THE GOLDEN NOTEBOOK DORIS LESSING,1962 **The Golden Notebook** Doris Lessing,2013-05-14 The Golden Notebook is Doris Lessing's most important work and has left its mark upon the ideas and feelings of a whole generation of women New York Times Book Review Anna is a writer author of one very successful novel who now keeps four notebooks In one with a black cover she reviews the African experience of her earlier years In a red one she records her political life her disillusionment with communism In a yellow one she writes a novel in which the heroine relives part of her own experience And in a blue one she keeps a personal diary Finally in love with an American writer and threatened with insanity Anna resolves to bring the threads of all four books together in a golden notebook Lessing's best known and most influential novel The Golden Notebook retains its extraordinary power and relevance decades after its initial publication *The Golden Notebook* Doris Lessing,1986 The Golden Notebook by Doris Lessing (Book Analysis) Bright Summaries,2019-04-08 Unlock the more straightforward side of The Golden Notebook with this concise and insightful summary and analysis This engaging summary presents an analysis of The Golden Notebook by Doris Lessing which tells the story of Anna Wulf who is struggling with writer's block following the publication of her debut and only novel dealing with her experiences living in Africa She attempts to organise her thoughts in a series of notebooks each of which represents a different part of her life before pulling together the various threads of her existence in the golden notebook of the title The Golden Notebook is among Doris Lessing's most acclaimed works and in 2005 was named by TIME magazine as one of the 100 best English language novels since 1923 Find out everything you need to know about The Golden Notebook in a fraction of the time This in depth and informative reading guide brings you A complete plot summary Character studies Key themes and symbols Questions for further reflection Why choose BrightSummaries.com Available in print and digital format our publications are designed to accompany you on your reading journey The clear and concise style makes for easy understanding providing the perfect opportunity to improve your literary knowledge in no time See the very best of literature in a whole new light with BrightSummaries.com The Golden Notebook Doris Lessing,1984 The experiences of two women provide the framework for this intense literary study of liberated womanhood **The Golden Notebook** Doris Lessing,1973 *Literature and the Writer*,2016-08-09 Literature and the Writer was first conceived with the hope the essays would shed light on several dimensions of the authorial craft It was the hope of the editor that the selected essays would examine not only writers choice of vocabulary but also their deliberate selection of grammatical constructions and word order and their seamless weaving together of plots and imagery Moreover the analyses would also draw attention to how the writing process impacts the development of characters and the formulation of thematic strands in fiction Thus a wide variety of authors are deliberately selected to give the text depth writers of popular fiction as well as modern classics are included and contrasts are established between traditional writers and those who prefer to follow experimental trends Modernists are set against postmodernists

absurdist vs realists minority ethnicities vs majority cultures and dominant genders appear in contrast to subordinated ones Clearly the major tenet of the collection is that the writing profession provides an unending dilemma that deserves to be explored in more detail as readers try to determine how authorial voices confuse while simultaneously elucidating their audience how texts are constructed by authors and yet deconstructed by the very words they choose to include how silence functions as inaudible yet audible discourse and how authorial self concept shapes not only itself but is also echoed in the fictional characters writers who appear in the texts
