Historical Association's 2010 James P. Hanlan Award Winner of the Outdoor Writers Association of America 2011 Excellence in Craft Award Book Division First Place A compelling and well annotated tale of greed, slaughter and geopolitics. Los Angeles Times As Henry Hudson sailed up the broad river that would one day bear his name, he grew concerned that his Dutch patrons would be disappointed in his failure to find the fabled route to the Orient. What became immediately apparent, however, from the Indians clad in deer skins and good furs, was that Hudson had discovered something just as tantalizing. The news of Hudson's 1609 voyage to America ignited a fierce competition to lay claim to this uncharted continent teeming with untapped natural resources. The result was the creation of an American fur trade which fostered economic rivalries and fueled wars among the European powers and later between the United States and Great Britain as North America became a battleground for colonization and imperial aspirations. In *Fur, Fortune and Empire*, best-selling author Eric Jay Dolin chronicles the rise and fall of the fur trade of old when the rallying cry was get the furs while they last. Beavers, sea otters and buffalos were slaughtered, used for their precious pelts that were tailored into extravagant hats, coats and sleigh blankets. To read *Fur, Fortune and Empire* then is to understand how North America was explored, exploited and settled while its native Indians were alternately enriched and exploited by the trade. As Dolin demonstrates, fur, both an economic elixir and an agent of destruction, became inextricably linked to many key events in American history including the French and Indian War, the American Revolution and the War of 1812, as well as to the relentless pull of Manifest Destiny and the opening of the West. This work provides an international cast beyond the scope of any Hollywood epic, including Thomas Morton, the rabble rouser who infuriated the Pilgrims by trading guns with the Indians; British explorer Captain James Cook, whose discovery in the Pacific Northwest helped launch America's China trade; Thomas Jefferson, who dreamed of expanding the fur trade beyond the Mississippi; America's first multimillionaire John Jacob Astor, who built a fortune on a foundation of fur and intrepid mountain men such as Kit Carson and J. E. Smith, who sliced their way through an awe-inspiring and unforgiving landscape, leaving behind a mythic legacy still resonant today. Concluding with the virtual extinction of the buffalo in the late 1800s, *Fur, Fortune and Empire* is an epic history that brings to vivid life three hundred years of the American experience, conclusively demonstrating that the fur trade played a seminal role in creating the nation we are today.

The Shark and the Sardines Juan José Arévalo, 2017-06-28 *The Shark and the Sardines* is a scathing allegorical short story by Juan José Arévalo Bermejo, 1904-1990, who was the first of the reformist presidents of Guatemala, 1944-1951. As a country that had seen a series of dictatorships following its independence from Spain, Arévalo's 1944 election is considered by historians to be the first fair and democratic election in Guatemala's republican history. Arévalo's administration was marked by unprecedented, relatively free political life during his six-year term. An educator and philosopher, he understood the need for advancement in individuals, communities and nations by practical means. It appears to be a truism today that anything touching upon US Latin American policy is bound to end either in histrionics or hysteria, whether of the Left or Right. And former president of

Guatemala Juan Jose Arevalo s The Shark and the Sardines is no exception Free flowing full of rhetoric at once both surly and suave astream with shockers statistics and stilettos it promulgates what the blurbs dubb a poetically tragic fable depicting in iridescent black and white the tortured heart beating south of our border wherein Uncle Sam emerges as the Shark and the mestiza have nots the poor Sardines KIRKUS Review *A Poem Called Karma* J.T. Cross,2012-01-18 As David travels deeper into the Asian country of Myanmar he begins to forget what brought him there We join a man on a step by step journey for truth and clarity on how to move forward in a place that lives in the shadow of its past Obstacles placed in front of him breed danger from a militant government whose acts of insanity are him and his friends to fear for their lives
