Gold To Remember:

Apples of Gold Thomas Brooks, 2023-02-12 Reprint of the original The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost

The Gold and the Dross David I. Backer, 2019-02-11 In the last decade there has been an international resurgence of interest in the philosophy of Louis Althusser New essays journalism collections secondary literature and even manuscripts by Althusser himself are emerging speaking in fresh ways to audiences of theorists and activists Althusser is especially important in educational thought as he famously claimed that school is the most impactful ideological state apparatus in modern society This insight inspired a generation of educational researchers but Althusser's philosophy unique in a number of ways one of which was its emphasis on education largely lost popularity Despite this resurgence of interest and while Althusser's philosophy is important for educators and activists to know about it remains difficult to understand

The Gold and the Dross Althusser for Educators with succinct prose and a creative organization introduces readers to Althusser's thinking Intended for those who have never encountered Althusser's theory before and even those who are new to philosophy and critical theory in general the book elaborates the basic tenets of Althusser's philosophy using examples and personal stories juxtaposed with selected passages of Althusser's writing Starting with a beginner's guide to interpellation and Althusser's concept of ideology the book continues by elaborating the epistemology and ontology Althusser produced and concludes with his concepts of society and science

The Gold and the Dross makes Althusser's philosophy more available to contemporary audiences of educators and activists
