Gold Juno Sword:

Gold Juno Sword: Martin Bowman, 2013-09-19 This is the final volume of a comprehensive five part work including a multitude of personal accounts of every aspect of the aerial operations on Gold Juno and Sword beaches during D Day It relays the sense of relief experienced as Allied troops gained a foothold on the continent of Europe after D Day both by the men caught up in the proceedings and the jubilant civilians on the home front By the end of June 875 000 men had landed in Normandy 16 divisions each for the American and British armies Although the Allies were well established on the coast and possessed all the Cotentin Peninsular the Americans had still not taken St Lo nor the British and Canadians the town of Caen originally a target for D Day German resistance particularly around Caen was ferocious but the end result would be similar to the Tunisian campaign More and more well trained German troops were thrown into the battle so that when the Allies did break out of Normandy the defenders lost heavily and lacked the men to stop the Allied forces from almost reaching the borders of Germany In continuing style Bowman pays respect to the men who fought in the skies above France on D Day This episode of Aviation history has never before been the focus of such detailed analysis the five volumes of this series act as a memorial to the individuals who played their own individual parts in the wider proceedings Far from being a mere operational record this is the story of the men behind the headlines the reality behind the iconic images of parachute drops and glider formations

wartime France and England THE DAWN is the story of a French aristocrat a U S Army colonel and the woman they love It is a tale of treachery and timeless heroism THE DAWN chronicles the unforgettable dramas of the dark years in France 1940 1944 The story unfolds like the forbidden Tricolore against the backdrop of war death love birth history and the illusion of peace The major characters are Camille Richarde Those two spheres of her life in Roussillon overt and covert public and secret legal and illegal created a balance within this Frenchwoman that greatly aided her in adjusting to life in Provence Camille quickly forgot the calibrated existence that she d left behind in Paris The exigencies of life in Roussillon filled her with more than lists in her mind of things to do They filled her days and nights with meaning this profound sense of fulfillment which had theretofore eluded her Camille began to see that a life filled with activity suggests purpose but busyness can conceal emptiness within Guillaume de Vallon He therefore took his first tentative steps away from the life of a French aristocrat He only vaguely perceived before him the passage which extended like a huge open hand of freedom He knew that he could say nothing of these ominous visions and misty reveries to anyone In time he would speak to Camille of the truths that moved him now with defiance duty and a degree of despondence For the present Guillaume understood that this Frenchwoman and child formed the unspoken nucleus of his new life Shelter them he would or he would fail miserably at all that he sought to achieve with his new life this embryo of self just hours old Arthur Carmichael His essence bespoke a dignity a grace a formal masculinity that was as magnetic as it was magnetizing Artur marched with his boots as if the path before him was preordained The certitude and calm assurance of his movements soothed this woman even as they seduced her She had never walked beside anyone and especially a man who evinced this much purpose and decisiveness but whose resolve was wrapped in velvet He was a man of strong will determination and dominance He could also be gentle To Camille his kindness and patience signified that his passions ran deep She also sensed that his will was even stronger since it was capable of bending or if need be being bent
