Presleyana VI - the Elvis Presley Record, CD, and Memorabilia Price Guide Jerry Osborne,2007-07 *Computational Drama Analysis* Melanie Andresen,Nils Reiter,2024-07-01 Dramatic texts come with a natural structure of acts scenes and speech clearly assigned to characters that lends itself to computational analysis These explicit structures allow for

straightforward formalizations without extensive preparatory work Work on drama has therefore always been at the forefront of research in computational literary studies with its pioneers analyzing drama quantitatively long before the digital age Today increasingly large digital text corpora are available and computational literary studies aims at a higher scaled view on literary history promising to analyze thousands of literary texts simultaneously After decades of exploring the possibilities offered by computational methods the field is now undergoing a phase of consolidation that takes stock of achievements and opportunities and critically reflects the computational methods and interpretations derived from data Building on insights from the fields tradition and current research approaches this volume provides an overview of the status quo of

computational drama analysis and explores possible routes for the future **Lives in Play** Ryan Claycomb, 2012-08-08 **Lives in Play** explores the centrality of life narratives to women s drama and performance from the 1970s to the present moment In the early days of second wave feminism the slogan was The personal is the political These autobiographical and biographical true stories have the political impact of the real and have also helped a range of feminists tease out the more complicated aspects of gender sex and sexuality in a Western culture that now imagines itself to be postfeminist The book covers a broad range of texts and performances from performance artists like Karen Finley Holly Hughes and Bobby Baker to playwrights like Suzan Lori Parks Maria Irene Fornes and Sarah Kane The book examines biography and autobiography together to link their narrative tactics and theatrical approaches and show the persistent and important uses of life writing strategies for theater artists committed to advancing women s rights and remaking women s representations **Lives in Play** argues that these writers and artists have not only responded to the vibrant conversations in feminist theory but also have anticipated and advanced these ideas theorizing gender onstage for specific ends Ryan Claycomb demonstrates how these performances work through tensions between performative identity and the essentialized body between the truth value of life stories and the constructed nature of gender and narrative alike and between writing and performing as modes of feminist representation The book will appeal to scholars in performance studies women s studies and literature including those in the growing field of auto biography studies **The Drama Therapy Decision Tree, 2nd Edition** Paige Dickinson, Sally

Bailey, 2024-03-12 This substantially revised and expanded edition of the **The Drama Therapy Decision Tree** provides an integrated model for therapeutic decision making by uniting drama therapy interventions with diagnostic information individual and group processes psychological distance the drama therapy pie and global outcomes This book is a practical guide in four sections not a checklist Rather than using a standardized protocol that makes the decisions for the therapist drama therapy is based on dynamic embodied creative action with participants in the here and now Conscious planning on the part of the drama therapist before the session supports spontaneity and creativity preparing them to make good therapeutic decisions in the moment during the session The opening section guides readers through the foundational principles leading readers into Section Two **The Decision Tree** which is a series of questions for early career drama therapists

to ask themselves as they prepare treatment plans for clients Diversity Equity and Ethics are covered in Section Three from the point of view of creative arts therapy practitioners Section Four looks at Integrating the Five Phases of Treatment with the Drama Therapy Pie following different populations diagnosis of clients through the five phases of group therapy in order to illustrate how the Decision Tree supports intervention choice in the different phases of treatment The authors strive to provide a common language for communicating what drama therapists do and how they do it in order to demystify drama therapy for other mental health and medical professionals Using the decision tree as a guide early career drama therapists can move forward confidently and ground their work with participants in an integrated system An online searchable database of drama therapy interventions provides descriptions therapeutic outcomes addressed and other useful information provides a wealth of additional supporting material There is also a separate online resource of deroling activities The online resources can also be an asset for non drama therapists who are wanting to incorporate a more active and embodied component safely into their work particularly in terms of warm ups closure and deroling

#### **Engaging the Past** Eric H. Monkkonen, 1994

Vigorous historical exploration has increased across the social sciences in the past two decades Originally published as a series of articles in the journal Social Science History the essays in this volume provide a guide to historical social science by surveying the use of historical data and methodologies in anthropology sociology political science economics and geography Each essay in Engaging the Past pays close attention to the unique problems and methods associated with its particular social scientific discipline By exploring questions raised by both contemporary and more established works within each field the authors show that some of the best and most innovative research in each of the social sciences includes a strong historical component Thus as Eric H Monkkonen s introduction shows these essays taken together make it clear that historical research provides a significant key to many of the major issues in the social sciences Intended for the growing community of both social scientists and historians interested in reading or researching historically informed social science Engaging the Past suggests future directions that might be taken by this work Above all by providing a set of user s guides written by respected social scientists it encourages future boundary crossings between history and each of the social sciences Contributors Andrew Abbott Richard Dennis Susan Kellog Eric H Monkkonen David Brian Robertson Hugh Rockoff
