Golf Beats Us All So We Love It:

Golf Beats Us All (and So We Love It) Joseph A. Amato, 1997 An extended reflection on the pleasures and wisdom of golf Golf Beats Us All will satisfy the philosopher lurking in every avid golfer and make the golfer smarter and wiser about himself and his game Author Joe Amato has long been fascinated by the myriad of pleasures offered by golf And like any player he remains intrigued by the fact that golfers find such pleasure in a game that causes so much pain wastes so much time and whose outcome is of utter insignificance He offers an intelligent and searching conversation that invites readers to think about their relation to a game that makes them angels and fools

Rethinking Home Joseph A. Amato, 2002-04-01 Joseph A Amato proposes a bold and innovative approach to writing local history in this imaginative wide ranging and deeply engaging exploration of the meaning of place and home Arguing that people of every place and time deserve a history Amato draws on his background as a European cultural historian and a prolific writer of local history to explore such topics as the history of cleanliness sound anger madness the clandestine and the environment in southwestern Minnesota While dedicated to the unique experiences of a place his lively work demonstrates that contemporary local history provides a vital link for understanding the relation between immediate experience and the metamorphosis of the world at large In an era of encompassing forces and global sensibilities *Rethinking Home* advocates the power of local history to revivify the individual the concrete and the particular This singular book offers fresh perspectives themes and approaches for energizing local history at a time when the very notion of place is in jeopardy Amato explains how local historians shape their work around objects we can touch and institutions we have directly experienced For them theory always gives way to facts His vivid portraits of individual people places situations and cases which include murders crop scams and taking custody of the law are joined to local illustrations of the use of environmental and ecological history This book also puts local history in the service of contemporary history with the examination of recent demographic social and cultural transformations Critical concluding chapters on politics and literature especially Sinclair Lewis s *Main Street* and Longfellow s *Hiawatha* show how metaphor and myth invent distort and hold captive local towns peoples and places

Dust Joseph A. Amato, Joseph Anthony Amato, 2001 A history of dust discussing dust s role as a condition of life and as a measure of the small until the beginning of the twentieth century

Resilience Jane Clarke, John Nicholson, 2010-01-18 This brand new book takes a positive and dynamic approach to surviving whatever life throws at you exploring the range of skills attitudes and abilities you need to survive and thrive in difficult times both personally and professionally While some people are more naturally resilient than others the book asserts that resilience is a quality that can be learnt and developed whatever your stage in life or personal situation Based on extensive new research and backed up with real life case studies and examples of people who display resilient behaviour including those who have turned adversity into advantage the book shows how you too can bounce back from bad times learning how to take back control know when to press ahead or cut your losses and see opportunity where
