 California. Department of Education, 2002 **The Bermuda Triangle** Cary Trantham, 2011-09-28 The Atlantians started to  
 experience instability in the umbilical cord or worm hole that connected them to earth Human species and their vehicles  
 boats planes etc were slipping through these unstable portals into the Universe of Atlantis On Mother Earth the area where  
 these occurrences were happening was designated as the Bermuda Triangle The Atlantians watched in horror as the entire  
 Earth began to suffer from the effects of the exploration and removal of fossil fuels The Earth's crust had become very  
 unstable and underwater earthquakes were on the increase The Atlantians knew that unless the Earth humans realized and  
 did something about the damage to Gaia from the use and exploration of fossil fuels she would be damaged beyond recovery  
 and all would die They were very concerned as it was unsure if their parallel universe could survive without Gaia They were  
 also unsure if the umbilical cord that connected the two universes could be severed If Gaia exploded the Atlantian civilization  
 may also come to an end The Atlantians put their faith into a young girl from Earth She had slipped into their world through  
 an unstable portal but was defying science as she could move freely between the two worlds Matching Books to Readers
