was a companion volume to Mr Seymour Smith's English Library. Both books are published on behalf of the National Book League. In his introduction explaining the scope and purpose of the book, Mr Seymour Smith wrote: 'Some will find it useful merely as a shopping list reminding them of books they know something about already and serving as a remembrancer. To others and particularly to younger readers it may introduce books which have so far escaped their notice. It is hoped too that for booksellers and librarians it will have a practical use as a desk book for answering enquiries, for serving as a check list for stock and for use as a reference book when memory fails.' *Colorado Family Outdoor Adventure* Heather Mundt, 2022-05-15

*Forbes* Bertie Charles Forbes, 1925. This business magazine covers domestic and international business topics. Special issues include Annual Report on American Industry, Forbes 500 Stock Bargains and Special Report on Multinationals.

*Time*, 1925. *Even More Journeys of a Lifetime* Len Coates, 2017-08-14. When I wrote my first book *Journeys of a Lifetime* in 2004, it reflected how dreams of mine of visiting unknown places in the UK, countries across the North Sea in Europe and seemingly far-off continents of America, Africa, Asia and Australia became a reality. That was mainly due to the advent of air travel package holidays and the massive growth of international travel in the second half of the twentieth century. Nine years on from that book, in my second book, our traveling had continued and in that time, having seen the arrival of four grandchildren, naturally they have joined in some of the journeys. At that time, our fourth grandchild just made the book with her name and date and place of birth. Naturally, there was a need for another book so that she, as well as her brother and cousins, will all be able to read as they get older about their grandparents' travels and in particular some of which included them. Although places visited in the three years since the last book include some return trips to old favorites, this book reflects only the new places visited. In particular, India, the Middle East, the Far East, Eastern Europe and nearer home, the beautiful Northeast England, it reflects the visits of the grandchildren featured more this time. As we now have two grandchildren living in the Costa del Sol, as well as the Aussie part of the family, Spain and Australia are now regular destinations. Although the UK is much smaller in area than those two countries, it is packed with wonderful places to visit so

trips at home are still often very much included in our travels Added to that cruising has taken off in the last decade a bit like package deals to Europe did in the 1960s and has provided a very enjoyable new dimension to the journeys made Cruises are featured several times in this book More Journeys of a Lifetime and now Even More Journeys of a Lifetime reflect the further growth in long haul travel and the massive increase in cruising Hope you enjoy my further travels around this small world of ours going on from those early dreams of mine and continuing to do so

*The Gold Crusades* Douglas Fetherling, George Fetherling, 1997-01-01 Among the hordes of starry eyed argonauts who flocked to the California gold rush of 1849 was an Australian named Edward Hargraves He left America empty handed only to find gold in his own backyard The result was the great Australian rush of the 1850s which also attracted participants from around the world A South African named P J Marais was one of them Marais too returned home in defeat only to set in motion the diamond and gold rushes that transformed southern Africa And so it went Most previous historians of the gold rushes have tended to view them as acts of spontaneous nationalism Each country likes to see its own gold rush as the one that either shaped those that followed or epitomized all the rest In *The Gold Crusades A Social History of Gold Rushes 1849 1929* Douglas Fetherling takes a different approach Fetherling argues that the gold rushes in the United States Canada Australia New Zealand and South Africa shared the same causes and results the same characters and characteristics He posits that they were in fact a single discontinuous event an expression of the British imperial experience and nineteenth century liberalism He does so with dash and style and with a sharp eye for the telling anecdote the out of the way document and the bold connection between seemingly unrelated disciplines Originally published by Macmillan of Canada 1988
