

The Golden Web

The background of the slide is a dark brown color. It features a series of wavy, golden-yellow lines that flow from the top left towards the bottom right. These lines are composed of many small, overlapping segments, giving them a textured, almost liquid appearance. In the upper left corner, there are several bright, circular golden spots that look like light reflections or data points. Scattered throughout the background, particularly along the wavy lines, are small, faint binary digits (0s and 1s) in a golden color, suggesting a digital or network theme.

Golden Web:

The Golden Web Arthur Goring Thomas, Frederick Corder, Benjamin Charles Stephenson, 1893 *Louisiana Hayride* Tracey E. W. Laird, 2005 On a Saturday night in 1948 Hank Williams stepped onto the stage of the Louisiana Hayride and sang Lovesick Blues Up to that point Williams's yodeling style had been pigeon holed as hillbilly music cutting him off from the mainstream of popular music Taking a chance on this untried artist the Hayride a radio barn dance or country music variety show like the Grand Ole Opry not only launched Williams's career but went on to launch the careers of well known performers such as Jim Reeves Webb Pierce Kitty Wells Johnny Cash and Slim Whitman Broadcast from Shreveport Louisiana the local station KWKH's 50 000 watt signal reached listeners in over 28 states and lured them to packed performances of the Hayride's road show By tracing the dynamic history of the Hayride and its sponsoring station ethnomusicologist Tracey Laird reveals the critical role that this part of northwestern Louisiana played in the development of both country music and rock and roll Delving into the past of this Red River city she probes the vibrant historical cultural and social backdrop for its dynamic musical scene Sitting between the Old South and the West this one time frontier town provided an ideal setting for the cross fertilization of musical styles The scene was shaped by the region's easy mobility the presence of a legal red light district from 1903-17 and musical interchanges between blacks and whites who lived in close proximity and in nearly equal numbers The region nurtured such varied talents as Huddie Ledbetter the king of the twelve string guitar and Jimmie Davis the two term singing governor of Louisiana who penned You Are My Sunshine Against the backdrop of the colorful history of Shreveport the unique contribution of this radio barn dance is revealed Radio shaped musical tastes and the Hayride's frontier spirit producers took risks with artists whose reputations may have been shaky or whose styles did not neatly fit musical categories both Hank Williams and Elvis Presley were rejected by the Opry before they came to Shreveport The Hayride also served as a training ground for a generation of studio sidemen and producers who steered popular music for decades after the Hayride's final broadcast While only a few years separated the Hayride appearances of Hank Williams and Elvis Presley who made his national radio debut on the show in 1954 those years encompassed seismic shifts in the tastes perceptions and self consciousness of American youth Though the Hayride is often overshadowed by the Grand Ole Opry in country music scholarship Laird balances the record and reveals how this remarkable show both documented and contributed to a powerful transformation in American popular music

The Philosophy of Judging Isaac Kimbal Felch, Harmon Seeley Babcock, 1898

"Good Night, Chet" Lyle Johnston, 2003-03-24

If a judgment were ever rendered on all the multi-million words I have spoken into microphones, I hope something like this could be said. He, Huntley, had a great respect, almost an awe, of the medium in which he worked. He regarded it as a privilege, not a license. Perhaps the best I might hope is that by some accident of voice, tone, or arrangement of words, I did on a few occasions excite, exhort, annoy, or provoke a few of my fellow human beings to think with their heads, not the viscera.

Chet Huntley This biography of NBC newsman Chet Huntley, who along with David Brinkley anchored NBC's *Huntley Brinkley Report*, covers his youth on a farm in Montana, his education, and his graduation from the University of Washington; his development as a radio personality and news reporter for stations in Seattle, Spokane, Portland, and his work for CBS, ABC, and NBC radio and television in Los Angeles from 1939 to 1955. It also details his move to New York and his work on the *Huntley Brinkley Report* from 1956 to 1970, his retirement from the news business, his supervision of the development of the Big Sky Ski resort in Montana, and his death from cancer in 1974 at the age of 62.

Spider Silk Leslie Brunetta, Catherine L. Craig, 2010-06-08

Spiders, objects of eternal human fascination, are found in many places: on the ground, in the air, and even under water. Leslie Brunetta and Catherine Craig have teamed up to produce a substantive yet entertaining book for anyone who has ever wondered as a spider rappelled out of reach on a line of silk. How do they do that? The orb web, that iconic wheel-shaped web most of us associate with spiders, contains at least four different silk proteins, each performing a different function, and all meshing together to create a fly-catching machine that has amazed and inspired humans through the ages. Brunetta and Craig tell the intriguing story of how spiders evolved over 400 million years to add new silks and new uses for silk to their survival toolkit, and in the telling, take readers far beyond the orb. The authors describe the trials and triumphs of spiders as they use silk to negotiate an ever-changing environment, and they show how natural selection acts at the genetic level and as individuals.
