Gold The Saga Of The Empire Mine 18501956:

Going for Gold Jack H. Morris, 2010-05-10 Details how Newmont Mining revolutionized the gold mining industry and remains the second largest gold miner in the world Jack H Morris asserts that Newmont is the link between early gold mining and today's technology driven industry We learn how the company's founder and several early leaders grew up in gold camps and how in 1917 the company helped finance South Africa's largest gold company and later owned famous gold mines in California and Colorado In the 1960s the company developed the process to capture invisible gold from small distributions of the metal in large quantities of rock thereby opening up the rich gold field at Carlin Nevada Modern gold mining has all the excitement and historic significance of the metal's colorful past Instead of panning for ready nuggets today's corporate miners must face heavy odds by extracting value from ores containing as little as one hundredth of an ounce per ton In often remote locations where the capital cost of a new mine can top 2 billion 250 ton trucks crawl from half mile deep pits and ascend beetle like loaded with ore for extraction of the minute quantities of gold locked inside Morris had unique access to company records and the cooperation of more than 80 executives and employees of the firm but the company exercised no control over content The author tells a story of discovery and scientific breakthrough strong willed flamboyant leaders like founder Boyce Thompson corporate raiders such as T Boone Pickens and Jimmy Goldsmith shakedowns by the Indonesian government and monumental battles with the French over the richest mine in Peru and learning to operate in the present environmental regulatory climate This is a fascinating story of the metal that has ignited passions for centuries and now sells for over 1 000 an ounce

The Gold Rush Letters of E. Allen Grosh and Hosea B. Grosh Ronald M. James, Robert E. Stewart, 2012-09-04 When brothers Ethan and Hosea Grosh left Pennsylvania in 1849 they joined throngs of men from all over the world intent on finding a fortune in the California Gold Rush Their search for wealth took them from San Francisco into the gold country and then over the Sierra into Nevada's Gold Canyon where they placer mined for gold and discovered a deposit of silver The letters they sent back to their family offer vivid commentaries on the turbulent western frontier the diverse society of the Gold Rush camps and the heartbreaking labor and frustration of mining Their lively descriptions of Gold Canyon provide one of the earliest accounts of life in what would soon become the fabulously wealthy Comstock Mining District The Groshes letters are rich in color and important historical details Generously annotated and with an introduction that provides a context for the brothers career and the setting in which they tried to make their fortune these documents powerfully depict the often harsh realities of Gold Rush life and society
