract of land of which he was virtually an independent ruler and which was on the point of making him the richest man in the world when the Gold Rush brought disaster For the last 30 years of his life Sutter tried vainly to get compensation from the U S government He died in 1880 a broken old man This is a work of breathless pace fantastic humor and soaring invention an extraordinary story extraordinarily told *Gold* Blaise Cendrars, 1984 When gold is discovered on John Augustus Sutter s land his property is overrun and he loses his wealth and land *The Life and Times of Gen. John A. Sutter* , 1913 This appears to be a booklet put together in order to generate public interest in Frances Fairchild s proposed revision of Thomas J Schoonover s *The life and times of Gen John A Sutter* Some pages are reprints from the 1907 edition of Schoonover s work Pages 23 29 contain testimonials about Frances Fairchild by noted Californians A finished book does not seem to have been published

Worlds Apart Benjamin Paloff, 2025-04-29 A number of European authors who survived concentration camps ghettos and besieged cities in the middle of the twentieth century chose not to write straightforward memoirs or testimonials but instead to fictionalize their experiences By manipulating narrative time and point of view and altering biographical facts these writers produced literary texts that challenge common notions of what constitutes an appropriate representation of collective trauma How might such works provide a deeper understanding of historical truth than the facts alone What does the literature of the camps reveal about present day spaces of confinement *Worlds Apart* explores the ethics of representation by reading the works of writers who use the techniques of literary fiction to depict survival in these precarious spaces Benjamin Paloff traces the complex relationship between fact and truth in these texts disentangling writers individual experiences from fictional elements that universalize that experience and in so doing show the camp to be an institution of the present Touring the unusual genre conventions of these works he weighs crucial questions about what constitutes truth in historical representation literature and the popular imagination Reading across Czech French German Polish Russian and Yiddish including lesser known and untranslated works Paloff considers portrayals of the Shoah the Gulag the Warsaw Ghetto Uprising and the blockade of Leningrad Bold nuanced and rich in comparative insight *Worlds Apart* argues forcefully for the moral urgency of recognizing that the camp is not simply a historical artifact but a basic institution of contemporary society

Coming Out Swiss Anne Herrmann, 2014-04-15 Anne Herrmann a dual citizen born in New York to Swiss parents offers in *Coming Out Swiss* a witty profound and ultimately universal exploration of identity and community Swissness even on its native soil a loose confederacy divided by multiple languages nationalities

religion and alpen geography becomes in the diaspora both nowhere except in the minds of immigrants and their children and everywhere reflected in pervasive clichés In a work that is part memoir part history and travelogue Herrmann explores all our Swiss clichés chocolate secret bank accounts Heidi Nazi gold neutrality mountains Swiss Family Robinson and also scrutinizes topics that may surprise the invention of the Alps the English Colony in Davos Switzerland's role during World War II women students at the University of Zurich in the 1870s She ponders as well marks of Swissness that have lost their identity in the diaspora Sutter Home Helvetica Dadaism and the enduring Swiss American community of New Glarus Wisconsin Coming Out Swiss will appeal not just to the Swiss diaspora but also to those drawn to multi genre writing that blurs boundaries between the personal and the historical

An Imaginary Cinema Dustin Condren, 2024-12-15 An Imaginary Cinema is the first systematic study of Sergei Eisenstein's unrealized films as well as a deeply informed historical and theoretical inquiry into the role and meaning of the unmade in his oeuvre Eisenstein directed some of the twentieth century's most important films from the early classic of montage Battleship Potemkin to his late masterpiece Ivan the Terrible Alongside these however the Soviet filmmaker also toiled over a compelling array of unrealized projects from ideas that never grew beyond complex passionate notebook scrawls and sketches to productions that were mounted and shot to some degree of completion without ever being finished Working from the archival remnants of several of the director's most fascinating unrealized projects from his bold vision to film Marx's Das Kapital to his time in Hollywood struggling to adapt Dreiser's An American Tragedy Dustin Condren's book reveals new aspects of Eisenstein's genius showing the filmmaker in a constant state of process open to working toward impossible and sometimes utopian ends and committed to the pursuit of creative and theoretical discovery Condren's analysis of these unrealized projects in An Imaginary Cinema reveals Eisenstein at crucial moments of his personal and artistic biography and it also tells the wider story of a canonical artist negotiating the political labyrinths of Stalinist Russia the economic pitfalls of Hollywood and the technological shifts of early cinema

San Francisco - A History of the Pacific Coast Metropolis, Vol. 1 John Philip Young, 2017 Although the period of active life of San Francisco has been a short one as historical periods go it has been crowded with incident Enough of the latter could be found to present a vivid picture of the career of the metropolis of the Pacific coast but in this work something more has been attempted than a mere recital of occurrences It has been the purpose of the author to trace the causes of the growth of the City and to describe the manifold activities of its citizens This is volume one out of two of one of the most thrilling and detailed histories of San Francisco
